THE ACADIAN

WOLFVILLE, N. S., OCT. 17, 1890.

Local and Provincial.

The Supreme Court met at Kentville on Tuesday, Judge Mesher presiding.

Mr. Parker, station agent at Annapolis, has been appointed manager of the C. V. R. Mr. A. D. Hewat will succeed him at Annapolis.

The temperance meeting to-night in the Baptist church will no doubt be an interesting one and a who can do so should attend.

Minard's Liniment for sale everywhere.

The Pierian Society, of the Seminary, is to give a musical and literary entertainment in College Hall on next Friday evening, when a treat may be expected. We advise all who can to attend.

The Rev. T. Watson Smith, president of the Nova Scotia conference of the Methodist church, will preach next Sabbath two missionary sermons, at Horton at 11 a. m. and at Wolfville at 7 p. m.

The steamer *Halifax* arrived in Boston last Thursday at 11 o'clock with a full load of passengers. This popular steamer still continues to carry large numbers of passengers, sailing from Halifax every Wednesday morning.

Amherst Long Boots at Borden's, Wolfville.

New milch cow for sale at Harris Beattie's, Horton Landing.

The steamer *King Pate* arrived at Kingsport on Friday last to load apples for London, and is expected to have completed loading so as to get away tomorrow. She is 602 tons net register, was built in England in 1888, and is fitted to be especially well suited as a fruit carrier.

K. D. C. at G. H. Wallace's.

The Wolfville base-ball club has received a challenge to play a game with the Bridgewater team at Middleton on Tuesday next. The Bridgewater team has evidently been getting some good practice since our boys played with them a few months ago, and a good game may be expected.

The British brig *Alice* arrived at this port from Cornwallis, N. S., yesterday with a cargo of 1,610 barrels. She was expected to arrive before the new tariff went into effect. Apples were now offered free until last Monday, but now the duty is 25 cents per bushel. This is 62½ cents per barrel, or \$1,000 for the *Alice's* cargo.—*Boston Herald*, Friday.

Woonsocket Rubber Boots, in heavy and light weights, at Borden's, Wolfville.

We were shown at S. R. Sleep's hardware store the other day a very handsome parlor stove called the "Orient." It was made by the Burrill-Johnson Co., of Yarmouth, and we feel safe in saying is not inferior to those made anywhere for quality of stock, design and workmanship. Those who wish to see a very pretty stove should call and inspect it.

K. D. C. at G. H. Wallace's.

Mr. Thomas McKelvie, the agent of the Auxiliary Bible Society of Nova Scotia, will give an address in the Presbyterian church next Sunday evening. Meeting will begin at 8 o'clock, in order to give members of other churches an opportunity to be present after the close of their services. All interested in the spread of the Word of God both in this country and abroad are cordially invited to be present. A collection for the benefit of the society will be taken at the close.

K. D. C. at G. H. Wallace's.

The ladies of the Presbyterian church of Grand Pre, are going to make a grand effort in the way of a tea meeting, to be held in Borden's Hall on Wednesday evening, Oct. 22d. Their work is for a good cause and it would be well for all who can to give their assistance in every way possible, especially by putting in an appearance on that day. A Scotch musician is expected and if there will help to make it more pleasant. We think our people should try and be there and show that we take an interest in our sister village.

Athletic Entertainment.

Owing to the unfavorable state of the weather Saturday night the athletic entertainment that was held in Borden's Hall, Grand Pre, was not as successful as was looked for. Between 60 and 70 persons were present and were well pleased with all the performances. The race between the two local runners was very exciting and was won by Joe McDonald, Horton Landing. Arthur Farris and Bert Chipman ran with Prof. Woodman walking on the three mile heat. Farris succeeded in gaining one lap, but Chipman left after running half the distance. The tug-of-war was one of the principal features. Borden's team was too able for Dr. Chipman's, they pulled them about six inches. Dr. Chipman proposed to have the entertainment repeated the next moon light night. A motion was made and was carried with a unanimous vote. So Prof. Woodman consented to give another one in a fortnight's time for the same cause. Prof. Woodman's walking far exceeded their expectations and shows that he can carry out to the very letter everything he advertises. He is to give an entertainment in Hantsport in a short time. ONE PRESENT.

New Market for Culls and Common Apples.

The two Annapolis EVAPORATORS are now in full operation, one for paring, the other for chopping apples. A CASH MARKET is now established for all kinds of common and heretofore unmarketable apples, as wind falls, wormy, or spotted; in fact any variety or size apples not rotten.

Paring apples, two inches diameter and up, command (10) ten cents per bushel more than small.

At present agents named at foot are authorized to pay CASH ON DELIVERY in bulk at stations, for smalls, 24 cents per bushel; for large, two inches and up in diameter, 45 cents per bushel; or for large in barrels, old or new, 75 cents per barrel. If shipped in bags the bags will be returned.

It will pay farmers to gather all wind-falls, etc., weekly, before they rot, and at the same time make two good, large and small, and if any are required for feed, use the small only.

All having common apples to sell will please apply to:
