"And it says to them, 'Kinsmer, hail!
We severel have been too long;
Now let have done with a wornout

tale,
The tale of an ancient wrong,
And our friendship last long as love doth
last, and be stronger than death is
strong."

Answer them, sone of the selfsame race,
And blood of the selfsame clau,
Let us speak to each other face to face,
And answer as man to man,
And loyally love and trust each other as
none but free men cav.

Now fling them out to the breeze, Shamrock, thistle and rose, And the Star Spangled Banner unfurl with these, A message to friends and foes, Wherever the sails of peace are seen and wherever the war wind blows.

A message to bond and thrall to wake,
For wherever we come, we twain,
The throne of the tyrant shall rock
and guake
And his menace be void and vain,
For you are lords of a strong young land
and we are lords of the main.

Yes, this is the voice on the bluff

out tale,
The tale of a nacient wrong,
And our friendship last long as love doth
last and be stronger than death is
strong."

Plebiscite. Plebiscite.

When? When? The Premier has assured his supporters that the bill will be passed this session "if they have to sit until dog days to do it." It does not look as if he considered it a light task. I But it is assuring to know that the Premier is pledged to keep his pledge. It is rather slow, it may be correspondingly sure. ngly sure.

The Plebiscite Bill.

The Oritical Time of Maternity and the Methods of a Famous Nurse to Restore the Mother's Strength.

From the Evening News, Detroit, Mich.

No woman is better fitted for sursing or has had more years of practical experience in that work than Mrs Moses Morris, of 340 Fourteenth street, Detroit, Mich. For twenty years she has been recognized as the best and most success ful nurse in confinement cases, and over three hundreds appy mothers can testify to her skillful nursing and care. Always engaged months shead, she has had to decline hundreds of pressing and pleading applications for her services. She has made a specialty of confinement cases, and has made so high a reputation in this city that her engagement, in all cases, is taken as a sure sign of the mother's speedy recovery.

Mrs Morris was a nurse in England before she came to America, and so was her mother and her mother's mother before her. When asked once by a leading physician the secret of her great success in treating mothers in confinement cases, as they build up the mother more uickly and surely than any other media.

Mis Morris was seen at her pretty little home on Fourteenth Street, and when asked regarding the use of these pills in her profession, ahe said: "Hawe used Dr. Williams' Pink Pills for Pale People since they were put on the market. They built me up when I was all rund down and so nervous I could not get any rest. After they had helped me I began to use them in restoring mothers in confinement cases. There is nothing that can be prescribed or given by a physication that will give health and strength to amother so quickly as Dr. Williams' Pink Pills for Pale People. It is true that in some cases where the father or parent levere prejudiced against the much advertised Dr. Williams' Pink Pills box.

"I have given them in hundreds of cases of confinement to the mother, and it is wonderful how they build up the system. I have practically demonstrated their great worth many times and have recommended them to bundreds of cases of for their young daughters. Yes, I have been successful in confinement cases, but I must give Dr. Williams' Pink Pills for Pale People a great part of the credit for the speedy recovery of mothers. They certainly have no equal as attength and health builder.
