

TABLE OF CONTENTS.

	Page.
Introductory	1
General statement and acknowledgments	1
Location and area	3
Transportation and communication	3
History of development	5
Previous work	8
Bibliography	9
Summary and conclusions	9
General character of district	12
Topography	12
Agriculture	13
Flora and fauna	14
General geology	14
Summary statement	14
Table of formations	16
Keewatin	17
General character and subdivisions	17
Greenstone and green schist	17
Distribution	17
Lithological character	17
Structural relations	19
Origin	20
Larder slates and dolomites	20
General character and distribution	20
Lithological character	21
Structural relations	22
Thickness	23
Origin of dolomitic rocks	23
Quartz porphyry, rhyolite, and aplite	25
General character and distribution	25
Lithological character	25
Structural relations	26
Relations of Keewatin to other formations	26
Pontiac schist	27
General character	27
Distribution	27
Lithological character	27
Origin	28
Structural features	29
Relations to other formations	29
