DISCONNECTS CURRENT

HANDLE WOUND WITH COPPER
WIRE, CONNECTING WITH
BATTERY INSIDE BAG

WILLIE
WESTINGHOUSE
EDISON
SMITH
PAT.

Willie made an electric attachment like this diagram.

Then he followed the messenger to see how it worked.

The messenger stopped right in front of Papa's club to light a cigar.

Papa was so angry at his carelessness that he seized the bag

He didn't know it was loaded, and touched the button.

He was mad clean through because his friends saw him.

PERCY ALMOST MAKES \$20, BUT THE BOTTOM FALLS OUT OF HIS SCHEME
