U.N.B. Arranging For Trip To States

Encouraged by Success at Hockey Last Winter Expect to Send Strong Team.

Encouraged by the success of their hockey team last year U.N.B. is planning to be more active along that line next year than they have been in the past. Their first proposition is to send their puck chasers to Boston and other American cities as soon as the season opens. It will be remembered that King's College sent their team to the States last season and were not as successful as they had hoped. In spite of that the U.N.B. supporters believe that, since the reds and blacks outclassed the bunch from Windsor in the game played for the possession of the Summer trophy, their outfit will make a better impression on the Yankee cities than the Windsorians did. Wm. Lonsbury, the captain of the last year's team, is now making efforts to arrange the trip. Last year's team will be carried strengthened by "Cotton" McKenzie, the goalie of Campbellton's team last year and of the U.N.B. quintette the previous season.

An effort will also be made to include in the line-up Fred (Larry) McLean, the sensation of the N.B.H.L. in the past season. Without McLean and McKenzie U.N.B. trimmed the Marysville stickhandlers in a game played late in March by a score of eight to one. This should indicate that if the university team goes to the States the fans here can expect to see about as good a team as this part of the country can produce.

Soccer Players Should Wake Up

Military Team Was Short Last Evening and Scheduled Game Was Postponed.

Last evening on the Shamrock grounds in the North End there was a scheduled soccer game between the Military and the Hardware men to have taken place but when the time arrived for the play to start it was found that there was not enough of the Military present to make a full team but as the Hardware men were overstrengthed and two teams were made up a real practice game was enjoyed. Last evening was the date for a scheduled game but as the time was short for the formation of teams the executive will hold a meeting next week and the opening of the schedule will undoubtedly be extended so that teams will be all ready when the first real game will be played.

Jack Dempsey and Georges Carpentier

Both Are Settled in Their Permanent Training Quarters—Dope on Referee Question.

New York, May 20.—Interest in the coming championship battle between Jack Dempsey and Georges Carpentier now that both are settled in their permanent training camps, is turning to the selection of the referee. Owing to the international aspect of the contest and the presence of a foreign title holder as one of the principals the third man in the ring will be a factor of exceptional importance.

In the original contract signed by Dempsey and Carpentier there was included a list of six prominent boxing authorities from which the referee was to be selected. With certain provisos in case all parties were unable to agree. The shifting of the scene of the contest to the State of New Jersey tends to bring this clause of the contract into conflict with the New Jersey boxing rules which state emphatically that the referee of a bout held there shall be named by the boxing commission of that state.

The contract was drawn with the idea that the bout would be held in New York State, but when official opposition arose and a shift was necessary, no change in the articles of agreement was announced. As a result the contract reads that if the selection made by the principals, their managers or promoters, is not satisfactory to the state boxing commission, the promoter shall secure from the commission a list of referees named by that body not less than forty days previous to the date of the bout.

The forty days mentioned will expire on Monday next and as yet no such list has been announced. If the New Jersey commission adheres to the rule by which it appoints its own referees it would only be by co-operating with the principals and promoters that any one of the six possible referees named in the articles of agreement could serve.

Schooner Canada Leaves For Banks

Her Eligibility as Contestant in Fishing Races Has Been Questioned.

PROOF UP
Halifax, N. S., May 20.—The Canadian, Shelburne's candidate for the elimination trials for the international fishermen's Derby to be held on Halifax next fall, sailed from here this morning for the Banks on a four months' handling trip.

The eligibility of the Canada as a contestant in the fishing races has been questioned on account of her sailing on her first trip to the Banks, her maiden trip, later than April 30, as required by the deed of gift of the international fishing schooner race trophy. Her eligibility has also been questioned because of her 120 foot waterline, the deed of gift placing the maximum limit at 115 feet.

President McNeill On Football Matter

Says It Would Be Unfair to Have Rushed Visitors to Capital.

Halifax, May 20.—President McNeill, of the Dominion Football Association in speaking today of the reported dissatisfaction at Ottawa, and that the Halifax game with the Scottish team was not promised until after arrangements had been made for the Ottawa fixture, said that it would be unfair both to the visitors to attempt to rush them here on arrival to attempt to play at Ottawa tomorrow afternoon, and to the Halifax game with the Nova Scotia Football Association officials had gone to much expense. Had the steamer gone to New York, as at first intended she would not have arrived there until last night, too late for the game at Ottawa as scheduled. In fairness to all parties, the best arrangement possible had been made in postponing the game to May 31.

ATHLETIC MEET THIS AFTERNOON

An athletic meet of interest will be held this afternoon on the grounds adjoining the Y. M. C. A. High School boys, whether members or not of the Y. M. C. A., and the Business Boys of the "Y" will assemble and try hard to come in first in the different events. The programme consists of hundred yards dash, broad jump, running high jump, shotput, pole vault, and a one mile run.

He Knew How To Do It.
A lady took her four-year-old girl to a photographer. The child couldn't be made to keep still. He of the camera was as suave as he could be, and worked every device of gentle persuasion to make the little wriggler sit without moving. Finally, he said to the despairing mother:
"Mama, if you will leave the little dear alone with me a few minutes, I think I can succeed."
The mother had scarcely withdrawn when she was summoned back by the triumphant photographer, who said he had taken a satisfactory negative.
When they reached home the mother asked: "Nellie, what did the man say to you when I left you alone with him?"
"He said," replied Nellie, "sit still you little rascal, or I'll shake you!"—Edinburgh Scotsman.

The Never-Ending Argument.
"They find a lot of fault with your carving?"
"Yes," replied the host, "but if they'd quit using the carving knife for a can opener I could do better."
