

The Ceiling For Health's Sake

Above everything else, my Pedlar Art Steel Ceilings are hygienic,—and they go a long way towards making any room sanitary.

Fit a room with Pedlar ceilings AND side walls, and it is—and can easily be kept—perfectly sanitary.

That never can be true of a room with PLASTER

ceilings; and certainly no room with plaster or wood side-walls ever is anywhere near sanitary. But Pedlar Art Steel Ceilings can be washed, scrubbed, disinfected,—with the strongest kind

of antiseptics,—and suffer no harm. There cannot be a crack nor a seam in a Pedlar ceiling or a Pedlar sidewall,—absolutely no lodgment for germs, no harborage for dirt.

Neither can a Pedlar Art Steel Ceiling absorb grease or smoke or odors, any more than it can absorb moisture.

Compare it with plaster in that respect—and remember that hardly one plaster ceil-

ing in a hundred is ever really DRY from the day it's put on. Put your hand on a plaster ceiling, and it feels clammy, cold,—because it IS damp. Plaster absorbs the wetness of the indoor air; and that is why it flakes so, checks so, cracks and crumbles so quick.

But a Pedlar Art Steel Ceiling is DAMP-proof, just as it is FIRE-proof and GERM-proof. It is heavy sheet steel, deeply

PEDLAR ART STEEL CEILINGS

For Churches, Residences, Civic Edifices, Schools, Libraries, Hotels, Club Houses, Office Buildings, Factories, Shops, Stores

double-stamped in a variety of more than TWO THOUSAND PATTERNS, every design accurately correct in artistic quality, and every detail of the design sharp, clean-cut, in high relief,—

A pleasure to look at, a satisfaction to live with,—my ceilings.

Yet they cost no more in the first place than good plaster; and, of course, they

cost a great deal less, in actual fact,—because a Pedlar ceiling will be a GOOD ceiling just as long as the building stands that you put my ceilings in. They take the question of ceiling repairs entirely out of the reckoning,—there is nothing about them to need repairs.

Any color-scheme you choose can be made to show more prettily on a Pedlar Art Steel Ceiling than on plaster or wood;

and any architectural motif, or period of furnishing, can be rounded out and perfected ideally by the choice of designs included in my product.

Before you ever spend another cent for ceiling any kind of a building, or a room even, I think I show you a distinct saving in money, and a distinct gain in other ways.

G. A. Pedlar

Pedlar products include every kind of sheet metal building materials—too many items to even mention here. You can have a catalog—information—estimate—prices—advice—just for the asking. We'd like specially to interest you in our Art Steel Ceilings and Side Walls—they are a revelation to many people. More than 2,000 designs. May we send you booklet D and pictures of some of them?
