JOHNSON SAW SPIRITS IN HIS CELL

Chicago, Jan. 18.—"Jack" Johnson, negro pugilist, limped into the office of Charles F. DeWoody of the Department of Justice this afternoon, much excited because he had been told that he occupied a death chamber in the county jail Tuesday night when he was brought back from Batt's Creek, Mich.

The negro swore to the federal officials that he heard a number of raps on the wall and that he saw spirits in the room.

"I'm all bunged up," Johnson told Mr. DeWoody. "They put me in a death chamber at the jail the other night. I knew something was wrong. I couldn't sleep to save my life. Things were rapping around the walls and I woke up with a terrible pain in my back. Look here—". He displayed a large plaster on his back.

"That's the first time I ever wore one of those things in my life."

"I understand that it was a nice, large cell," said Mr. DeWoody.

"Oh, yes," replied Johnson. "It was a nice big, comfortable room, all right, but just imagine yourself in a chamber where they sleep the night before they are ready to take them out and pull the string. That's terrible. I just know as sure as I'm living that there were spirits in that place. Gee, if I knewed that was the death cell—why, I wouldn't any more have slept in there than I would think of jumping off a 20-story building!"

"When I went back last night," added the fighter, "they showed me just how they take them out and lead them to the noose. They showed me how they grab 'em when they're shaking just before the time is set to take 'em away from this earth."

SEXTON IS RE-ENGAGED.
Cambridge, Mass., Jan. 19.—Dr. Frank H. Sexton, Harvard's baseball coach for the past three years, has been re-engaged for a similar term.

SIX DAY RACE IS FINISHED.
Paris, Jan. 18.—The six day bicycle race ended this evening with a victory for the American-Australian team, Joe Fiegler of Brooklyn and Goulette who covered approximately 2,780 miles in 144 hours. The French team, Dupuy and Leprieux, finished second, with the Americans, Wayt-ford and Wiley third. Moran and Root were placed seventh. Ten teams finished.

ATHLETIC EXHIBITION.
On Wednesday evening a number of Jack Powers' pupils will be seen in a number of events in the instructor's class rooms in the old Old Fellows Hall, Union street. Mr. Powers has had a large number of pupils during the month and the exhibition by their faithful attendance to the classes have become very clever. The coming exhibition should prove most interesting.

**Quebec won from
Tecuumses, score 42.**
Toronto, Jan. 19.—Saturday night's game at the Arena which Quebec won from Tecuumses, by 4 to 2, suited the fans better than any other national association game seen here this season. There was a perfect playing surface for the teams and the pace throughout the match was fast and exciting. The score at the end of the first period was one all, while the Indians were in front at the expiration of the second period two to one. Quebec ran away from Tecuumses in the last ten minutes of the final period, scoring three goals and blanking the Indians.

**Doctors Condemn
Oily Liniments**
Public Are Warned Against
Strong-Smelling Oily Liniments Containing Harmful Acids and Ammonia

Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best kind. Doctors say not so.

Recently a number of these white, oily liniments were analyzed, and they were found to contain an enormously high percentage of harmful acids, and such irritating chemicals as ammonia, etc. For the moment they may cause a warm sensation when first applied, but their continued use never cures rheumatism, and only deteriorates the skin, set up inflammation, and causes endless trouble.

When a doctor warns you to quit using a white, oily liniment—do so. He knows that a thick liniment cannot penetrate, can sink through the pores and reach the seat of the pain.

When asked his opinion a few days ago, an important physician stated that he considered a strong, penetrating, pain-subduing liniment, such as "Nerviline," to be superior to any of the white ammonia liniments. In his twenty-five years of practice he had witnessed cases of rheumatism, sciatica, and neuritis that were cured by "Nerviline," but he never saw a case that did not respond to ordinary treatment—but "Nerviline" cured them. The same physician also spoke of the great advantages of keeping a preparation like "Nerviline" in the house, because of cramps, diarrhoea, stomach disorders, sprains, toothache, headache, and such minor ailments. "Nerviline" is a first-class cure. There is scarcely an ache or pain, internal or external, that "Nerviline" won't cure. In thousands of homes no other pain-relieving medicine is used. Fifty years' continued success and the endorsement of the profession are proof that "Nerviline" is the liniment for the home.

J. S. BACHE & CO. ON MARKET SITUATION

J. S. Bache & Co. in their weekly stock letter dealing with the market situation has the following:
Astal bodies as they approach each other, become affected strangely and sometimes tumultuously. The business financial structure is approaching the political period of Democratic ascendancy. The disturbing influence of tariff and new policies is shown in the stock market and to a minor extent, because not so quickly sensitive, in the business world. The great Barocope (Steel and Iron) shows no heaviness. Steel makers are finding it impossible to catch up with orders and are booking new business actively. The copper condition is slowly righting itself. The foreign political situation has produced the present unsettlement, and political uncertainty here have inclined consumers to wait for lower prices. This has produced stagnation in orders and prices for the metal have yielded accordingly. But no large fall in the price of copper is in sight and serious or long continued decline in prices is not looked for. The visible copper in England, France and abroad shows a decrease of 1,380 tons in the past fortnight. A good genuine broad market on the metal is expected to develop soon.

The situation in money here continues satisfactory. Abroad the Bank of France, which stopped paying out gold some months ago under its right to do so, has again begun payments, which is taken to mean that hoarding of gold by the French people, as is the case, is being abandoned. The statement of the Bank of England shows further increase in gold and reserve, which has risen in the last two weeks from 30.58 per cent. to 49.12, showing that reserve money is rapidly flowing into banking centers. The Bank of France has lost gold and silver in small amount and whereas its gold reserve is at small figures for the middle of January, an outstanding net circulation large, it is evident from its resumption of gold payments that the Bank looks to cessation of the outflow. Six million of gold from New York for the Bank is now on the water and evident reliance is placed upon further exports from this side.

The stock market like the weather, began its spring decline in December, and this is still going on. Various bear considerations have aided in the movement and have been given more importance than they deserve, as is evident when prices are declining. There is little real liquidation and the selling is done mostly by large speculators. Whatever may be the immediate action of the market for lower prices, underlying conditions are as sound as ever.

CLOSING COTTON LETTER.
By Direct Private Wire to J. C. Mackintosh and Co. St. John, N. B.
New York, Jan. 18.—Liverpool made a disappointing response to the week-end figures and final strength of our market yesterday. This caused a fair setback at the opening by nervous bulls, whose confidence has been impaired by the market's continued lack of rallying power. There was no disposition to follow the decline, however, and the market relapsed into semi-holiday dullness with a rather heavy undertone. Sentiment was still overwhelmingly bearish on the average and any sign of weakening on the part of the spot holders would probably lead to more vigorous operations for the decline. On the contrary, if the movement should continue to fall off holders of spots would gather confidence and the bear account seems large enough to warrant caution in making fresh commitments on the short side.

**CANADIENS DEFEAT
OTTAWA, SCORE 6-0.**
Ottawa, Jan. 18.—George Kennedy's Canada gave the Ottawa the same beating that they ever sustained on their own ice in last night's national hockey association match at the arena. The Ottawa's surface was a little rougher than the Canadiens' but the conditions it was calculated would suit Ottawa, but the Canadiens outplayed them all around, and won 6-0. The Canadiens in first position with Quebec second and Ottawa Wanderers and Tecuumses in third, fourth and fifth positions.

**BASEBALL
SEATS FOR
A QUARTER**

Boston, Jan. 18.—"Baseball for a quarter," will be the order of things at the American league games to be held in Fenway Park this coming season, according to a statement made by Mayor Fitzgerald yesterday.

Not only will this be true, but the management of the Boston Americans has made arrangements to leave the grandstands erected for the world's series last fall standing in their present positions, and will charge only 50 cents for admission to these stands the Mayor said.

It was stated by the Mayor that some days ago, as the result of the trouble over seats during the world's series, he conferred with President McAteer and John I. Taylor of the Boston Americans and that these officials have since told him that they have made arrangements to reduce the cost of baseball in this city.

The Mayor, who expressed much gratification over the action of the officials of the world's champion team said that these officials stated to him that Fenway Park this year will contain more cheap seats than any other baseball park in the country.

**WAS WEAK
AND
RUN DOWN.
NOT ABLE TO DO HER WORK.**

Many women get run down, and are unable to do their household duties, owing to their nervous system becoming unstrung. Day in and day out they have to go through the same routine of work, sweeping, dusting, cooking, etc. No wonder their work gets on the nerves and they become run down.

When a woman gets into this state there is only one thing for her to do, and that is, to get something that will build up her system.

For this purpose there is not an equal to Milburn's Heart and Nerve Pills. Their restorative action is felt on every organ and tissue of the body, and in a short time the weakness will give place to strength and vitality, and make life worth living.

Mrs. Henry McIntosh, Oliver, N.S., writes:—"I would recommend Milburn's Heart and Nerve Pills to anyone who is weak and run down. I was not able to do my work, nor rest at night for four years. After taking seven boxes, I am entirely cured, and can recommend them to anyone suffering from heart or nerve trouble."

Milburn's Heart and Nerve Pills are 50 cents per box; 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
