Several gentlemen had offered liberal donations to assist in establishing such a station as was universally admitted to be a necessity. A lively discussion followed the read ing of the report, which was finally laid

upon the table for four weeks. Resolutions endorsing the report of the committee and asking them to pre-pare a prospectus of the station, and also petition to the Dominion and Local izing the president to appoint agents to circulate said petition, and secure additional members to the association, were passed unanimously and the meeting ned to meet again on Tuesday, March 21st, at the same time and place.

The members of the association seem to be keenly alive to the importance of this great undertaking, and it is to be hoped they will receive the hearly cooperation and support of all parties interthe maritime provinces.
