As the sitting of the Legislature will be of considerable duration; and as our population will be tired, during that time, of reading long and tedious reports, we have come to the conclusion to report the Proceedings of the House in an abridged form; and we promise that we will do our best to make the TRANSCRIPT a faithful record of the SAYINGS and DOINGS of our Representatives. In addition to the Proceedings of Parliament we shall, as usual, lay before our readers the latest European and AMERICAN News; as well as such a variety of LITERARY matter, as will always equal in value the price of subscriptions. RE-PUBLICATION OF THE LONDON QUARTERLY REVIEW, EDINBURGH QUARTERLY REVIEW, WESTMINSTER REVIEW, and BLACKWOOD'S EDINBURGH MAGAZINE. THE above Periodicals are reprinted in New York, immediately on their arrival by the British Steamer, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—Blackwood's Magazine being an exact fac-simile of the Edinburgh edition. The wide-spread fame of these splendid Periodicals renders it needless to say much in their praise. As literary organs, they stand far in advance of any works of a similar stamp now published, while the political complexion of each is marked by a dignity, candour, and forbearance not often found in works of a party character. They embrace the views of the three great parties in England—Whig, Tory, and Radical—Blackwood and the London Quarterly are Tory; the Edinburgh Review, Whig; and the Westminster, Radical. The Foreign Quarterly is purely literary, being devoted principally to criticisms on foreign Continental Works. The prices of the Re-prints are less than one-third of those of the foreign copies, and while they are equally well got up, they afford all that advantage to the American or English reader.

PROSPECTUS

OF THE SECOND VOLUME OF THE JOURNAL OF EDUCATION FOR UPPER CANADA.

EDITED BY THE REV. EGERTON RYERSON, ED. CHIEF SUPERINTENDENT OF SCHOOLS; ASSISTED BY MR. J. GEO. HODGINS.

THE Conductors of the Journal of Education purpose to continue its publication for the year 1849. Its form will be quite altered, in order to secure to the subscribers to it the advantage of newspaper in the place of pamphlet postage. In the First Volume the Conductors have had chiefly a fourfold object in view. 1. An exposition of the principles, and provisions and objects of the System of Common Schools in Upper Canada. 2. The qualifications, obligations and mutual relations and duties of Trustees, Parents and School Teachers. 3. The importance of Normal School Instruction for the elevation of Common Schools of the country. 4. The importance and great advantages of a thorough, Christian, Common School education to the several classes of our industrial population. While the subjects which have given character to the First Volume of this Journal will not be lost sight of, another leading object of the Second Volume will be SCHOOL ARCHITECTURE; for the elucidation of and improvement of which the Conductors have already procured several Engravings, and have taken steps to procure others; and in the course of the year, they purpose to give engravings of all the best and most suitable PLANS OF SCHOOL-HOUSES, with accompanying explanations, which have been recommended by school authorities in the neighbouring States; and also, if possible, Engravings of the series of plans of Common School-houses which have been adopted and recommended by the Educational Committee of Her Majesty's Privy Council in England. The Engravings will exceed in number the months of the year, and will themselves be worth the subscription price of the volume. Another object of the Second Volume will be, to explain any modifications which may be made in the School Law in connection with its present provisions. A third and prominent object of the Second Volume will be, to explain the means necessary for carrying into effect provisions which will doubtless shortly be made by the Legislature for the establishment of COMMON SCHOOL LIBRARIES; and on the occasion of books for that purpose by the Board of Education, short reviews and characteristic notices of the systems of public instruction and educational movements of other countries, both European and American, as well as for some articles of miscellaneous literature, which will be specially chosen and adapted to young persons. But the educational wants of Upper Canada will first command attention, and determine the character of the Journal of Education. The Conductors respectively and earnestly solicit the continued and active co-operation of District Superintendents, Clergymen, and other School officers, and friends of Education in preparing and forwarding subscriptions. No part of the subscriptions will be applied to remunerate the labour of editing the Journal; but the New York, immediately on their arrival by the British Steamer, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—Blackwood's Magazine being an exact fac-simile of the Edinburgh edition. The wide-spread fame of these splendid Periodicals renders it needless to say much in their praise.
