We stated last week that Goderich quaters beat those of Colborne by 29 shots—it should have been by 13 shots. Three Colborne rinks beat three of the Goderich rinks, but the fourth Goderich rink beat its opponent by 29 shots. The return match is being played as we go to press.

LEASED.—The Albion Hotel has been leased to Mr. John McBride, of Parkhill, formerly of Windsor, who will return upon occupancy on the 1st of July. We understand Mr. McBride will furnish the hotel throughout, and fit it with electric bells and other appliances suitable for a first-class hotel.

A number of the County Councillors visited the International Salt Block on Wednesday evening, and after viewing the surroundings, proceeded to Bingham's nursery, to give full vent to their esthetic instincts. They expressed themselves as very much pleased with the floral display beheld by them.

R. C. BAZAAR—Great preparations are being made for the Bazaar to be held in Goderich, under the auspices of St. Peter's church on Thursday, 30th of June, and Friday and Saturday, 1st and 2nd of July. Father Waters hopes that all the ladies will bestir themselves, and doubtless they will. Further particulars will be given in a future issue.

A game of cricket will be played between Goderich and Clinton to-day (Friday), on the grounds of the former. The wickets will be pitched at 11 o'clock. The following are the Goderich eleven: J. A NEW WINKLE FOR FISHERMEN.—On Saturday some samples of fish were received in Ottawa from Boston, preserved by a new process. They came in a common pine box, with nothing to protect them but a cloth wrapped around them. They were mackerel, one of the most difficult fish to keep, and still they were sweet as when first taken from the water. The new preserving, unlike salt, does not impart taste to the fish. The inventor says it will keep the fish in good state for many days.

The County Councillors will go off on a "Kid" this evening—that is they will take a trip on the Josephine Kidd, if the weather is favorable.

HONEYMOON.—Mr. Harry Knight and bride, of Listowel, are spending a portion of their honeymoon in Goderich. Mr. Knight is a brother of Messrs. W. and L. E. Knight of this place.

A GIFT.—Father Waters requests us to announce that M. C. Cameron, M.P., has kindly presented a gift to the Bazaar valued at \$30. Such generosity on the part of Mr. Cameron is, we are informed, much appreciated by both priest and people of St. Peter's.

PROACHING ECLIPSE.—A total eclipse of the moon occurs on the night of the 11th of June. It will occur at 12:15 a.m., reach a total obscuration at 1:16, attaining the middle of the eclipse at 1:58, and continuing until 2:39, when the moon will reappear, and will be entirely covered at 3:41 a.m. If the night is clear, it will be one of the most beautiful eclipses of the moon witnessed for years.

HIGH SCHOOL LITERARY SOCIETY.—The regular meeting of this society was held on Friday evening last. In addition to the usual programme of readings and recitations, some of which were very creditably rendered, the Question Drawer occupied considerable time. Mr. Halls replied fully and clearly to a number of queries of a more or less scientific character, and illustrated his answers in several cases by performing a number of interesting and successful chemical experiments. The proceedings were varied by a duet from the Misses Ferguson, and songs by Misses Reinhart, Williams and Start.

SUNDAY SCHOOL CONVENTION.—The ninth annual convention of the S. S. Association of the M. E. church for London District will be held in Goderich on Wednesday and Thursday next in the M. E. Church. A number of good subjects are to be introduced by able men for discussion, and a very successful meeting is anticipated. There will be two sessions each day, the afternoon and evening of Wednesday, and in the morning and afternoon of Thursday. On Thursday school children will be addressed by skillful speakers. The public generally is invited.

METHODIST APPOINTMENTS.—The following is the final draught of the appointments of Methodist ministers for the Goderich District—Goderich—John A. Williams, D.D. Clinton—Wm. McDonagh. Kincairdine—A. Manchester—Alfred E. Smith. Berrie—R. Davy, T. E. Harrison, Jas. Geddes, sup't.

BINGHAM'S NURSERY.—On Monday afternoon we dropped in to see Mr. E. Bingham at his nursery near the International Salt Works. Mr. Bingham we found busy putting things to rights about the place, for he believes every moment has to be utilized in the nursery business if one desires to make it successful. Notwithstanding his industrial inclination, however, he kindly showed us over the premises and through the greenhouse, and we were satisfied before the trip was over that we had gained in our knowledge of botany, floriculture and horticulture by the visit. The greenhouse proper is divided into three compartments, while a wing enclosed by glass, also enables Mr. Bingham to give additional accommodation to plants when occasion requires. During the past few weeks the nursery has been subjected to a heavy strain, owing to the great demand for plants and flowers, but Mr. Bingham had made preparations for the season, and disappointed none who sought for choice varieties. Parties desirous of obtaining fine bedding out, or other plants, can easily be suited at Bingham's. A feature which we observed while going through, was that a portion of Mr. Bingham's property comprises a beautiful grove, where public or private parties could be most satisfactorily suited with a picnic ground. A magnificent view of the lake is obtained from the bank, while the splendid growth of trees and shrubs affords many nooks for romantic dreamers or students of nature. School children could be accommodated to perfection, as swings prevail and a merry-go-round is on the premises. Although Mr. Bingham has a beautiful place, and without coveting his property, we congratulate him upon its beautiful location, and the energy he has displayed in adapting it to his purposes.

Mr. Wm. Weld, of the Farmer's Advocate, offers a prize of \$100 yearly for the best herd of fat cattle shown. The first prize is to be given at the Provincial Exhibition.

The Toronto mail did not arrive on Monday, much to the disappointment of those accustomed to the despatches. A man never seems to have more inclination and more leisure to read a daily then on the day it fails to arrive.

ELUCUTION.—Prof. Clarke gave an entertainment in the Temperance Hall on Wednesday evening, consisting of readings, recitations and songs. In the humorous pieces he was very good, but the annoyance caused by a number of unruly boys prevented the reader from doing full justice to the more sober selections.

The return match between the quaters of Colborne and Goderich took place on Thursday afternoon on Newgate Street. The following rinks participated: No. 1, Goderich—E. Martin, P. Holt; Colborne—W. Potts, H. Martin. No. 2, Goderich—J. McNair, Jernyn; Colborne—Strachan, Cummings. No. 3, Goderich—R. McNair, J. Colborne; Colborne—Symington, Tewaley. No. 4, Goderich—E. VanEvery, J. Knox, J. Colborne—S. Potter, H. Morris. The following is the result:

No. 1.	No. 2.	No. 3.	No. 4.
Goderich. 63	63	63	63-252
Colborne. 29	63	25	83-140.

Majority for Goderich 112
In the Monetary Times we find the following: Mr. Wm. Prout, who used to be a well-to-do farmer near Brussels, grew tired of that monotonous occupation and its humdrum style of living, and sold the farm for a good price. He then went to Hamilton and purchased the grocery stock of one Miller as he would a prize bull, for a lump sum of \$1,500, an unbusiness-like transaction to commence with. His whole career in merchandising was of this character. He dispensed credit too freely to a poor class of customers and lost heavily thereby. Now he has left the city, and is not expected to return. When will men learn that to keep store so as to make money by it, needs business training and experience.

A BRILLIANT YOUNG SCHOLAR.—Mr. J. H. Duncan, son of the Rev. J. Duncan, and at one time a resident of Goderich, has a splendid record as a University scholar. In the spring of 1878 he stood first in the examination at the Toronto School of Medicine, taking its highest standing in every subject, and receiving \$500 at the University. Mr. Hanel and he being equal, the scholarships were divided between them, each receiving \$60. In the spring of 1879 he stood first in both Institutions, taking the \$50 scholarship of the school and the \$120 one at the University. In the spring of 1880 he again came off victorious, standing first in every subject, and carrying off both scholarships. This spring, after spending the winter in New York, he graduated with the highest possible honors, taking first-class honors in every subject, also carrying off both the Starr and the University gold medals.

GENERAL SESSIONS.—A meeting of the General Sessions of the Peace will be held on Tuesday next at the office of the Clerk of the Peace. All reports of convictions will have to be presented on or before that date.

Business Items.
If you want your girl to say you are pretty, get Sallies to make you a dozen of the new style of panels.

FOR THE LADIES.—Japanese fads, parasols, a large assortment of painted ware, and novelties of all kinds at Saunders's Variety Store. Everybody should examine the coal oil stove. Economical and handy.

COOKE'S GREAT SALE.—Notwithstanding the immense quantities of goods sold since the commencement of this sale, a week ago, the stock is still well assorted. The sale will commence to-morrow (Saturday) at 1:30 o'clock p.m., sharp, and as the balance of the goods must be cleared out at once, bargains may be expected. J. C. Currie, the auctioneer, is in the best of humour, and a few hours can be profitably and pleasantly spent listening to him. Separate standing room for ladies.

What's in a Name?
The London (Ont.) disaster, recalls in the name of the wrecked steamer "Victoria," the ill luck that has followed so many vessels called after members of the Royal Family, especially the disasters on the English Thames, when the Princess Alice was run down by the "Bywell Castle," and six hundred people were ushered, without much ceremony, into eternity. Does an almost equally horrible fate hang over the names of the Royal Family that is said to cling about the name "Jasper"? No ship, it is said, that carried the name of Jasper, ever made a second voyage.—[American.]

Nine hundred thousand dollars is said to have been paid by the Grand Trunk Railway Company as the purchase price for the Grand Junction Railroad.

UNIVERSITY OF TORONTO.

Huron Boys make a good record in Law and Arts Examinations.

In glancing over the prize and honor list of the University of Toronto for 1881, we observe the names of a number of pupils of Goderich High School. We are proud that our boys have given so good an account of themselves, and are pleased to record the following:—Mr. W. Donald, pupil, passed creditably the recent Matriculation Examination of the Ontario College of Physicians.

Mr. Jas. H. Duncan, ex-pupil, graduated in medicine in Toronto University, obtaining 1st class honors in every subject and 2 gold medals.

Mr. C. L. Crassweller, ex-pupil, obtained at 2nd year examination of Arts Course, Toronto University, 1st class honors in Metaphysics and History and honors in Mathematics and English, and a general Proficiency Scholarship.

Mr. D. McGillivray, ex-pupil, at 3rd year examination in do., stood 2nd in 1st class in classics, and obtained a prize for Greek prose.

Mr. J. C. Robertson, ex-pupil, at 2nd year examination in do., stood 4th in 1st class in classics.

Mr. H. Davidson, pupil, passed his 1st year's examination in do., satisfactorily.

Mr. D. Bruce, pupil, passed creditably his 1st year's examination in Arts, course of Victoria University.

The following are also from Huron, and some of them are well known in Goderich:—

Mr. J. T. Duncan, ex-townman (though not an ex-pupil) passed his 3 years' examination in Medicine, and obtained scholarship.

Mr. J. A. Turnbull, B. A. (Dr. Ure's assistant) passed 1st year's examination in the University Law Course and obtained honors, taking second position.

Mr. McBride, B. A., formerly assistant in High School has obtained degree of M. A.

His brother Mr. John McBride, who was for a short time pupil in our High School, has graduated in Art with 1st class honors in Natural Science.

W. G. Hannah of Morris—second class honors in classics in fourth year.

T. G. Campbell, of Stephen—scholarship for second year in Mathematics.

R. C. Tibb, of Tuckersmith, 1st class honors chemistry and biology—2nd class in mineralogy and biology.

P. Strang, formerly teacher in Colborne, 1st class honors in Mathematics. It would seem as if the examiners are determined to maintain even a higher standard than has hitherto been observed. For the B. A. examination there were sixty-five candidates, of whom nine were rejected; for the third year examination sixty-six candidates, of whom seventeen were rejected; for the second year examination 121 candidates, of whom thirty-two failed; for the first year examination ninety-two candidates, of whom seventy-five passed and seventeen failed. The slaughter was especially severe in classics and mathematics. Hardly any of the women who came up for the local examination succeeded in getting through. Two young ladies succeeded in getting honors in second year classics. Another young woman passed the first year examination.

RAISING A SUNKEN SCHOONER.—About twelve years ago a schooner called the Explorer sank about a mile off Tobermory harbor. The vessel was sailed under the command of Capt. Waddell, and was laden with saw mill machinery and ardent spirits. The Steamer "Josephine Kidd" of Goderich, with Capt. McDonald, of Kincairdine, on board, grappled for the sunken vessel a few days ago. After tugging the vessel round the cables broke and she was left until proper appliances are secured for raising her.—[Kincairdine Standard.]

SCHOONER PURCHASED.—Captain Jackman, of Toronto, has purchased the schooner "Phoebe Catharine," which was wrecked at Pine Point last fall. We are informed that the price paid for her was \$400. It is the intention of the purchaser to have the vessel thoroughly repaired, immediately. It is thought that this can be done for about \$200 or \$300, and if so, the purchaser will have made a good bargain, as the "Phoebe Catharine," when in good order will be worth about \$3,000.—[Standard.]

AT THE POINT FARM.

Successful School Picnic—A Fine Bracing Day—Good Sport for the Young 'Uns—A Beautiful Location.

Saturday last was a red-letter day in the lives of the children attending No. 6 S. S., taught by Miss Dobie, No. 11 S. S. Ashfield, taught by Miss Strang, and No. 5, Colborne, taught by Mr. Echlin. On that day the children of the schools mentioned gathered at the Point Farm, where, through the courtesy of the affable proprietor, Mr. J. J. Wright, they were allowed to enjoy themselves to their hearts' content.

A goodly number of mature visitors was present, among whom we noticed Mr. and Mrs. W. Young, Colborne, Mr. R. T. Haynes, Sheppardton, Mr. Rich'd Miller, Goderich Township, Mr. Morris, Colborne, and Symington, Inspector Miller, Goderich, Mr. W. J. Hayden, and others.

During the afternoon a series of games, consisting of girls' and boys' foot races, quoiting, &c., were engaged in, and a large number of prizes were awarded to successful competitors. Later on some of the pleasure seekers tripped the "light fantastic" in the spacious dining room of the hotel.

Owing to the omission of the judges of keep a record of the winners at the games, we are unable to give the names of the successful competitors in order, but present them from the different schools, which we are enabled to do through the courtesy of the teachers.

The following list comprises the names of those from S. S. No. 6, Ashfield, who won prizes at the games:—

Girls' foot race, 2nd, Lizzie McCaig, 3rd, Rachael Harris, 4th, Ada Augustine, 5th, Tena McConnell, 6th, Lida McCaig, 7th, Edith Hagen.

Boys' foot race, 2nd, Jas. Maize.

Boys' race, 2nd, John Douglas and Charley Hagen.

The following is a list of the prize-winners from S. S. No. 11, Ashfield:—Jno. Greene 3, Andrew Greene 2, Jas. Johnston 2, Jas. Tigert 2, Annie Tigert 2, Lilly Morrish 2, Anna Graham 1, Harriet Hayden 1, Amelia Christelow 1, Minnie Brown 1, Nicholas Morrish 1, Fred. Vanstone 1, Jas. Johnston 1, Frank Hawkins 1, Geo. Vanstone 1, Rachel McGrattan 1, Mary McGrattan 1, Rachael Gordon 1, Minnie Johnston 1. It will be seen that a number of the above succeeded in taking more than one prize.

The following is the list of winners from No. 5, S. S. Colborne, some having won as many as three prizes:—(Girls)—M. J. Linsfeld, Eliza Linsfeld, Lizzie Cowan, Amelia Hetherington, Dorothy Hetherington, Ida M. Hetherington, Lottie McAllister, Susie McAllister, Mary Green, Sarah Foley, Johanna Foley, Annie Cousins, Aggie, Bogie. Boys—T. C. Wright, Francis Boyd, Francis Morris, Albert Thurlow, Daniel McLeod, Wm. Green.

The thanks of the participants in the picnic are tendered to Mr. Wright and his amiable partner for their kindness in making everything comfortable and pleasant during the day.

We understand the prospects of a successful season at the Point Farm are extremely good, and that letters of enquiry for rooms have been received from London, Guelph, Buffalo, Detroit, New Orleans and other places. Great improvements have been made in the grounds and approaches to the beach, and the hotel has been refitted to a considerable extent. We were kindly shown through the house by the proprietor, who feels a just pride in having hewn from the wilderness a spot so beautiful, that to-day it occupies a place among the first summer resorts of the world. Our very sincere wish is that the most sanguine anticipations of Mr. Wright will be realized, and that his energy, enterprise, and outlay will receive full reward.

Lucknow.
The population of Lucknow as per returns of local enumeration, is given at 1,580.

ACCIDENT.—While working on Mr. J. S. Frazer's new house, on Monday last, Mr. Mark Burgess had the misfortune to cut his wrist badly with a chisel. Dr. Coffey stitched the wound, and it is now doing well.

ACCIDENT.—On Sunday last a little child of Mr. W. Peart's was playing on the steps with a knife, it fell to the ground, the knife inflicting an ugly gash in its forehead. It seems a little singular that this is the second time that an accident of a precisely similar nature has happened to the child.

The Rev. Henry Ward Beecher's first audience in Nashville, Tenn., last week was so slim that he refused to lecture in that city on the following night.
