Not a Bit Generous. (Kingston Whig.)

The Hamilton Spectator is displeased because the Council, which is somewhat Gritty this year, allows only thirty-seven Conservative deputy returning officers out of seventy, other appointments being divided between the Liberals and Laborites. It is such a contrast with what has prevailed in Hamilton during the years when the Conservatives had the control of things and ran them on the most partisan bias. There is no reason why the municipal machinery should be manipulated by the politicians. The deputy-returning officers are the epresentatives of the city clerk, and as he is responsible for their work he should have to do with their selection. As a rule, he is willing to accept of hyperselven codes which may be a support of the provincial Winter Fair, Guelph. On account of the Provincial Winter Fair, Guelph. As a rule, he is willing to accept of suggestions from the aldermen, however, and while in Kingston there has been a reasonable division of honors, in Hamilton the Tories have, when they could, a monopoly of the positions. Even in an off-year the Spectator seems to be unhappy because the election agents are not of the usual political complexion. The Whig thought the Spectator was becoming so generous-minded that the revelation of the day is sadly disappointing.

# ARE AFRAID OF A MASSACRE.

HORSEMEN RAIDING KURDISH AND PILLAGING VILLAGES.

Twenty-four Villages Robbed and Burned —Danger of Severe Famine—Move-ment in Favor of Autonomy—Sultan

Constantinople, Nov. 27.—The lawless activity of the Kurdish tribes in the Arkeno-Kurdish districts of Erzeroum, Arkeno-Kurdish districts of Erzeroum, Bitlis, Kharput and Diarbekir is causing lively concern at the Porte, particularly as the foreign Embassies are urging that prompt measures be taken by the Government to prevent a possible massacre. Under the protection of the notorious Ibraham Pasha, who is known as the "Despot of Kurdistan," Kurdish, horsemen are making raids without disherimination, Turkish villages suffering equally with Armenian homesteads on the plains around Diarbekir and Jeziren-Ibn-Omar. Sixteen villages have been pillaged and burned within the past month, in these districts, and eight villages in the Casarte district have met with the same fate. Several of these villages were composed entirely of Moslems, and in most cases the lives of the inhabitants were spared, though they were deprived of all their possessions.

There is a scarcity of food and fodder everywhere. The missionaries are doing their beat to mitigate the misery, but outside help is urgently needed, if the danger of a severe famine is to be averted.

The movement in favor of autonomy is gaining ground in Asia Minor, as the popular disaffection against the Constantinople Government is very strong. The Porte has ordered troops from Kharput and Alepho against the refractory Kurds.
