1. Yikes should be retained no longer than 30 seconds in memory. If a Yike is accidentally removed or deleted, its identity is lost and the Yike will never again know how to keep its list of Central Register addresses. Each Yike has a 15 minute "grace period" after it is deleted, and then gets removed to "garbage" to save space.

Central Registry maintains the official inventory of all inpatient psychiatric hospitalizations in the state. All subsequent entries when inpatient hospitalization occurs are made to the Central Registry.
