

BANISH PIMPLES AND ERUPTIONS

In the Spring Most People Need a Tonic Medicine

If you want the best of health and new strength in the spring you must build up your blood with a tonic medicine. Following the long, indoor winter months most people feel depressed and easily tired. This means that the blood is impure and watery. It is in this state of the blood that causes pimples and unsightly eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp, stabbing pains of sciatica and neuralgia; poor appetite, frequent headaches and a desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines—you need a tonic, and a tonic only, and among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve-restoring powers. Every dose of this medicine makes new, rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to weak, tired out, ailing men, women and children. If you are feeling out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits and fill your veins with new, health-giving blood. Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail for 50 cents a box or six boxes for \$3.00 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

SIZE OF HUMAN FEET.

Sane Men Have Large Feet and Sane Women Small.

Sane men have large feet and sane women small feet. Conversely, beware of the small-footed man and the large-footed woman. That, broadly speaking, is the upshot of a statistical paper bearing on the relation between feet and sanity which has just been read to the Paris Academy of Sciences by Professor Edmund Perrier.

Out of a hundred normal men, according to the report, eighteen have small feet, and out of a hundred insane men only twenty-four have large feet. The proportions for women are almost exactly reversed. Twenty-three sane women out of a hundred have large feet, and, on the contrary, only 18 per cent. of mentally deficient women have small feet.

The ancient opinion that a small foot is a beauty in a woman is thus proved sound. Even the Chinese may be justified if by reducing a woman's foot you may increase her sanity.

Heine once set himself up as an authority upon the human foot. He said that he had made a special study of feet in general, first the feet of the lesser quadrupeds, then the feet of elephants, and finally the feet of the women of Göttingen. But then he had a grudge against Göttingen, and gallantry was not his forte. So Heine need not be taken seriously.

A GREAT REMEDY FOR LITTLE ONES

That is what thousands of mothers say of Baby's Own Tablets. They have received thousands of letters praising them—we have yet to receive a single one condemning them. The Tablets cannot possibly do harm even to the newborn babe. They contain none of those poisonous drugs which make the so-called "soothing" mixtures so dangerous to the welfare of the little one. They are a scientific medicine prepared by one of the greatest specialists on childhood ailments and should be kept in every home where there are babies or small children. Mrs. Fred McCarthy, Pinewood, Ont., writes: "I have used Baby's Own Tablets and have found them a great remedy for little ones. I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Little Willie—"Say, pa, doesn't it get colder when the thermometer falls?" Pa—"Yes, my son." Little Willie—"Well, ours has fallen." Pa—"How far?" Little Willie—"About five feet—and when it struck the porch floor it broke."

Pills That Have Benefited Thousands.—Known far and near as a sure remedy in the treatment of indigestion and all derangements of the stomach, liver and kidneys, Parmenter's Vegetable Pills have brought relief to thousands when other specifics have failed. Innumerable testimonials can be produced to establish the truth of this assertion. Once tried they will be found superior to all other pills in the treatment of the ailments for which they are prescribed.

Be careful never to use too much butter in cake. Use a scant amount rather than what the rule calls for and it will save many a poor cake.

A MAD CAMEL.

A Traveller's Experience in the Dead Sea Region.

In fact or in imagination, every one has experienced the terror that follows the cry, "Mad dog!" Other animals, when deranged, may be even more formidable than the dog. Robert Hichens, describing a trip "From Jericho to Beth-lehem," draws a striking picture of the Dead Sea region—lying as if under a hand lifted in imprecation; but in the midst of this lifelessness, presently in the distance appeared a moving object.

It was a camel, quite alone, going slowly toward the Dead Sea, as if it had been driven, like the scape-goat, into the wilderness bearing a burden of evil. As I watched it, it turned its head toward us, changed its direction, quickened its pace, and began to follow us.

At the same moment my Arab coachman made a furious assault with the whip on his three horses, which broke into a gallop. My companion, a Syrian, spoke to him in Arabic, received a reply, and looked very grave.

"What is the matter?" I asked. He told me that the camel which was following us was mad, and that our coachman had been warned of its presence in the wilderness by the Bedouin at the Dead Sea.

As we galloped on, away from side to side, and often looking back at the beast, which steadily, although at a considerable distance, came after us, my friend regretted that we were not armed, and said that if we were overtaken we should be in a serious difficulty. It was then I looked for our Bedouin guard and did not find him. Fortunately, his absence was not of consequence to us, for the maniac in our tracks was evidently too tired to come up with us, and we reached the Jordan in safety.

Once there, we were among trees, and even if we had still been pursued, could very easily have got away. Our predicament might have been very disagreeable, and even dangerous, for a mad camel, once its attention is fixed on any moving object, will generally pursue it unflinchingly till it is overtaken. I have known an instance when one followed an acquaintance of mine, who was mounted on a fine Arab horse, and overtook him after a pursuit that lasted more than three hours. Luckily, the man was armed with a gun, and when he was forced to turn to bay, shot the camel.

The ancient opinion that a small foot is a beauty in a woman is thus proved sound. Even the Chinese may be justified if by reducing a woman's foot you may increase her sanity.

Heine once set himself up as an authority upon the human foot. He said that he had made a special study of feet in general, first the feet of the lesser quadrupeds, then the feet of elephants, and finally the feet of the women of Göttingen. GRAND OLD MAN OF THE PRAIRIES

DECLARES HE OWES HIS SPLENDID HEALTH TO DODD'S KIDNEY PILLS

Suffered for twenty-five years from Rheumatism and Kidney Disease—three boxes of Dodd's Kidney Pills made him a new man.

Swift Current, Sask., May 1st (Special).—Seventy-six years of age, but strong and healthy, Mr. J. P. Lackey of this place is one of the grand old men of the prairies. But Mr. Lackey has not always enjoyed his present health.

"For twenty-five years," he says, "I suffered from rheumatism, which I inherited. I was nervous. My limbs would swell and I had a severe pain across the back. I also had a heavy dragging sensation across the loins. I am a well man to-day and I attribute it all to three boxes of Dodd's Kidney Pills. My Rheumatism and Kidney Disease have entirely disappeared."

Mr. Lackey is showing his appreciation of Dodd's Kidney Pills by buying them and presenting them to his friends. He has joined the great army of those who have learned from their own experience that as a giver of new life to old and young Dodd's Kidney Pills stand without an equal.

THE GULF STREAM.

An authority announces that the Gulf Stream is running strongly this spring, and that a warmer summer may be looked for in England.

A Pill That is Prized.—There have been many pills put upon the market and pressed upon public attention, but none has endured so long or met with so much favor as Parmenter's Vegetable Pills. Wide-spread use of them has attested their great value, and they need no further advertisement than this. Having firmly established themselves in public esteem, they now rank without a peer in the list of standard vegetable preparations.

AWFUL.

Mrs. Willis—"Isn't it awful the way people paw over goods in a store?"

Mrs. Gillis—"Shocking. I went over to the waist counter this morning and picked up every single garment and there wasn't one that didn't have the marks where somebody had been handling them."

REST AND HEALTH TO MOTHER AND CHILD.—Mrs. Winslow's SOOTHING SYRUP has been used for over FIFTY YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE SUFFERING WITH PERFECT SUCCESS. SOOTHES THE CHILD, SOFTENS THE CUMS, ALLAYS SICKNESS, CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is a SWEETLY PALATABLE. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

A popular man is one who is liberal with his money and stingy with his advice.

Minard's Liniment used by Physicians.

"A great many people owe their lives to that doctor," said Kickington. "Is he an able physician?" "It isn't exactly that that I referred to. He is never in when you want him."

Some persons have periodical attacks of Canadian cholera, dysentery or diarrhoea, and have to use great precautions to avoid the disease. Change of water, cooking, and green fruit, is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed no future trouble will be experienced.

Snipper—"If a man knows how to do it, he can jump off a twelve storey house without hurting himself." Snapper—"How on earth could he do that?" Snipper—"By jumping off the ground-floor window-sill."

TRY MURINE EYE REMEDY for Red, Weak, Watery Eyes and Granulated Eyelids. Murine Doesn't Smart—Soothes Eye Pain. Druggists Sell Murine Eye Remedy, Liquid, 25c, 50c, \$1.00. Murine Eye Salve in Aseptic Tubes, 25c, \$1.00. Eye Books and Eye Advice Free by Mail. Write for Murine Eye Remedy Co., Chicago.

"Willie," said an interesting mother to her first-born, "do you know what the difference is between body and soul? The soul, my child, is what you love with; the body carries you about. This is your body," touching the little fellow's shoulder, "but you know, my child, there is something deeper in. You can feel it now. What is it?" "Oh, I know," said Willie, with a flash of intelligence in his eyes, "that's my flannel shirt."

If one be troubled with corns and warts, he will find in Holloway's Corn Cure an application that will entirely relieve suffering.

"SNAP" is a wonder-worker in the home. Try it on those pots, pans and kettles that soap won't clean.

People are discovering new uses for "S.N.A.P." every day. Try it yourself. 15c. a can. 50

EIKER-HOFF REMEDY
ASTHMA, CATARRH, MAY FEVER, CAN BE CURED. THE RAVAGES OF CONSUMPTION MAY BE STOPPED. WRITE FOR SAMPLE. WILLIAMS MEDICINE CO. 106 FULTON ST. N.Y.

AEROPLANE WAR.

People Will Have to Find Shelter Underground.

M. Mallet, a member of the French Aeronaut Club, analyzes the various changes science has brought into warfare, and points out that though the more primitive weapons have been gradually replaced by rifle and cannon, the field of battle has hitherto remained the same. Aviation has, however, changed all this, and thus completely revolutionized military science. All the time, labor and money spent in fortifying frontiers is now useless. For no number of troops massed behind the ramparts will any longer be able to arrest the flight of the new war birds.

Thus the whole of the military edifice, which men and nations have given of their best to build, falls like a house of cards, and the education of the modern warrior must begin all over again. The conquest of the air has shaken the throne of Mars to its very foundation. In addition to destructive comments on the wanton waste of millions spent on weapons and dreadnoughts, which the flying machine will render obsolete, the author gives a weird picture of a battle in the air. Before the imagination recoils in horror. We are told that in order to escape certain death the people of vast cities like London, Paris and New York will have to seek shelter underground. Life under such conditions would be a torture. The whole race would be transformed and have to adapt itself to subterranean cities, where every day existence would be the living death of the tomb.

He—My stock in trade is brains. She—You've got a funny looking sample case.

Shiloh's Cure
quickly stops coughs, cures colds, breaks the throat and lungs. 25 cents.

Mrs. Diggs—"Did you hear about Mrs. Naggsby's misfortune?" Diggs—"No; what was it?" Mrs. Diggs—"She lost her voice suddenly a few days ago." Diggs—"Huh! I wondered why Naggsby looked so cheerful when I met him this morning."

Ask for Minard's and take no other.

Jack—"Congratulations, old man. Miss Fussleigh has made me happy for life." Tom—"Indeed! When is the wedding to take place?" Jack—"Never. She refused me."

For over fifty years Rheumatism and Neuralgia sufferers have found great relief in Hamlin's Wizard Oil. Don't wait for inflammation to set in. Get a bottle to-day.

Mother—"Gertrude, I'm afraid you made a mistake in refusing that Mr. Juniper." Daughter—"Why, mother?" Mother—"Why the weak manner in which he took your refusal shows that he is of the stuff that husbands should be made of."

Sally Gray—"What a cunning little fellow Mr. Callipers is!" Dolly Swift—"Cunning? Why, he's dreadfully bow-legged." Sally Gray—"Yes, but that gives him such an arch look, you know."

DODD'S KIDNEY PILLS
CURES ALL KIDNEY DISEASES
URIC ACID, GRAVEL, RHEUMATISM, BRONCHITIS, DIABETES, BACKACHE, ETC.

ISSUE NO. 19-11.

WAR AEROPLANES.

Russia Has Decided to Buy a Big Fleet.

An English representative of the Aeroplane Purchasing Committee of the Russian Government which has decided to spend \$4,500,000 without any delay upon military airmanship, visited the Aero Exhibition at Olympia, London, accompanied by two of the Russian Government airmen. Russia has decided to buy a fleet of 300 war aeroplanes, all the machines to be delivered before the end of the summer; and the Russian agent spent a whole day discussing British aeroplanes with the English makers. Already the Russian Government has bought eight British-built biplanes, five Farman biplanes, and forty Blériot monoplanes.

Experts from the British War Office have been examining machines closely since the show opened. "We have now," explained M. Norbert Chereau, manager for M. Blériot, "no fewer than eighty war aeroplanes to supply to the order of the French military authorities. So great is the demand now for war aeroplanes for various countries that M. Blériot cannot deliver any more two-seated military machines for reconnoitering work for the next five months."

13 WEEKS IN HOSPITAL.

Came Away No Better and Then Two Boxes of Zam-Buk Worked Complete Cure.

Mr. Fred Mason, the well-known upholsterer and mattress manufacturer of St. Andrews, N.B., says: "I had eczema on my knee, which caused me terrible pain and inconvenience. The sore parts would itch and burn and tingle, and then when rubbed or scratched, would become very painful. I tried various remedies but got no better, so I decided to go to Montreal and take special treatment. I received treatment from the Montreal General Hospital for thirteen weeks, but at the end of that time I was not cured, and almost gave up. A friend advised me to give Zam-Buk a trial and although I had little hope of it doing me good, I took the advice. Almost as soon as applied Zam-Buk stopped the itching and the irritation. I persevered with the balm, and it was soon evident that it would do me good. Each day the pain was reduced, the sore spots began to heal, and by the time I had used a few boxes of Zam-Buk I was cured."

For eczema, blood-poisoning, piles, ulcers, sores, abscesses, varicose ulcers, bad leg, sore feet, blisters, insect stings, poisoned wounds, cuts, burns, bruises and all skin injuries and diseases, Zam-Buk is without equal. Zam-Buk Soap should also be used for washing all wounds, eczema patches and sores. All druggists and stores sell Zam-Buk at 50c. box and Zam-Buk Soap at 25c. per tablet, or from Zam-Buk Co., Toronto.

SHAMIKIN.

"Do you use condensed milk in your house?" "I guess so. We order a quart a day, and the milkman squeezes it into a can that holds about a pint."

Minard's Liniment Co., Limited. Dear Sirs,—Your MINARD'S LINIMENT is our remedy for sore throat, colds and all ordinary ailments. It never fails to relieve and cure promptly. CHARLES WHOOTEN. Port Margrave.

"A little change of heir," remarked the old man as he altered his will, cutting off his nephew in favor of a distant relative.

It Will Cure a Cold.—Colds are the commonest ailments of mankind and if neglected may lead to serious conditions. Dr. Thomas Electric Oil will relieve the bronchial passages of inflammation speedily and thoroughly and will strengthen them against subsequent attack. And as it eases the inflammation it will stop the cough because it allays all irritation in the throat. Try it and prove it.

The jaw bone was probably the original bone of contention.

BACK TO THE LAND.

In a recent address to the Royal Society, Lord Robson declared that men of science have unconsciously attacked the problem of overcrowding in cities by rendering it possible and profitable for factories to be established away from great towns. This results from improvements in the transmission of electric power whereby the factories may have the precise amount of power they want sent down to them every morning by wire at a trivial cost. The result will be, he thought, that "some day manufacturers will begin to go back to the land, and we shall regard engine-building or soap-boiling as rural occupations."

Oxide of Zinc Vaseline

Quickly Heals Eruptions Sores and Wounds

12 Vaseline Remedies in Tubes Capsicum, Borated, Mentholated, White Carbollated, Camphorated, etc. Each for special purposes. Write for Free Vaseline Book. Check through M.G. & B.O. Check for Medical.
