TURKISH BLACK SALVE,

UNDER THE PATRONAGE OF THE HONORABLE THE EAST INDIA COMPANY.

THIS SALVE, prepared from the original Receipt, procured from a celebrated Turkish Hakim, (physician) of Smyrna, in Asia Minor, and which has obtained an unprecedented celebrity in Great Britain and the East Indies, from the astonishing Cures performed by it in both these countries, has lately been introduced into Montreal. As might be expected, its popularity has followed it, and its use is becoming general among all classes. The contracted limits of an advertisement necessarily precludes entering into any adequate detail of its merits, but, for the information of the public, it is intended to publish, from time to time, such statements of cures as have or may occur. It has been used for the following complaints with the most complete success:—Sore or Swollen Glands, Broken Breasts, White Swellings, Whitlows, Scalds from Steamboat explosions, or other causes, Burns, Fever Sores, Scrofulous Sores, Sore Nipples, Carbuncles, Scald Head, Gun-shot Wounds, Bruises, Boils, Frostbites, Wens, Chilblains, Ulcerated and Common Sore Throats, and Bunions. HORSE AND CATTLE MEDICINE.

THE TURKISH BLACK SALVE

Is a valuable addition to the substances of Horse and Cattle Medicines; forming an excellent application to Saddle and Harness Galls, Scratches, Lameness, Lumpered or Contused Wounds, Tumors, Boils, Fistula of the Withers, Pole-Evil, Sand Cracks, False Quarter, Spongy Coffin, Thrush, Over-reaches, Bruises of the Frog, and other injuries of a similar character. It is also possessed of the power of effecting a speedy restoration of the diseased and indurated Glands remaining after Distemper or Strangles. It is also a very good application for the Pot-Boil in Sheep, and a necessary agent in the cure of Inflamed Udder in Mares, Cows, Sheep, and Bitches.

Fluorated Water.

WHEN first introduced by Mr. Jewsbury, for my supply of the "Fluorated Water," I was fully aware that I had found a remedy of great value; but my own experience has convinced me of its efficacy in various diseases of the Gums, and, more particularly, where scurvy and decaying gums have frequently occurred. In ordinary cases of sore throat, and for the use of Invalids, I have found it preferable to all other waters.

Having superseded my supplies until nearly two years experience of the Water, I feel confident now in its value; I have the first satisfaction in strongly recommending it to the Medical Faculty and the public, in the above application, in which I have found it superior to all the other Mineral Waters of Canada; and as a beverage it is not excelled; and recommend it as preferable to all the drinks usually taken during the warm season.

I may further state, that I recommend this Water to the members of my own family, and have always kept a supply in the house, since I have been completely satisfied with its valuable qualities.

LET THOSE WHO SUFFER TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen. It is better and more speedy than

HERE IS THE PROOF.

There is no other remedy that claims to subdue the cruel pangs of pain in wounds, sprains, or even burns, that requires the patient to use doses after doses before a favorable change is presumed. Not so with Radway's Ready Relief. Its effects are instantaneous; the first dose that is taken; or the first external application, commences its great work of relief from pain.

BEAR IN MIND,

That Radway's Ready Relief will cure either of the above-mentioned Diseases in one-tenth the time it takes any other Remedy to give even Partial Relief.

TAKING COLD.

This common complaint is commonly in the mouth of every person, in order to explain correctly the cause of which one is often, we think, have but a faint idea of its previous meaning. We will offer an explanation, which we believe to be the opinion of a majority of the most learned physicians. A person, for instance, has been over exerting any particular set of muscles, or the throat, from violent speaking;—of the joints, by too much stooping or bending, or the use of any other part of the body; these parts or muscles, have, as a consequence, become weak, and become a fair prey for any disease. The person who has been thus acting, accidentally or otherwise, exposes himself to the cold air; the perspiration immediately ceases, and the blood, which is in a heated state, is driven suddenly throughout the surface of the body; is repelled inwardly, and is sure to settle in those parts which have been previously wearied and relaxed. Here, then, we have the cause of a cold, a congestion, which often gives rise to all the pain and stiffness complained of in the first place. When this takes place in the throat, we have what is called Sore Throat; when in the joints, Lumbago or Stiff Neck; when in the chest, Pleurisy. We also have it in the shoulder-blade, side and other parts.

RADWAY'S READY RELIEF,

Taken Internally and applied Externally.

Its first action, when freely applied, is to blunt the acute sensibilities of the nerves, and almost instantly relieves the pain; its secondary action is to excite perspiration, and equalize the parts over which it is applied almost to a glow, thereby strengthening the weak parts, and determining to the surface, in these cases, the READY RELIEF should be applied freely, at the same time rubbing the parts with a piece of flannel, and it will be found in every case to give immediate and permanent relief.

N.B.—If convenient, a piece of flannel saturated with the RELIEF, and tied or pinned around the parts, does good service.

A BAD COUGH CURED IN TEN MINUTES.

Mr. Rigdon, of Brooklyn, the celebrated Church Singer and Organ-Player, on the night of the 10th of December was attacked with a severe fit of coughing—so that he coughed from 9 o'clock until 10 minutes, P. M., without three minutes intermission. One of the Clerks of Radway & Co., who sleeps in the next room, got up and gave him a tea-spoonful of the Relief internally, and bathed his throat, neck, and chest; he also saturated a piece of flannel with the Relief, and laid it over his chest. In a few seconds the coughing ceased, he could expectorate freely, and raised with perfect ease a great quantity of phlegm. The Relief instantly soothed the irritation of the throat, and removed the inflammation from the lungs, and gave free access to them, produced a free and copious perspiration of the throat and chest; and in ten minutes he was entirely free from pain, and sunk into a sound and pleasant sleep, from which he awoke in the morning free of pain and cough, and has not been troubled since. Let every individual who is troubled with a cough, sore throat, influenza, or hoarseness, pursue the same plan, and he will warrant immediate cure.

LAMENESS

If you have a stiff joint, a wrenched limb, a swelled leg, a bruise, or any thing short of a broken bone, Radway's Ready Relief will cure you. The lame have been restored to the free use of their limbs by a few applications of the Relief. The cripple, who has limped from spot to spot upon his crutch, has been relieved of his pain-ful infirmity, and cast his crutch away, and walked upright that Man should stand, by a few times using the Relief.

THE RHEUMATIC.

Who has been bed-ridden for years, shut out from the busy world, and lingered out a weary life upon a couch of dreariness, deprived of the society of friends, and the pleasures of life, has been *raised from a lingering death* by the soothing, healing, and pain-relieving influences of Radway's Ready Relief. In all cases of Rheumatism—even the worst cases—one trial of Radway's Ready Relief will prove its superiority over all other remedies in use.

BLEEDING AND BLIND PILES,

Are instantly eased, by taking the Ready Relief internally—say a tea-spoonful of the Relief in a wine-glassful of Molasses, and make a Cream of the Relief, by adding to it Sweet Oil, and anoint the parts affected. If the sores are very bad, use a little more Oil. Dip it in warm water, then wet it with the Relief, and lay it on the sores, you will have immediate relief and a speedy cure.

AGE VERSUS YOUTH.

Radway's Ready Relief renews the vigor of youth in old age. The old man, tottering on his crutch, feels its strengthening and exhilarating effects; it arouses the vital energies to life—the heavy and languid motion of the limbs, by the use of it, is changed to a healthy action—and the hitherto dull and stupid old man becomes active and vigorous in old age, and his life prolonged to the full number of his days.

FOR ALL PAINS

Whether internal or external, take Radway's Relief, or apply it externally, it will relieve pain and cure disease quicker than any remedy in use.

RHEUMATISM CURED IN TWO HOURS.

Mr. Jones, of Clifton, Va., writes:—A lady in this place has been confined to her room for four months with Rheumatism; she purchased a bottle of Radway's Ready Relief—in two hours she was able to leave the room, and in the evening she walked out.

No. 37, *Sackford Square, London.*

Doctor of Medicine of the Royal Academy of the University of Edinburgh; Licentiate of Apothecaries' Hall, London; Honorary Member of the London Hospital, (Physician Accoucheur).

This Work contains no secrets, and is recommended by all of the Antiquity of the Profession Generally. Nor are there the ordinary Quackeries to bolster and disguise the Author's Ignorance. Nor are there the usual Boasts of the Author's Success, but a Plain and Intelligible Treatise on Diseases, which, from the Author's Experience, he considers require a Peculiar Treatment for their Cure. Should any Case, however, not be mentioned, that those afflicted may be prevented from writing to the Author, he begs to say that he has had many years' practice, and has treated cases of every description, however far beyond the reach of Art, pillar-racked Men, and Females whose Constitutions have been undermined by Quacks, to whom it can be truthfully said, he forgives the Sins, but forgets the Sinners, and has the Gratification of knowing numbers of Persons who, after having been given up by the Faculty, and others, as incurable, have been restored to Health and Happiness by his Skill and Attention. Dr. LA'MERT has had the honor of being Consulted by Persons of the Highest Rank in Society, and the great extent of his practice for many years, is a guarantee for his Respectability and Honor.

ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Water of St. Leon and Caxton Springs, and have found a favorable result in every case. The improvement in various derangements and diseases I have found this Water over-rated, in the generality of diseases, decidedly superior to all other Waters. As a purgative, strengthening and alterative Water, and containing ingredients given them, for medicinal use, it is superlative.

Every case of Gun, Rheumatic, hereditary, or ill what-ever nature it is, that is promptly relieved, and if practicable, is cured, permanently cured, by the use of Dr. Sherwood's Galvanic Embrocation. Its gentleness, combined with its efficacy, is really startling to the gentleman, that has had used everything to cure the Gout, but to no purpose, after suffering severely, a visit to the White Sulphur Springs, repeated dosings and sweatings under the Hydropathic treatment, &c., &c., all to no avail. One year ago, he procured two bottles of Dr. Sherwood's Galvanic Embrocation, and the severest accident, and to a short time his former agonizing complaint was entirely removed.—*Southern Standard.*

THIS COMPANY, which has been established 30 years, commenced with a Subscribed Capital of $3,000,000, and was the first, 30 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premiums on Young Lives.

The security of a large realised and invested Capital.

Large Bonuses on Policies effected on the high Scale.

Prompt settlement of Losses.

The full value given for Policies when discontinued.

On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.

Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.

Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.

Insurances, if required immediately, may be effected any day between the hours of 10 and 4.

The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had *gratis*, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

NEW YORK
LIFE ASSURANCE COMPANY,

No. 1, *Princess Street, Bank, London.*

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at *much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

Resident Director.
