THE HURON SIGNAL, GODERICH, DEC. 18, 1851.

PAINT ME A SCENE !

BY & SIMCOE LER.

Paint me a scene, where transparent and flowing, A stream tushing by, disappearance in the vale; Rockbound be its banks, here and there

And ensuited with moss, overlooking the rill;

the rill; Then throw in the foroground ('will make it romante) An old ruined castle, all erumbled by time; Deserted by ell, save a maiden half frantic. Whose beauty contrasting-the scene, is sublime.

Then give it an interest, by telling a story Let love be the theme, and its here

youth, Whose sout had drank deep in the "visions of glory," And a maid "who 'was' constancy, virtue

and truth In a land far away, their young hearts were

Far off in the vales, where the rich vineyards grew: Then culled the rich harvest of grapes-thus

3. Care should be taken that animals do not become dyspectic and unlead by as they and the analysis of the second dyspectic and unlead by as they sometimes do, owing to errors in feeling. The bealth of swines as privated by supply like angle to be an analysis of the second by as they are also more found of four which they are also more found of the store.

heart burns. Let this be the tale which extends its soft • halo Of romance around the wild sceue I have drawn: And this being home, where in fancy 1'd follow The chivdrous deeds the old ages have • known. • known. • have • hav

botter:

What charms could society offer to mel All boundless my thoughts -- hore is no one to fetter My fancy-for like the glad rill it is free.

MAIDENHOOD

BY MISS PHERE CAREY

On her face its shalow lies. d a tender light is shining Down the soft depth of her eyes.

Of her dear voice fails and trembles When her lip would lightly speak, And the crimson is grown deeper In the white snow of her check.

Startled always by a footfall, . Though our step be e'er so light, Sits she watching for the evo-ster, Very restless, every night.

can Flower Garden Directory, p. 129 to 132 inclusive.) Protect half hardy out-loor plan's; harrels with one head well pierced with heles, mata, brush, straw, &c. may such he used according to the height of plants repairing protection, &., all of which must be removed in early spring.
