OUR TOWN NURSE

To the Editor of THE ACADIAN.

Dear Sir:—May I say a word concerning the splendid work being now carried on by Miss Harry, the Victorian Nurse? Hardly a week passes but I am brought in personal contact with her ministrations among the poorer classes of this town. What a blessed change in conditions in cases of sickness I have observed. How much suffering has been relieved, how many dangerous illnesses avoided, and how many lives have been saved. Of all the improvements brought about in this town since I came here nearly twenty-three years ago this is I think the most fruitful in good results. The promoters of this movement deserve well of this town and it is inconceivable how we can ever go back to the old conditions, when people suffered and languished and died for want of expert care. The town of Wolfville has been most fortunate in securing Miss Harry's services, for besides being a most competent nurse, she is a young lady of fine character and attractive and winning personality and one who is a welcome visitor to every home. I am sure the medical men of Wolfville will bear me out when I say it is difficult, in fact impossible, to speak too highly of Miss Harry's work in our town.

CLINIC NOTES

The Championship Game.

Tom's team lost the base ball championship and Tom was to blame. At least that was the opinion of his team mates. For many days he had practised pitching curves and after each rehearsal had carefully rubbed his muscles so that they would not get sore. But Tom did not imagine teeth had anything to do with playing base ball, and he had not cared for them as he had his arm.

The night before the game, while the other boys were dreaming of the next day's contest, Tom tossed with pain, and when his team ran out into the field cheered by many friends, Tom sat at home with a swollen face.

It was years ago that this base ball game occurred and today Tom is a man playing in the more serious games of life—but he has never forgotten the lesson of healthy teeth, and he now cares for them diligently, so that he will not be counted out in the next contest for championship.

Civic Rulers Hold Monthly Meeting

Receive Delegations and Transact Important Business—Town Now Has Credit Balance.

The meeting of the Council on Wednesday evening was a lengthy one and did not terminate until midnight. It was the regular monthly session of the town administration and Mayor Sutherland and all the Councillors were in these places when the meeting convened shortly before eight o'clock. Councillor elect Peck was also present and after the minutes of previous meetings had been read and the Clerk had presented his report on the recent election the oath of office was administered by the Mayor who in appropriate terms welcomed the newcomer to the Board.

The Streets Committee reported an expenditure during the month in that department of \$287.50 for hauling gravel, grading sidewalks and cleaning streets. Verbally Coun. Young reported that it was proposed to grade and gravel Main street from the end of the pavement to the town limits; that no delegation from the residents of Prospect street had been heard from and that the proposed work there would be performed; and that we are to have no sidewalks this year.

Coun. Whidden, who has been acting as chairman of the Water Committee, reported the condition of the reservoirs as quite satisfactory and that they are now holding all the water that is considered safe. Coun. Peck, who succeeds the late Coun. Nowlan as chairman of this Committee, will preside over the department of Fire and Water for the remainder of the year and is evidently well qualified to handle the affairs of that department, some of which demand immediate attention.

Coun. Wheaton, chairman of the Sewer Committee, reported that the work on Kent avenue had not yet been completed, having been held up on account of the work of the Water Committee. The sewer has been laid on Willow avenue as far as the tenement of C. F. Stuart.

Coun. Whidden, chairman of the Police Committee, reported receipts \$127, and Coun. Eaton, Chairman of the Poor Committee, expenditures amounting to \$47.50.

Coun. Cox, chairman of the Finance Committee, reported on the financial condition of the town. Out of the revenue from assessment of \$39,000, payments of \$28,000 had been collected up to the end of May. The overdraft had been wiped out and a credit balance of \$6,922.42 now exists at the bank.

Mr. P. S. Halsey appeared before the Council asking that a reduction be made in his assessment, from which he had no opportunity of appealing owing to absence at the beginning of the year. The Council heard his story and reduced his total valuation from \$4000 to \$3350.

A letter was read from Mr. W. H. Chase, president of the Willow Bank Cemetery Corporation, stating that if the town will acquire the land on Gasperau avenue lying between their property and the street for the purpose of properly widening and improving the street, the Cemetery will contribute half the cost. This matter was discussed at length, Mr. R. E. Harris and Dr. Manning representing the corporation. It was finally resolved that no action be taken on account of the financial situation.

Mr. Duggan, of the Crown Bakery, appeared before the Council with reference to his licence to do business in Wolfville. The fee was fixed by the Committee at \$50 for six months and was approved by the Council.

A request from the V. O. N. for the \$300 voted them by the Council was read and it was decided that the amount be contributed in two payments of \$200

and \$100. The work of fitting up the new lock-up was placed in the hands of the Police Committee.

Objection having been taken to the appointment of Rev. J. H. Bars as one of the Revisors of Electoral Lists on the ground that such appointment was irregular as under the law no ordained minister could hold such office or in fact any office under the Council, the position was declared vacant and Mr. J. W. Williams was appointed to fill the vacancy so created.

The following accounts were read and ordered paid:

CAMP HILL PATIENTS VISIT WOLFVILLE

On Saturday last our town was visited by patients and members of the staff of Camp Hill Hospital, Halifax. The visitors arrived by auto at about 11 o'clock and were met and welcomed by citizens including the president and members of the G. W. V. A. Mrs. J. Elliot Smith generously entertained a number of the more seriously disabled at her hospitable home and the remainder to the number of about 158 were dined at the Royal and Acadia Villa Hotels and the Tea Room as guests of the citizens of Wolfville. Mrs. Smith furnished "Smokes" for the party, and Mrs. W. H. Chase contributed a barrel of apples which were highly appreciated. During the afternoon rain interfered somewhat with the pleasures of the occasion but the visitors apparently enjoyed the outing fully. Most of the party drove to Kentville where they enjoyed the horse show as the guests of Mayor Chesley and were later entertained to tea at the Experimental Farm, the guests of the ladies of the town.

Halifax people who provided cars for the transportation of the returned men was Lieut.-Governor Grant, who was untiring in his efforts to promote the success of the outing.

SOCIAL SERVICE COUNCIL

Of Kings County Holds Interesting Gathering at Kentville.

The Kings County Social Service Council met in the Town Hall, Kentville, on Wednesday afternoon at which the county of Kings was well represented. The following officers were appointed:

President—S. B. Chute, Berwick
Vice Pres.—W. E. Porter, Kentville
Secretary—Rev. G. W. Miller, Wolfville

Treasurer—R. S. Lamont, Kentville
These with the following to comprise the Executive with power to add to the number:

Mrs. F. Crichton, Berwick
Miss Stuart, Grand Pre
W. B. Burgess, Woodside
Norman Bowly, Aylesford
N. W. Eaton, Canning
A. S. Banks, Waterville
C. C. H. Eaton, Canard.

After discussion the following resolutions were passed:

Whereas the Nova Scotia Temperance Act provides that in the case of any physician who in the opinion of the Inspector-in-Chief is imprudent or careless in the giving of certificates under the Act, the certificates that may be given by such may be limited by the inspector to a number approved by him;

Therefore resolved that this convention of the Social Service Council of Kings Co. require the Valley Medical Association to take action to the end that the smallest number possible of such certificates be issued and expresses the hope that the Medical Association will recommend a maximum number not exceeding twenty-five per month.

The second resolution was as follows: Resolved that this Council request the Government of N. S. to assume responsibility for the establishment of prison farms in the province.

At a meeting of the Executive presided over by Mr. S. B. Chute the following committees were appointed:

Finance—R. H. Lamont, W. B. Burgess, John Chute, Miss Stuart, Mr. C. H. H. Eaton.

Temperance—Rev. Mr. Prosser, N. W. Eaton, Fred Fisher, W. E. Porter, D. McIvor.

Child Welfare—Miss Stuart, Mr. H. H. Eaton.

During the afternoon, addresses were given by three of the most prominent Social Service workers in Canada, Dr. W. R. Grant, Dr. Shearer and Miss Charlotte Whidden. Too much cannot be said in praise of these addresses. They were interesting and informing.

Miss Whidden is one of the very best speakers that has ever visited this part of the province and is thoroughly conversant with the progress of social legislation in the different provinces of Canada as well as in other countries. She graduated four years ago from Queens University and since that time has been engaged in this work. Her subject was the Moving Picture.

She told of the vastness of the business and the enormous sums running into millions invested in it. The local picture house does not stand as a unit but is only part of a great system.

The pictures flow out from great distributing centres to the cities, towns and villages in all the land. Toronto is the chief distributing centre for Canada, but the centre for Toronto, Montreal, Boston and other centres is New York. Nearly all the pictures shown in Canada flow out from New York, millions of feet of film paying thousands of dollars into the Canadian customs.

These pictures are made primarily to sell and the whole concern is handled by shrewd business men who will produce what the people want. The kind of pictures shown reveals what observing men whose business it is to observe correctly, think about the good taste and moral sense of the constituency. The censor can keep out the immoral, unclean and suggestive, that is his duty as a public servant. It is the duty of the public to see that the censor's duty is faithfully performed.

Dr. Shearer spoke on Child Welfare. He made a powerful appeal for the child of unmarried parents, the only innocent one of the trio concerned. He told about the working of the legislation in favor of such children in other provinces and its good results. General regret was expressed that the reasonable progressive and humane bill in regard to this matter had again failed to pass the legislature of Nova Scotia.

Mr. T. A. Meister, of New Ross, who received the degree of M. A. at Acadia last week, has since been admitted to the ranks of the benedicts, having married a Miss Silver, of Goldboro, Gushyboro county. Mr. and Mrs. Meister have been spending their honeymoon among the apple blossoms of the Annapolis Valley guests at Acadia Lodge, Wolfville.
