The final tribute

by Peter Hayes

The sports scene at Dalhousie has come to a close once again this year, and like most other aspects of University life, athletics have had a year of ups and downs. With no football team most of the Tiger faithful was keeping tabs on activities in soccer, cross country, tennis, and field hockey last fall; sports which set the trend of excitement that was to continue through a long winter.

Once the balls (and pucks) got rolling, the swimmers swimming, the skiers skiing, the wrestlers wrestling, and the gymnasts doing their thing (gymning somehow didn't fit here!), there was never a loss for something to talk about—the accomplishments and heartbreaks of the Tigers or the fact that Dentistry had just defeated Medicine in a big game.

These two pages are dedicated to all of the players, coaches, managers, trainers and fans who have worked so hard this year, as well as the Dalhousie athletic department who has made it possible for all of these people to both participate and spectate.

Finally, a special thank you from all of the sports department to Rod Shoveller, who worked as hard as we did in keeping students informed of the athletics around Dalhousie.
