DETAILS OF THE TRAGEDY.

Dublin, May 7, 2.40 a. m.

The details of the tragedy are as follows: A boy named Jacobs states that while bird-nesting in the park he saw, about 200 yards from where he was, and close to the road, a group of men as if wrestling. He thought they were roughs, and did not pay any attention to them. He then saw two men fall to the ground, and four others jump on a car and drive off towards Chapelizod gate, which lies in a direction opposite conciliation should supplant that of ter-
