

higher price having been paid for colored cheese. This represents a drop of nearly 15¢ a lb from the prices paid last week at the same points, and indicates to some extent the firm feeling in the market here. The outlook at present is for a continued steady market and there is every indication of constant or rising prices in the country. Reports from all over the country indicate a good make going on, the crop being in comparison with last year being slightly heavier. The increased production, however, will not be

Mr. A. D. Foster, of Bloomfield, Ont. Prince Edward Co., found that he was equipped with a small Brownie camera, with which he has taken some good photographs of his stock. These cameras cost only a few dollars and last for years.

If any readers of Farm and Dairy are interested in this matter they might write to The Canadian Kiosk Co., Toronto, Dairy, for a catalogue and prices, which will be sent free of cost. Mention Farm and Dairy when writing.

Absorbing Cures Throughpin.—G. W. Dolly, Sr., Leroy, Ill., writes under date of Feb. 16, 1909, as follows: "I will tell you about a subject about which you and I have had some success in treating you some time ago. I procured a bottle of your ABSORBINE and commenced rubbing three times a day for three days, and Bob's seemed to like it so well I put it on five times a day for two days and the puffing had gone. I procured a second bottle and rubbed on one-fourth of it, rubbing it on three times a day. There was a bad looking leg and the ABSORBINE is the nicest medicine I have ever used, and I think it will have done wonders about this case. I procure ABSORBINE at drugstore for 25¢ price, W. F. F. Co., 123 Temple street, Springfield, Mass., Laguna, Cal., 330 St. Paul st., Montreal, Canadian agents."

Worth Mentioning

Tell your neighbor about our "Pig Offer." It may interest him. If he is not a subscriber, to Farm and Dairy, secure his subscription 10-day, and with the six others, send us \$7. You can earn a pure bred pig for yourself. Tell your neighbor he has the same privilege. He can earn a pig also. Then watch the pigs from the pen to be watched by other neighbors, who in turn may get the fever to earn a pure bred pig. Samples sent free, if asked for. Write our Circulation Department, for full particulars.

sufficient to affect the course of price. Advice from the other side this week, however, indicate a very heavy make of English cheese and may ultimately have some effect upon the market.

The receipts into Montreal last week amounted to 102,415 boxes as compared with 93,311 boxes for the corresponding week last year. This brings the total for the season up to date to 776,973 boxes, showing a very slight increase for this season. Shipments from this port so far this season are about the same as last year, so that quantity left here in store is not any greater than it was a year ago. The custom of storing early summer cheese in Montreal is rapidly becoming a thing of almost as fast as they come in from the factories.

The butter market is steady, and prices are fairly well maintained. There is a good demand from local buyers and from various points throughout the country, a character, and as a consequence prices are firm, with a slight upward tendency. The markets in the Eastern Townships are practically unchanged from last week, and finest creamery is quoted on this market at 25½ to 25¢ a lb, with ordinary Quebec creamery selling at 22 to 22½. Dairy butter is scarce and is selling from 16 to 20¢ a lb for selected stock, and grades being quoted down to 16¢.

GOSSIP

Hundreds of tons of hay that were in coils in our recent downpour of rain will surely result in more up to date methods being used and being used more generally in favor improved having machinery such as is sold by the Dain manufacturing Co. of Fresno, who have opened up a sales room at 28 York street, Ottawa.—F. E. Caldwell, Carleton Co., Ont.

HORSES AT THE FAIR

Horse entries are coming in so fast at the office of Canadian National Exhibition, Toronto, that the success of this department promises to be more pronounced than ever before. In Clydesdales every thing points to an entry that will exceed last year's show when they were there in numbers and quality that cannot be equaled anywhere on the continent. Hack and show entries are excellent. While Toronto is a centre for hunters and jumpers of the very highest class; the competitors in this line excite almost world-wide interest. In harness horses there is all ways a great exhibit while the pony class has been enlarged and extended in keeping with the growing popularity of the children's pets.

SMALL CAMERA USEFUL

Why do not more breeders of pure bred stock by a small camera so they could take photographs of their pure bred stock? If interested in cameras they could secure photographs at small expense. An editorial representative of Farm and Dairy, who recently visited the farm of

heifers and are of choice breeding. Woodroffe Dairy, 2145, and Stella 2nd, 2550, are both by Garclaugh Royal Edward (imp.) Clarice of Ravensdale 2277, (imp.) Clarice of Ravensdale 2270 are both by Bright Star of Kay has made good selections as the sows Belvoir Miss Hollingsworth 19th 1946, by Dalmeny Saxon (imp.) 1971, and Ravensdale Princess are animals of special merit. Mr. Kay is ready to supply customers with choice stock at fair prices.

AYRSHIRE MILK, THE HEALTH

I have received the following testimonials of the value of Ayrshire milk. Dr. Edward P. Davis, of Philadelphia, writes, "I constantly have opportunities to observe the value of Ayrshire milk, and have found it uniformly satisfactory in feeding young children. It is, I think, the best milk I have for that purpose." Mr. Henry Dorrance, Plainfield, Conn. for our two Galloway and Ayrshire milk and have used both for some time. I have contracted a troublesome case of indigestion. I changed to Ayrshire milk, and to thrive, and is now gaining one and one-half pounds per week. A similar experience with older children has thoroughly convinced us that there is no foster mother equal to the Ayrshire cow."—C. M. Winslow, Brandon, Vermont.
