## TAR MACADAM RECOMMENDED FOR COUNTY GOOD ROADS

### PROPOSAL THAT MORE PERMANENT TYPE OF HIGHWAY SHOULD BE BUILT—REWARD TO BE OFFERED FOR APPREHENSION OF ESCAPED PRISONERS.

The County Council in session this week received reports from its various committees with recommendations as follows: Planning and Building Committee That the Chairman be authorized to have the Boilers and Bannings on the County insured to the extent of \$15,000 in accordance with the Act respecting Boiler Insurance, and that the same be taken up with H. E. Ross & Co.

We recommend that a sum for Road construction, amounting to \$237,750 be set aside as an estimate for the present year. Also an estimate of twelve thousand dollars for maintenance and seven thousand dollars for the construction of concrete and metal culverts, and twenty thousand dollars for grading, \$14,000 for machinery, and \$20,000 for general account.

We recommend that the following roads be constructed during the present year: Roads No. 8 and 5, Calstow, Gainsboro and South Grimsby; From Wilcox to Smithville and St. Anns, 7 1/2 miles.

That the matter of insuring the other County Buildings be left in the hands of the Chairman to have prepared, same to be dealt with at the June session.

That the chairman be authorized to purchase a typewriter for the Clerk's office.

That the matter of purchasing powers be left in the hands of the Chairman.

That committee fees, amounting to \$30.00 be paid.

Recommending purchase of machinery— One steam traction engine, purchased from the Sawyer-Massey Co., of Hamilton, at a cost of \$3,700.00.

One Derrick and Hoist, purchased from M. Beatty & Son, of Welland, at a cost of \$3,385.00.

One steam drill from Fairbanks Morse Co., of Toronto, \$385.00.

Three tractor dump wagons, at a cost of \$300.00 each, \$1,200.00.

Your committee wish to say that the steam tractor engine purchased for use in the Quarry has passed Government Test, and has the capacity of running the stone crusher, also the steam drill at the same time, and that, on investigation, we consider it the best that can be purchased for such purposes.

Financing Committee Recommending that in going over the Auditors' report we notice a number of accounts payable to the County, and while these accounts are small, yet we would recommend that the parties be asked for a settlement of same.

That the Treasurer be instructed to stamp all County cheques, "Not payable after twenty days."

That the Auditors' report be adopted, and the same be printed, along with the proceedings of this session.

That the Sheriff be authorized to order a reward of Fifty Dollars (\$50.00) for the apprehension of the prisoners, May and Barber, who recently broke jail, and still remain at large.

That the sum of twenty dollars be paid James Montgomery of Beamsville, after the Treasurer has become satisfied that Mr. Montgomery has complied with the law affecting the bounty to be paid on skins of Timber Wolves.

That the Warden and Chairman and Treasurer be authorized to issue and sell the Debenture issue of the County for the year 1919.

County Road Committee Report Recommending that we expend on the County Road System of the County of Lincoln for the year as follows:

It is the opinion of this Committee that we should adopt some other type of road for our County Road System than the water-bound Macadam type, owing to the changes in traffic for the past few years and the looseness of the surface of such a road, and we are of the opinion that our roads should be of a more permanent type, and having regard for economy, along with efficiency, in making this recommendation, we recommend that Tar Macadam Roads with an approximate width of sixteen feet be adopted as our standard for our County Road System.

## THOROLD

A public meeting will be held tomorrow afternoon at 2:30 in the Carpenters' Hall, at Thorold, in the interest of the Labor Party. Alderman Berry will preside. The many citizens of Thorold seem very anxious for independent political action. The meeting to-morrow will be to talk over such matters.

All that was mortal of the late Mrs. William Lawson, who passed away at the Welland Hospital, St. Catharines, was tenderly laid to rest in Lakeview Cemetery this morning. The funeral took place from Grob's Brothers Chapel to the Church of the Holy Rosary, Thorold, where Rev. Monsignor Sullivan chanted requiem high mass. Those who acted as the bearers were A. McKeague, John Stevens, John Dougherty, Thomas Gottus, Joseph Kennedy and Charles Tiffney.

Wait On Government. We recommend that a committee, consisting of the Warden, Chairman of the Road Committee, Councillors Jans and Kemp, wait upon the Minister of Agriculture of the Province of Ontario at an early date to ask that a fair sum be granted for the building of the road in front of the Government Experimental Farm at Vineland.

That a Committee, consisting of the Warden, the chairman, and Councillor Young, be a committee to enter with a committee from West-north County regarding work on the County Line.

Regarding the Village of Beamsville and Grimsby, we would recommend that the County of Lincoln's part of the Provincial Highway running through these respective municipalities be kept in first class repair until such time as the Provincial Highway Department define the type of road to be built on either side of these municipalities, and then we would recommend that the same class of road as the Provincial Highway be constructed by this County running through these municipalities.

## FRANCE WILL INSIST ON REPARATION FROM GERMANY

(Special To The Journal) Paris, April 5.—French cannot yield on the question of obtaining adequate reparation from Germany, the Matin declares in an editorial to-day dealing with the peace conference situation regarding the French claims.

"On all territorial questions a satisfactory agreement is being reached," the Matin says, "but concerning the reparation question there is still a gap between what we are offered and what we justly demand. The French Government will be unyielding on this matter. It cannot sign a treaty which will mean bankruptcy of France."
