**Crippen Case IN FILMS.**  
The sensational Crippen case was most graphically depicted in moving pictures at the Queen Theatre, Water Street West, on Tuesday night last. The meritorious qualities of this vital topical subject are so apparent, and were so much appreciated by the people who witnessed its projection on the canvas, that the manager has been induced to again present it as an added attraction on next Monday. Very thrilling are shown the chase of Ethel LeNeve and Dr. Crippen across the Atlantic, their discovery through the medium of wireless telegraphy, and their ultimate apprehension by Scotland Yard. It is a gripping film, and no one should fail to see this pictorial recital of one of the greatest crimes that has occupied the attention of British justice during the past year.
