

**Ladies Perfume Your Skin With Cuticura Talcum**

Antiseptic, prophylactic, deodorizing, fragrant and refreshing. Cuticura Talcum is an ideal face, skin, baby and dusting powder. Convenient and economical, takes the place of other perfumes for the person. A few grains sufficient. One of the indispensable Cuticura Toilet Trio for keeping the skin pure and sweet.

Cuticura Soap Co., Chicago, Ill., U.S.A. Sole Canadian Agents, Montreal, P. Q., 110, St. James St. W. Toronto, Ont., 100, St. Nicholas St. W.

**THE BOLSHEVIK ARE EVACUATING PETROGRAD**

London, Oct. 16.—(By The Associated Press)—General Yudenitch, commander of the Russian Northwestern Army, has captured Gatchina and is victoriously advancing towards Krasnoye Selo and Tsarskoye Selo, 18 and 15 miles from Petrograd.

Reports from Rowl and Helshingfors say that Yudenitch is meeting with feeble resistance, although Gatchina was strongly fortified. Reports from aviators show that the few barricades on the road to Petrograd and trenches and entanglements outside of the capital are not formidable. It is also announced that the Bolsheviki are evacuating Petrograd owing to a misty among the Red troops.

**OPPOSITION CONVENTION**

Attention is directed to the announcement appearing elsewhere in this paper touching the Opposition Convention to be held in St. John on November 6th. It will be noted from this that a change of very great importance in the make-up of that convention is made, and one which will prove of interest to electors in every part of the Province.

**COME, spruce up!** What you need is a tonic—something that will bring back the glorious feeling of robust health and buoyant spirits and put the roses again in your cheeks. It is Wingarnis you need.

Your system is like a plant drooping for want of water. And just as water revives a drooping plant, so Wingarnis gives new life and vitality to run down constitutions.

Wingarnis is more than a tonic—it is a restorative—a blood-builder—and a nerve-food all in one. The ingredients that compose Wingarnis are those of which our bodies are composed. They are food and nourishment which blood and nerves crave.

**WINGARNIS**

A combination of Ribwort of Root, Extract of Malt, Iron and Manganese, Cyprine, and other carefully selected, pure, and healthful ingredients. A Tonic, Restorative, Blood-builder, Nerve-food, and Food for the body. It is the only preparation for Anemia, Debility, Sluggishness, Indigestion, Nervousness, Lethargy, Grief, Maternity, weakness and Convalescence from any illness.

Prepared by COLEMAN & CO., Wingarnis Works, Montreal, Que. Sole Agents for the Dominion: FRANK S. BARR, Montreal, Quebec.

**CANADIANS ARE SELLING WHEAT IN UNITED STATES**

Farmers in Manitoba and Saskatchewan Hauling Large Quantities Across Border and Receiving More for the Grain.

Winnipeg, Man., Oct. 16.—It is reported here in grain circles that farmers in Manitoba and Saskatchewan, to a distance of forty and fifty miles north of the International boundary line, are this Fall hauling large quantities of wheat across to United States market points and receiving sixty cents or seventy cents per bushel than would be possible if they sold their wheat in Canada. This International trade has assumed such proportions that a number of elevators located at southern points in the two provinces are being closed, as the amount of business they are receiving does not warrant the expense of keeping them open.

**ZAM-BUK**

Here's a chance to prove to your own satisfaction, and at our expense, that Zam-Buk does end pain and heal sores and skin diseases. Mail this advertisement and 10¢ stamp (the postage) to Zam-Buk Co., Dupont St., Toronto, and we will send you free box.

**"SYRUP OF FIGS" CHILD'S LAXATIVE**

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

**ALLIES OPPOSE PLANS OF THE HUNGARIAN GOVT**

Paris, Oct. 16.—This Temps in an article dealing with the mission of Sir George Clerk, says it appears that the Allied and Associated powers are completely opposed to the convocation of the former Hungarian chamber, which is the intention of the present Hungarian government.

The newspaper adds that the Allies desire that a government representing all the Magyar parties, be constituted as soon as possible to take the place of the Frederick government, and that elections be held afterward in order to accomplish this programme it would be necessary to call into power members of other parties, the Socialists and representatives of the group headed by Martin Lovassy, former Premier and Foreign Minister, already being there. Generally speaking, says the Temps, the Frederick government appears to be a mere dummy for Archduke Joseph.

**LARGER SHIPS ARE BEING CONSTRUCTED**

London, Oct. 16.—(Reuters.)—Lloyd's register states that two million eight hundred thousand tons of shipping was under construction at the end of September, an increase of 284,000 tons over three months ago. A feature is the increase in the number of bigger ships being built. At the present time 6,286,000 tons are being built abroad and of this 2,884,000 tons are under Lloyd's register.

**Keeps Baby's Skin Healthy**

If every mother could only realize the danger which lurks in the neglect of chafing and skin irritations she would not take chances on being without Dr. Chase's Ointment to apply after baby's bath.

It arrests the development of scum and makes the skin soft, smooth and velvety.

50 cents a box, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

**BELGIANS RAPIDLY RECOVERING FROM WAR'S RAVAGES**

Belgian Bankers Looking Forward to Handling the First Slice of the Two Billion Dollars Indemnity.

London, Oct. 16.—(Canadian Associated Press)—Sir John Aldred, of the Canadian Bank of Commerce, after spending several weeks in France, Belgium and Holland, states that what most impressed him was the rapidity of the Belgian return to prosperity, effected by hard work and increased production. The ravages of war have already disappeared from the minor battlefields, and even around such places as Ypres, only the line of trenches remain.

Belgian bankers are looking forward to handling the first slice of two billion dollars indemnity from Germany, "provided she ever pays," added Sir John. Holland has grown rich through the war, but there was an absence of the energetic spirit, which, says Sir John, if it spreads from Belgium into Germany, will cause the Allied nations to feel a draught. Sir John Aldred blamed the lavish expenditure in Great Britain, Canada and America for maintaining the high cost of living.

Mr. Cambie, of the Bank of Commerce, travelled with Sir John, who sails for Canada on Tuesday next.

**OPPOSITION CONVENTION SAFELY LANDED IN YORK CO. JAIL**

Under the Custody of a Dominion Police Officer He Was Brought from Jersey City to Fredericton—Hearing in Few Days.

Fredericton, Oct. 16.—The arrival of Werner Horne here today in charge of the Dominion Police to face the charge of having blown up the International Hotel at St. Croix, following the explosion of the ship, the *Edmund*, on February 2nd, 1918, came as an utter surprise to local people, as the fact that the German had been found insane and would not be brought into Canada. That, however, is what the friends of Horne are trying to prevent his extradition, and he comes here with the assurance that the United States authorities that he is sane now as he ever was. Horne showed unmistakable signs of disappointment at having been extradited and while on his way here from Jersey City endeavored to arrange a stop-off at Boston yesterday in the hope that his local friends who had fought his case four years ago in the American courts, could still prevent his return to Canada. However, Sergeant Ramsey, armed with extradition papers signed by Secretary of State Lansing of the United States on October 4th, and by Under Secretary of State May of Canada on October 10th, made a close train connection and landed Horne here on schedule time.

"Terrible destruction and obstruction of a railroad, thereby endangering human life, committed with the protection of the British government," was the charge upon which extradition of Horne took place, as set forth in the official papers, and under the criminal code the maximum penalty for this offence is imprisonment for life.

Soon after the prisoner had been landed in the jail Sergeant Ramsey was in conference with Dr. F. C. Allen, Deputy Attorney General, and Sheriff Hawthorne, and it was afterwards said that the preliminary examination might start earlier next week than Friday, the original date set, as it is hoped to have Horne sent up for trial in time for him to appear at the adjourned sitting of the York Circuit Court on October 28th, at which Mr. Justice Barry will preside, and for which special grand and petit juries will be immediately summoned.

Sergeant Ramsey returned to Montreal this evening where he will act with the C. P. R. secret service officials in completing the preparation of the case so as to be ready for the commencement of the trial.

**WERNER HORNE TO BE WAGED ON VENEREAL DISEASES**

Council of Health Allots \$7,517 to New Brunswick for the Purpose.

Ottawa, Ont., Oct. 16.—The Dominion Council of Health, which held its first meeting in Ottawa recently, set aside the division to each Province of the Federal grant for combating venereal diseases, on a basis of population. The various Eastern Provinces will, therefore, receive the following amounts: Quebec, \$47,388; New Brunswick, \$7,517; Nova Scotia, \$10,578; Prince Edward Island, \$1,915.

The total amount to each Province of the remaining amount, \$30,000, it was decided to divide between the Advisory Council and the Department of Health for fighting the disease, the Provinces receiving the Federal grant to undertake to furnish a similar amount.

**MADE OVERS**

If the gowns are heavier, the worn yokes may be cut off. Sew up the end, run a tape through the hem and you have a slip cover for the dress or coat, which will last through the season.

From men's worn shirts, children's dresses, combined with remnants that can be made blouse waists for a boy, hips for the baby, or aprons for the woman. Old sweaters may be washed, dyed unraveled, reknit for women's or children's sweaters, scarfs, caps or wristlets.

Keep all scraps of silk or velvet for patch work quilts, couch covers, shopping or work bags.

**St. John May Have A New Industry**

President of Boston Obesity Reduction Corporation Ltd. Gives St. John the Look Over—What He Thinks of His Visit.

St. John may have a new industry. Professor Jonathan Slocum, president of the Boston Obesity Reduction Corporation Ltd. (results guaranteed or money refunded with thanks), has arrived in the city to give it the look-over. He arrived in a brilliant six-passenger touring car; he will return by train.

"Our system of treatment of obesity cases is the result of years of study, experience and profound thought," said the distinguished professor, who looked as if he had not enjoyed a square meal for some time.

"Of course from my appearance today I would not know myself," added the professor in reply to the reporter's unspoken thought. "I have been taking the treatment in extensive, and since I have arrived in St. John in an intensive form. Our special treatment, whereby we restore alderman to the athletic appearance of a baseball player and reduce matrons with double chins to the svelte-like dimensions of Mary Pickford, consists in giving our patients a totto of 3/4 per cent beer before breakfast, and then riding them around in automobiles over rough roads, thereby filling them up with nature's sweet restorer, balm air, and jolting the fat off of them. In my famous sanatorium I have on my hands several very stubborn cases which have yielded very grudgingly to the curative capabilities of the roads of New England, and so hearing about the roads of New Brunswick I decided to come down and see how they might suit our purpose."

"I must say that the road from the border to your fair city was in some portions of an excellence hitherto unexampled for our purpose. I think that during the journey from Calais here I lost about twenty pounds of flesh. But I must testify with all the force of which I am capable that after making a tour through some of the streets of the good city of St. John I was constrained to about with great enthusiasm. 'Brook!' I nearly had my hat blown off, and I think I am not the shadow of a doubt that our most persistent fat patients will yield to the treatment I will now prescribe for them—a trip down Prince William Street, along St. James, and a few other highways."

**St. John Business Man Walked Floor**

Well Known Bed Manufacturer Says Nervous Trouble Disappeared After Tanlac Built Him up.

"I must say Tanlac has put me on my feet, and I want to tell everyone in the city what a wonderful medicine I have found it to be," was the statement made by John Hanna, vice president of the Hutchings Bed Manufacturing Company, residing at 169 Westworth street, St. John, after an interview recently.

"Mr. Hanna is not only one of St. John's oldest and best known business men, but is prominent and influential as a citizen. He is just simply down and out from the effects of a spell of the flu, last winter, which left me with no appetite, a bad stomach and so weak and nervous that I was barely able to walk down to the factory and back. It just seemed to be a struggle for me to get up and down. I could eat but very little and even then gas would form on my stomach and make me miserable for hours. I actually suffered so at night that I had to get up and walk the floor for I felt like I was smothering to death. Then in this weakened condition bed matters were worse by rheumatism starting up in both arms and hands, which made life almost unbearable for me.

"At night I had to have but very little to eat and sleep just as sound as I ever did and the rheumatism like my other troubles, is gone, too. In fact, I am in perfect condition and even the flu have not only covered my health and strength, but I have gained in weight, and I can now go into the factory and do as much work as I could twenty-five years ago. I am glad to give Tanlac my endorsement because it is one medicine that should be in every home."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(A.S.)

**TENDER GUMS — A WARNING**

Beware of gum tenderness that warns of Fyrrhea. Four out of five people over forty have Fyrrhea—many over forty also. Loosening teeth indicate Fyrrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infected the joints or tonils—causing other ailments.

Perhaps the positively prevents Fyrrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum disease has already set in, start using Forhan's and consult a dentist.

See and get tubes. All Drugists. FORHAN'S, LTD., Montreal.

**Forhan's FOR THE GUMS**

MRS. ANNA ALLYNE.

Special to The Standard.

Digby, Oct. 16.—Mrs. Anna M. Allyne was killed in a street car accident in Cleveland, Ohio, last Saturday.

This news was received in Digby today by Mrs. E. A. Abramson, a cousin of the deceased. Mrs. Allyne was a daughter of the late George Wightman, who some years ago made his home in St. John.

She leaves to mourn their loss two sons and two daughters, besides three sisters and a brother, and a host of relatives and friends throughout the maritime provinces.

**LATE SHIPPING**

Montreal, Que. Oct. 16.—Ard, Kanina, London.

Cleverages — Haslemere, Manches (or; Roemania, Avonmouth; Melmore head, Belfast.

Old neckties make beautiful patch work comfort tops or couch covers.

**WINTER OVERCOATS**

Are coming from the makers in small lots at a time because they are so much behind with orders.

However our stock of Chesterfields—fly front, velvet collar—at \$25 to \$45, in Meltons and Cheviots is all right. Black and greys.

Usters, also, at \$20 to \$35.

These are carried from last season when we bought an extra number for that purpose and are therefore better values than can now be secured.

Early selections in view of present and future conditions are strongly urged.

**Gilmour's, 68 King St.**

**DEATHS**

**CASE**—At the home of his daughter, Mrs. Alfred Vanwart, Wickham, Queens County, on the 16th inst., Mayne Case, in the 83rd year of his age, leaving a wife and ten children to mourn.

Funeral at Wickham Friday, 17th, at 2 p. m.

**BROWN**—At Little Lepreau, on Friday, October 10th, Mrs. Alexander Brown, aged 31 years, leaving to mourn her husband and one son.

See a box all over the city. Sample box free if you mention this paper and enclose 10¢ stamp to pay postage.

**The Path to Health**

For many thousands of women the Path to Health has certainly been through Lydia E. Pinkham's Vegetable Compound. When this great remedy was first introduced, and for many years after, skeptics frowned upon its curative claims, but as year after year has rolled by and the little group of women who had been cured by it has since grown into a vast army of hundreds of thousands—doubt and skepticism have been swept away as by a mighty tidal wave, until today this purely vegetable medicine is recognized as the greatest remedy for woman's special ills in the world. This is because it is a wonderful tonic and reconstructor which acts directly and favorably upon the feminine organization and is a specific for that purpose.

Women in All Countries Depend Upon
