The building of the great cathedral at Liverpool is full of interest. Already the walls of the Lady Chapel have attained a height of 35 feet. Over eighty thousand pounds have been spent on foundations and structure, and the committee have now in hand a sum of £160,000. The committee are now spending at the rate of £27,000 a year, which is said to be at as rapid a rate of progress as is consistent with architectural safety. Two hundred and twenty-six men are now employed in the earliest stages of what promises to be one of the mightiest buildings in Europe and one of the greatest efforts of modern creative genius.

The Bishop of Southwell was lately presented at Nottingham by the Rev. Beron Scarsdale, Lord Curzon, of Kedleston's father, with a motor car for use in his diocese, which had been subscribed for by Churchmen in his extensive diocese, which includes the

**Why You Should Insure**

**Because** you are not certain of living and your life is a valuable asset, against the loss of which you should make provision now.

**Because** your family, whom you are bound to protect, will require almost as great an income when you are gone as they do now.

**Because** the money will be invested, not expended. It returns surely—being only a question of time.

**Because** if you live to be old you can convert the policy into a cash payment or an annuity for the support of yourself and family.

**Because** a strong and reliable company such as the **North American Life** stands prepared to assist you in this important matter.

Epiphany Mission at Sherwood, Pa., has been presented with a large bell. As the church is without a tower or belfry use has been made of an ancient chestnut tree standing close by, one large limb extending over the roof, and from this the bell has been hung and, by connection with a rope, is rung in the vestry.
