and stationery business of his uncle, M. S. Hell, at Fredericton. Mr. Hall has been clerking in his uncle's store. M. S. Hall

Before Judge McLeod Saturday morning in the case of Clarence McG. Robents vs. steamer Pawnee, Monday, Nov. 18, was appointed for the final hearing of the case. Hugh H. McLean, K. C., appeared for the plaintiff and C. J. Coster for the Editor of The Telegraph:

Messrs. Haslam and Irons, who have ocmessrs. Hassam and Brons, who have described a building on Union street, West End, as a foundry, are to build a new foundry. The site for the building is on Market square near Rodney street. Work on the new structure will commence in a class schools; these schools to employ first class schools; these schools to employ first class schools;

Words comes from St. Martins that, while the schooner Comrade, lumber laden, was attempting to make harbor during the gale on Wednesday, and at half tide, she grounded, swung round, striking the East Quaeo breakwater. damaging her bulwarks, carrying away the bowsprit and unshipping her rudder.

class or superior teachers with a minimum tocal salary of \$200 per year, and the provincial allowance to such teachers to be \$200 per year.

The first steps toward this have already been taken in advancing the requirements for superior teachers and in closing those schools whose enrolment and attendance are not satisfactory.

This will encourage teachers to remain in the province and continue teaching and

At Chubb's Corner Saturday, Auctioneer Woodworking stock, par value \$50, at \$45. Mr. Potts sold 500 shares of the Star Line \$50, at \$45. Mr. Potts sold 500 shares Bear Side at \$49. Mr. Potts sold 500 shares Bear Guloh mining stock at 25c. per share; also 250 shares Union Consolidated Oil stock at 25c. per share. The Edgett property, on Somerset street, was sold by Mr. Potts to W. A. E. Thornie for \$462.

The Manchester liners have announced the first sadings for the winter service to Halifax and St. John, and vice versa. The

An instance of the baggage at the railway be seen among the baggage at the railway depot in this city on Saturday. The trunk measured 24 inches wide, 42 inches long again. and 40 inches deep, and it took four men

Before Justice Walter Cahill at Sack-ville on Tuesday last four boys named Marney Beckerton, Gesner Chase, Wm. Best and Walter Blenis were dealt with. Best and Walter Blenis were dealt with. The first three were charged with stealing a caddie of tobacco from the I. C. R. freight shed at Sackville between Oct. 4 Blenis was charged with receiving the stolen tobacco. They all pleader guildy and were sentenced. Beet, Chase and Blenis to 30 days jail each, and Beckerton to 50 days. I. C. R. Detective John Ring prosecuted. The tobacco

New Steam Flour Mill.

A new steam roller flour mill, equipped with the most modern machinery, has been completed by J. D. Irving at Buctouche. It contains all the latest improv-H. E. Dooe, of Dorchester, is offering to compromise at 25 cents on the dollar. His liabilities are \$649, and assets \$220.

Geo. Whittaker, the Main street chicken ple restaurant proprietor, has removed his stock in trade to Oak Point.

Arthur Leather, F. R. C. V. S. E., is in the city to supervise the shipment of houses for the British government.

Fully a hundred provincialists returned to compromise at 25 cents on the dollar. It contains all the latest improved machinery for grinding wheat and buckwheat and washing grains. It has eight sets of rollers with capacity of 60 bushe's an hour. The mill has a full system of wheat cleaning machinery. Its wheat grinding capacity is 75 barrels a day, buckwheat 75 barrels per day, and corn system 150 barrels per day. There is also a feed and chop department of the most modern type. Mr. Irving's new mill is not excelled in its equipment by any mill in the country. In fact it may be regarded as one of the most modern in Canda.

### VICTORIA ELECTION PROTEST.

Petition Against the Return of Col Prior

Victoria, B. C., Nov. 18-(Special)-The trial of the protest against the return of Lieut, Col. Prior and Thomas Earle, members of the House of Commons, for Vactoria City, has been fixed for Nev. 29. The preliminary objections taken to the petition filed against their election were dismissed by Mr. Justice Walkem and subsequently, or formed to the Suprement subsequently, on appeal to the Supreme lower was sustained. Consequently the trial of the case will proceed in the regular way. In chambers, Gorgon Hunter, duced when the apparatus has attained requisite temperature. The heating of the petitioners of Andrew Fairful et al for an order to examine respondents on their reply to the petition. The application was opposed by Robt Cassidy, K. C., but Justice Martin granted an order under which are to be examined by a series of thermome which can not only be read from the condensation of the respondents are to be examined by a series of the possibility of the articles become the respondents are to be examined by a series of the report of the respondents are to be examined by the condensation of the respondents are to be examined by the condensation of the respondents are to be examined by the condensation of the petition.

Suggestions About Teachers.

Sir,—Will you kindly allow space in your paper for a suggestion to the chief superintendent and board of education of

in the province and continue teaching and will enable many prosperous rural com-

The Fire Record.

Montreal, Nov. 18—(Special)—"Wine Bluff, the handsome summer residence of R. E. Angus at Be\_neville, on Lake of Two Mourains, was destroyed by fire yesterday after noon. The cause is supposed to have been defective flue. The loss is about \$40,000 with insurance of \$27,000. Members of the family visited the place yesterday. An honor so after they left the house it was in fiames.

Tied Up Boson Subway Service

Tied Up Boson Subway Service

Boston, Nov. 18—A few hundred patrons in the elevated trains in the subway were terrified this afternoon by an electric explosion which fortunately caused no dannage. The explosion occurred above the Scollay square station, where there happened to be no train at the time and was occasioned by the sudden fusing of a connecting view as soon as sine concludes her last journey from Montreal about the middle of December.

Some commercial travelers prefer to carry a number of small trunks on account of the greater case in handling them. Others prefer larger ones on account of their lesser liability to go astray. An instance of the latter variety was to be seen among the baggage at the railway of the subway until after 6 o'clock and it was reconstructed. the subway until after 6 o'clock and it was

unknown. Take the German army, for instance, where vaccination and re-vaccination is compulsory—smallpox is an unheard of disease, although all classes and conditions of men are brought together. Vaccination is the weapon by which smallpox can be stamped out. \*\*

Dr. Montizambert will leave this morning for Vermouth.

ing for Yarmouth.

The Smallpox Situation. Six new cases of smallpox and the deaths

tients, worked on what is known as the Berryman farm about half a mile from Moosepath Park. The spread of the disorder was required to do so, and for the purposes of precuring this showard left his treat, and the purposes of precuring the showard left his treat, and his body a general bruising.

He had not quite reached the track, but got near enough to be caught by one of the locomotive's projections and was with great violence hurled some distance. His head required a severe blow, his right leg a bard with and his body a general bruising.

The correct was summoned. Later the injured man was summoned as comfortable as possible at the Grand Uplon, where he boarded. Die, Walker considers that there is good prospected with chose in assending the propose as the water obtained by been dediced to use the water obtained by been dediced to use the water obtained by surface drainage and fifter this through and has bis home in Shediac, where his prements and two brothers live. Que of the brothers, Henry, is expected to arrive here today.

VICTORIA ELECTION PROTEST.

day," reported the board of health at a late hour Monday night. Thus, for the first time in two weeks had two days elapsed without symptoms of new cases being reported, and it is considered encouraging. Yesterday Dr. Morris attended his patients as usual and he reports that all are progressing to a favorable stage.

Reports from Dr. Ellis say that, only one bad case exists among his patients, that of a boy. While a fatal result is not imminent the lad will have a hard battle for recovery. Two others are reported to

or recovery. Two others are reported to very ill, but their recovery is looked

Seven patients from the general public hospital were released yesterday. Twenty others will be liberated as soon as a vigorous application of disinfection is madeter have gone back to the main house for a much needed rest. One had been in the epidemic hospital for seven weeks in the epidemic hospital for seven weeks and was pretty well worn out.

The attendance at the Aberdeen school has fallen off that Monday it was decided to close it. Miss Wilson's room in the High School was closed for fumigation. A sister of Miss Eord, of Carleton, has been a puril there.

has been a pupil there.

Dr. Lunney says the hospital is free from suspects and that the general hospital pa-tients will be released hencefouth as they

course of disinfection.

While the board of health maintain th generated on the steamer and forced into the rooms and spaces to be disinfected together with steam until there is present 14 per cent of sulphur dioxide. Experiments at Grosse Isle have demonstrated that under these conditions the diphtheria bacillus is destroyed.

Dr. Montizambent, however, wished it to be understood that disinfection by means of burning sulphur in rooms, in the presence of a certain degree of moisture,

While the board of health maintain the right to send more patitions to the epidemic hospital the commissioners say the two vacant beds are reserved for possible cases from the General Public Hospital. At a meeting Salturday the commissioners reconsidered the demand of the board of health, but adhered to the previous decision. They claim the epidemic building is already overrowded.

Miss Barker, who was supposed to have gone to Musquash to the house of W. J. Dean, from the Shea house, Fairville, has been released from quarantine. The re-

F. W. Hodgson in Town.

R. W. Hodgson, the dominion live stock oner, arrived in the city yesterday from Amherst. Mr. Hodgson was Hodgson consulted with for a successful exhibit of cattle, sheep

and swine is most encouraging.

Arrangements have been made for the delivering of a number of lectures during the fair by several of the most eminent in life, and also by their carcasses, making a novel feature. Mr. Hodgson will today meet Hon. L. P. Farris and officers of the Farmers' and Dairymans' Association of New Brunswick to consult with them about the holding of agricultural meetings during the winter months.

Hannay has just received the following:
York House,
St. James' Palace, S. W.,
November 6th, 1901. Dear Sir,—The Duke of Cornwall and Youk desires me to thank you for the copy of your history of the war of 1812 which you so kindly offered for his royal high-ness' acceptance through Major Maude, and which his royal highness is much Yours very faithfully, ARTHUR BIGGE.

The Intercolonial Railway. The Hamilton Times contains the fol-

lowing:

Every dollar spent on the Intercolonial Railway is a dollar added to Canada's public revenue, for as the guidebooks say, this is "your own road." It may never become a grain carrier, but it is sure to be a favorite tourist route, not only for Canadians, but for the citizens of the United States. Young men may go west to make money, but they will always find the east a good place to spend it.
