

THE ACADIAN.

WOLFVILLE, N. S., JAN. 17, 1908.

Sanctum Suggestions.

One of the most important matters dealt with by the Municipal Council of late years has been the appointment of a Scott Act inspector. For several years the Kings County Temperance Alliance has at each annual meeting appeared before the Council in behalf of this appointment and their nomination has invariably received the position. In the carrying out of this policy good work has been done, until the liquor traffic in our county has almost become a thing of the past. The Alliance, realizing, however, that it is only by "eternal vigilance" that the traffic can be kept in check, followed the same course at the annual meeting of the Council this week, and on Tuesday the members attended the meeting in a body, and through their spokesman, Dr. Henry Chisholm, of Grand Pre, asked for the re-appointment of Mr. Ira L. Cox, of Canning, who in the past has done such faithful and efficient work, and through whose fearless and unflinching efforts such progress has been made in the enforcement of the Scott Act in this county. The matter was deferred by the Council to the meeting of the 24th day afternoon, a majority of the members preferring, apparently, to take action in this matter in the absence rather than in the presence of the members of the Alliance. On Wednesday afternoon when the matter came up for final action it was moved that Mr. Cox be re-appointed, which motion was supported by Councillors Reid, Anderson, Hamilton, Parker, Woodbury and Morse. The motion was opposed by the other eight members of the Council and therefore defeated. Warden McMahon then announced that he had a man to suggest for the position, Mr. L. B. Gould, of Aylesford, who was appointed to the office. The warden also suggested that a committee be appointed to direct the work of the inspector, on which committee he volunteered to act as chairman. Cousins, Morse and Griffin were appointed the other two members of the committee. The whole affair appears to be very transparent and the members of the Alliance and all interested in the progress of the temperance reform are naturally indignant. The action of the Council certainly bears every evidence of an attempt to throttle the operations of the Scott Act in this county. THE ACADIAN has no acquaintance with the new inspector, but the fact that he is the choice of the opponents rather than the friends of the temperance reform would indicate that whatever his personal qualifications he will not be a very energetic official. Mr. Cox, on the other hand, has been an excellent inspector and has the full confidence of the temperance people, and no good reason has been given for the Council's failure to re-appoint him. It has been openly hinted that in view of the near approach of a Dominion election there are those in the county who would prefer to see the liquor traffic have free scope during the coming year, and certainly the facts seem to warrant such an opinion. This action of the Council must convince the members of the Alliance that they made a serious mistake in not taking a hand in the municipal election last fall and seeing that men were elected on whom they could depend for support in the carrying out of their work. Over confidence has been the fault of the Alliance. The franchise is not yet dead in Kings county, and by every possible means is endeavoring to keep its grasp on public affairs.

The service in the German street Baptist church last night was under the direction of the Y. M. C. A. of Acadia College. The devotional exercises were led by Tilley Westmore. The choir was composed of Acadia students, numbering about thirty. Solos were rendered by Miss Maud Scott and R. F. Stalling.

William S. McIntyre gave an address on The Northfield Conference. George Keirstead spoke on the Acadia College Y. M. C. A. and Miss McCathern on the Relation of the Northfield Conference to Acadia College. All the addresses were especially good.—St. John Star.

The Colchester Sun says that a rumor comes from Cumberland to the effect that D. W. Robb may be the conservative candidate in the Dominion general elections. Mr. Robb is a great captain of industry, head of the well known large and progressive industrial concern known as the Robb Engineering Company.

Geo. V. McInerney, K. C., died on Sunday at his home in St. John, N. B., after a lingering illness. He was an able barrister and prominent in the public life of Canada, having represented Kent county for eight years in the Commons. He excelled as a public speaker.

The house at Annapolis known as the Ritchie house and more recently as St. Andrew's school has been purchased by Mrs. Nelain, widow of the late Hon. Mr. Nelain, until his death minister of education for the province of Manitoba.

Dr. A. Ross Hill, a Nova Scotian, has been chosen president of the University of Missouri, an institution having 1,000 students. He is but 37 years of age and a graduate of Yale.

The records show that the month of December last passed has been the warmest in thirty years and has probably never been exceeded in this respect in this country.

Rev. W. B. Hutchinson, D. D.

The President of Acadia altho a son of Colchester, made his first public address in Truro on Sunday last and his three addresses on that day have left a most favorable impression upon those who had the pleasure of hearing him. As a speaker, he does not rely upon high sounding phrases and rhetorical embellishment, but rather, perhaps with the consciousness that he has something to say, his manner of speaking is most direct and convincing. This does not mean by any means that his addresses are barren of adornment but simply that adornment is made subservient to the matter most admirable and pertinent in his use of illustrations. In his addresses on Sunday he made free use of these and always most pointedly. As a story-teller, he also showed wonderful aptitude and ability. The effect of his tale of Richard and Saladin from 'The Taisman' was masterly and his application almost unique in its fitness.

Before one has heard him speak at all a splendid impression is formed of the man. A splendid physique, a robust form and an honest determined face prepare the audience for a man of sterling worth and steady purpose. When he has begun to speak, the impression of stability becomes a conviction. The logical sequence of his ideas fix his addresses so upon one's mind that at the close one has a distinct and tangible recollection of the whole. This facility of leaving a lasting and clear impression of a discourse marks Dr. Hutchinson out clearly as the man for the position that he has been called upon to fill as the executive head of a great and progressive university. The Sun wishes Acadia and her Colchester president lasting success and immediate success in the present forward movement.—Colchester Star.

Modern Medicine.

No sane mother would wish her child treated under the conditions of medicine or surgery of half a century ago. Why then should she give her little one the old-fashioned medicines of half a century ago, which more likely than not contain poisonous opiates that cannot cure the child, but merely drag it into temporary insensibility. Baby's Own Tablets is a modern medicine prepared with all the care and skill of modern medicine science. And the mother who gives this medicine to her child has the guarantee of a Government analyst that it does not contain one particle of opiate or poisonous soothing stuff. This medicine cures all the minor ailments of little ones, and makes baby a healthy, laughing, happy child. Sold by all medicinal dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Prohibition Gains.

In twenty-two municipalities in Ontario local option was carried on Monday and in only one out of five in which a repeal by-law was submitted did it meet with defeat. This indicates that the idea is growing in favor. Localities that have not experienced local option are inclined to try it; those that have it are not disposed to dispense with it. Many reasons combine to make the public favorable to the prohibition principle. The desire for sobriety, the yearning for the reform of friends who have fallen, the feeling that the neighborhood will be better without liquor are among the sentiments that bring people to the polls to vote against the licensing system. A very strong influence, however, is the presence in a community of the hotel of the lower class, kept by a man of bad principles and of bad habits. Such an establishment will do much harm, because of its indiscriminate sale of liquor and its inducements for idleness and youth. When a place of this kind is doing its destructive work, what wonder is there that the people of the municipality should rise up and sweep the entire business away?—Toronto Mail and Empire.

Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's Stomach and Liver Tablets. Mr. J. P. Klotz, of Edine, Mo., says: "I have had a great many different medicines for stomach troubles, but had Chamberlain's Stomach and Liver Tablets more beneficial in any other remedy I ever used. For sale by Rand's Drug Store."

Mrs. Ford, wife of Rev. E. C. Ford, of George St. Christian church, died somewhat suddenly Sunday morning—although she had been ailing for a few months, and the end was not altogether unexpected. Mr. and Mrs. Ford came to Pictou a couple of years ago, during which time the deceased lady won the respect and esteem of many friends. Mrs. Ford was 67 years of age. Two children survive—a son, Rev. Frank Ford, and a daughter, Mrs. Stevens, both residing in Cleveland, Ohio. Yesterday a funeral service was held at the home, previous to the removal of the remains to the railway station, to be taken to Liverpool, N. S., for interment.

Rev. and Mrs. Ford formerly resided at Fort Williams and their many friends in this vicinity will hear with deep sorrow of the latter's death.

Can You Write One.

Eight Prizes to be awarded in a Letter Writing Contest Open to Everyone in the Maritime Provinces.

Dr. Williams' Pink Pills for Pale People have been used in the Maritime Provinces for a generation. Hundreds of remarkable cures have been reported during that time and there is scarcely a family in which the remedy has not been tried with beneficial results. This furnishes the material for the letter to be written in this contest. There is no demand upon the imagination; every letter must deal with facts and facts only.

THE PRIZES.

The Dr. Williams' Medicine Co. of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 1st day of February, 1908, from the Maritime Provinces on the subject 'Why I Recommended Dr. Williams' Pink Pills.' A prize of \$10.00 will be awarded for the second best letter received; a prize of \$5.00 for the third best letter; and five prizes of \$2.00 each for the next best five letters.

THE CONDITIONS.

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case, or one that has come under his or her personal observation.

More than one cure may be described in the letter, but every statement must be literally and absolutely true.

The letter should be no longer than is necessary to relate the benefit obtained from the remedy in the case described.

Every letter must be signed by the full name and correct address of the person sending it. If it describes the cure of some person other than the writer of the letter, it must also be signed by the person whose cure is described as a guarantee of the truth of the statements made.

The writer of each letter must state the name and date of the paper in which he or she saw this announcement.

Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of award.

It is understood that Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so.

The contest will close on Feb. 1st, 1908, and the prizes will be awarded as soon as possible thereafter. Do not delay. If you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows:
The Dr. Williams' Medicine Co., Brockville, Ont., Letter Contest Department.

ALL SICK WOMEN SHOULD READ MISS SCHWALM'S LETTER

In All Parts of Canada Lydia E. Pinkham's Vegetable Compound is the Eminent Remedy.

Many wonderful cures of female ailments are continually coming to light which have been brought about by Lydia E. Pinkham's Vegetable Compound, and through the advice of Mrs. Pinkham, of Lynn, Mass., who has given to sick women absolutely free of charge.

The present Mrs. Pinkham has for twenty-five years made a study of the life of her sex; she has consulted with and advised thousands of suffering women, who today owe not only their health but even life to her helpful advice. Miss Annie E. Schwalm, of 235 Spadina Ave., Toronto, Ont., writes:

Dear Mrs. Pinkham—

Lydia E. Pinkham's Vegetable Compound a specific for female weakness with which I have been troubled for years, and had long expected to die, but which I have now completely overcome. I was in a very short time a healthy and happy woman. I am now a healthy and happy woman, and I am most grateful to you for discovering such a wonderful remedy for suffering women.

The testimonials which are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female ailments.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, of Lynn, Mass. She will write in return for her advice. It is absolutely free, and to thousands of women has proved to be more precious than gold.

Don't Take the Risk.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many cures of coughs and colds have won for it this wide reputation and extended use. Sold by Rand's Drug Store.

Truro Real Estate Mart

Notice to Farm Owners in N. S.

We are just completing arrangements that will put us in touch with a large number of farmers in Great Britain who intend coming to Acadia during the ensuing winter and spring.

The largest list of farms for sale we can show, will give the greatest chance for choice, and show Nova Scotia to be the place they are looking for.

If you have a farm for sale we would be glad to list it, and will furnish blanks for description.

No charge for any work done till property is sold, then only a small commission, the amount of which is set out in blank matter.

Please act promptly as the time is short.

W. D. MacCallum,

Truro, N. S., Oct. 28th, 1907.

Death of Prof. F. H. Eaton.

The death of Prof. Frank H. Eaton, a former well-known resident of this county, occurred at Victoria, B. C., on Sunday. Mr. Eaton was a native of Kentville, where he was born in 1851. He was a graduate of Acadia in the class of '73, and was for some time instructor of Greek and natural science at Horton Academy. He was in 1879 appointed as teacher in mathematics and physics at the Normal School at Truro, which position he filled with marked ability. He was an active member of the senate and board of governors of Acadia College for several years, and took a foremost part in the organization of the Summer School of Science, of which he was for two years president. In 1893 he returned to Kentville and purchased the New Star newspaper from the late James Stewart. He changed the name to the Advertiser, and continued the journal until 1897, when failing health compelled him to seek another climate. He went to British Columbia and obtained the position of inspector of schools in Victoria, which position he filled for ten years.
