I think a great deal of it as an advertising medium. I have made many sales through it, and have had some very flattering letters sent back to me about the stock I shipped them. Wishing you every success, I remain, respectfully yours."

Mr. Arthur Johnston, Greenwood, Ontario, writes this office to say:—"The Greenwood Shorthorns are now nearly all on grass, and they are in as nice form as they have ever been at this season of the year. There is not a fat one and not a poor one. The young calves are a very pretty lot, with a great preponderance of heifers. The imported heifers are growing and looking uncommonly well. We have never owned a finer lot of yearlings, imported and home-bred. We still have a very nice lot of young bulls for sale of serviceable ages. Sales have been good, but prices have not ruled as high in this country as in the United States or Scotland. We have sold \$9,150 worth of Shorthorns during the past twelve months, besides a few Clydesdales and Berkshires. There is no boom in any kind of pure-bred stock in Canada, but all kinds of improved stock are in demand, and the man who can't sell has himself to blame; either he does not advertise, or he asks too much for his stock. To know values is one of the great features of the stock business, and one that is frequently lacking in local breeders."

of the great features of the stock business, and one that is frequently lacking in local breeders."

The sixth annual sale of harness horses belonging to Mr. Burdett-Coutts, M. P., took place May 18th, at the Brookfield Stud Grounds, St. Albans Road, Highgate, in the presence of a large and distinguished gathering of breeders and others. The interest of the sale chiefly centred in the admirable chestnut team called "The Great Copper Combine," which included an extra horse, the whole five, viz., Anaconda, Rio Tinto, Mason, Barry, and Namaqua, being admirably matched and distinguished by brilliant action. There was a spirited competition for this combination, and it was eventually purchased by Captain Hume for 1,300 gs. A Hackney brood mare, Lady Cadet, by the well-known sire Cadet, was bought in at 750 gs., but some pairs fetched exceedingly remunerative prices. Mainstay and Mainspring, for example, two browns, were taken by Mr. Greenwehl at 630 gs., and Galors and The Abbot were bought by Mr. Charles Sheather for a client for 500 gs., he also taking Bay Rhum and Bay Tree for 540 gs. Mr. Watney bought Tipper and Topper, two handsome browns, for 320 guineas. Mr. Wicke gave 410 gs. for March Hare and War Hare; Quirinal and Capitol went for 370 gs. A pair of chestnut roans, the only pair of this color in the sale, and distinguished by fine quality and richness of hue, fell to Mr. Rucker's bid of 300 gs. Only one hack was offered, and this, a chestnut named Apricot, was purchased by Mr. Ash for 225 gs. Out of sixty-one animals that were offered, forty-eight were sold for a total of £8,888, making an average of £185 3s. 5d. SHORTHORNS AT THE BATH AND WEST

OF ENGLAND SHOW.

At the above show, held at Exeter, May 24th to 30th, the entries of Shorthorns were more numerous than usual, and the quality quite up to the standard. In aged bulls Mr. Richard Stratton won first honors and the male championship with Alto, Mr. Handly coming second with Pride of the North. Mr.G. Harrison's roan, Count Beauty, won first, and Mr. Stratton's red Highflyer, by Alto, was placed second. The yearling bulls numbered sixteen, and Mr. J. D. Willis, Bapton Manor, won first and second with the roan Bapton Emperor and Royal Jeweller in the order named. Mr. Geo. Harrison's Welcome headed the list of cows, Mr. Hoskin's Countess of Oxford 14th coming second, and Mr. Rothschild's Sittyton Pride third. The rules required all cows competing to be in milk. In two-year-old heifers Mr. Willis won first and second with Pearl and Fluff, and Mr. Rothschild's Sittyton Pride was placed third. In yearling heifers Mr. J. Thorley's Ringdale Memory was first, and Mr. S. Hill's Crocus and Lavender Bride second and third.

A Point or Two

A thing that is worth doing at all is worth doing well—you will agree to that. When you use Church's cold water Alabastine for the walls and ceilings of your rooms, you use an absolutely permanent and sanitary wall coating that cannot decay, rub cff, or scale. Any kalsomine will decay on the wall because it depends upon glue to bold it to the surface—Alabastine (never sold in bulk) goes through a process of "setting" on the wall and grows harder with age. There are 16 beautiful tints (and white) to choose from. Your dealer will show you the card when you ask him for Church's
