order not to discourage the settler. If wilful neglect or embezzlement to defraud appear to be the cause of default the farm is immediately taken over by the board.

Up to date 345 farms have been purchased, and 333 have been re-sold for \$275,644, which also represents the purchase price. The purchasers have repaid by instalments \$130,600.74 thus far. This New Brunswick system is not to be classed with the rural credit systems which are designed to provide assistance for agricultural purposes other than the purchase of land by settlers. It is a system designed, as has been noted above, to encourage the settlement of farm lands in New Brunswick, and the loans are made to assist in the purchase of the land.

### Business Profits War Taxes

Q.—What are the rates of the war tax levied by the Dominion government on business profits?—Inq., High River, Alta.

A.—Under the Business Profits War Tax Act, as at present amended, the Government, in the case of all businesses having a capital of \$50,000 and over, takes 25 per cent. of the net profits over seven per cent. and not exceeding 15 per cent., 50 per cent. of the profits over 15 per cent. and not exceeding 20 per cent., and 75 per cent. of the profits beyond 20 per cent. In the case of businesses having a capital of \$25,000 and under \$50,000, the Government takes 25 per cent. of all profits in excess of 10 per cent. on the capital employed. Companies employing capital of less than \$25,000 are exempted, with the exception of those dealing in munition or war supplies.

### Quebec Farmers Organizing

The Quebec Farmers' Union was launched at St. Hyacinthe on Saturday. According to the information given, it is proposed to organize branches in practically every county of Quebec, the object of the union being to promote the interests of the farmers.

Specific objects of the union include mutual aid, the discussion of farm and fireside questions for the greater comfort of the farmer and his family, facilitating social relations and the study of economic questions, the circulation of pamphlets and the establishment of libraries. Then the farmers' interests are to be looked after when the government passes new legislation which may be promoted to aid agriculture. The principles of co-operation are to be studied, and finally there is to be a movement for the suppression of racial prejudice in Canada. The constitution of the union has been based on those of similar organizations in Ontario and New Brunswick.

The election of officers resulted as follows: T. D. Bouchard, M.L.A. for the county, and mayor of St. Hyacinthe, honorary president; Anthime Aros, of Rouville county, president; V. T. Doherty, of Buckingham, first vice-president; M. H. Morin, second vice-president; and Messrs. M. Lepite, J. E. Lareau, J. Audette, C. Duquette, L. Chicoyne and C. Lussier as directors. Rene Morin was appointed secretary-treasurer by the board of directors. T. D. Bouchard was appointed chief organizer for the province.

Mr. Bouchard began his work of organization without delay. He held his first meeting in the village of Lapresbiterie, where 40 farmers subscribed their names and officers were elected. The headquarters of the union will be in St. Hyacinthe.—Montreal Gazette.

### Shipment of Game Birds

Sportsmen, hunters, and others making shipments of game in Manitoba shall make a manifest, placing it on the outside of each bag of game, showing exactly the number and kind of birds offered for shipment, together with the number of license on which the game was shot. The season for hunting wild ducks and geese opens on Monday, September 16, and closes November 30.
