Correspondence

Well! Well!

A letter addressed "Western Canada's Greatest Publication," Winnipeg, was duly delivered to us. This shows that the Post-office Department is on to its job.

Will "Lively Seventeen," "A Jolly Girl" and "Contented Bach" kindly send their names and addresses to the Editor so that any correspondence intended for them may be forwarded?

While it is not absolutely necessary to be a subscriber in order to take advantage of the privileges of the Correspondence Page, readers are reminded that when, as occasionally happens, tion of all letters received, preference is always given to our subscribers.

Mourns Her Hero

Dear Editor:—I have only been a reader of The Western Home Monthly for five months, and I think it great, and am looking forward with much pleasure to the coming of the next copy. My young man who was in the 4th C.E. was killed in July. His parents and I feel it very much. It was our ambition to go to Canada after the war, but God willed it and took him to Himself. In my brave sweetheart's last letter to me he enquired if The Western

school. I also am a lover of music and skating. I have been reading a letter in your paper from "A Lonely Boy." I hope he succeeds in his farming for by his letter he has been doing as much for his country as a soldier. I also think he is right in liking to get out even to a dance for in some places the people will not get up anything but a dance. I do not know what it is to be lonely for I have a number of sisters and brothers and when a girl goes to school she does not get lonely. "A Lonely Boy" says he will continue to work his farm till after the war, so I hope he has good luck and now that the war is over will still continue to work his farm, but there is not much pleasure in working alone. Well, as my letter is getting space does not permit of the publica- long I will have to close. I will sign A High School Girl.

Dancing-Too Much Like Hard Work

Dear Editor:-I notice that the girls in your Correspondence Page are not above describing their disposition. It seems to me rather amusing. I think that remains to be proved. It is like giving one's own character. I believe like "Marie" that "Phyllis's" mind must be far from travelling on the Lord's highway if that is what she blushes for. I don't dance myself. I think it is too much like hard work for nothing and most of them are half dead the next day. Home Monthly had arrived yet. He Otherwise I see no harm in it. We can was a great reader of it, and was not make bad out of the good if we are so satisfied until I wrote for it. I should inclined. Wants Discussion on Singers

Dear Editor and Readers:—I have read all the letters for a long time, so guess it is time for me to write one. I think "A Soldier's Widow" suggests a good idea, to discuss our favorite singers. But instead of just writing the name alone let us tell something about them. I am one of the dark customers. I think it would make it more interest-My favorite singer is Madame Galli Curci. She is an Italian, from Milan. She now sings for the Metropolitan Opera Co., in New York. She is rather tall and slender with dark eyes and dark hair and she certainly has a glorious voice. I have heard her. I have also heard her recorded songs. I am also very much interested in Actresses and Actors. If there are any readers of this page that are interested in them and know anything about them, will they please write to me? I will answer right away. I would also like someone in Europe to write to me. The war is over, but I expect there are many soldiers who will have to stay there a long time yet. Coleen.

A High School Maid Dear Editor:—I am very interested in the stories of The Western Home Month-

readers who care to write. Wishing Tim" is not a little hard hearted on the baker. Now, readers, do any of you believe that the most ideal marriages are made through marrying opposite types, that is, a blond marrying a Brunette. Take notice of people you know. It will be rather interesting. Well I am one of those nice young homesteaders, but, readers, I don't believe it is my calling. Well if any one interested in writing cares to correspond with me my address is with the Editor.

A Dancing Euthusiast

Dear Editor:-Here comes another Westerner to join your happy circle. I have been a silent reader of your valuable magazine for some years, but after reading so many interesting letters I have found it impossible to keep silent any longer. I see there is a discussion on dancing. I have not seen any harm in dancing as it is the only pastime a person has. I agree with "Kentish Hop." She describes my opinion to perfection. We had a Red Cross dance in our small town the other night and cleared over one hundred and ten dollars, so I am sure anyone out collecting for the same purpose could not do any better. Well, "Tired Tim," like you I do not agree with such topics as "Does Love Grow the stories of The Western Home Month-ly and I also like to read the Corres-pondence Page. There are a number of letters I think very interesting. I am a included. It would be better for the Young girl in my teresting. young girl in my teens and go to high experienced to write about that.
