Facts Well Worth Considering.

LAID UP FOR R.P.I.R.S.

THE BREADWINNER cannot afford to lie up, neither can his helpmate, nor the children at school, who have such a little while to store up the knowledge necessary for the years to come—no one can really afford sickness.

MUCH OF THE SICKNESS PREVALENT TO-DAY CAN MORE EASILY BE PREVENTED THAN CURED.

## The Evening Chit-Chat

By MISS CAMERON

"I don't see how I ever shall stand the cold weather. I actually had all the bed clothes that I use in winter on my bed last night and I was hardly warm enough!"

The speaker held out her hands to the open fire as if it were January instead of October.

"That," said the lady-who-always-knows-somewhat, "is what everyone says every fall. You hear more complaining of the cold weather in the first cold snap of the fall, than you do all in getting used to it. I think when I find myself wondering in the fall how I'm going to stand the cold, I always remind myself that I felt just that way last fall and that as soon as I got used to the cold, I didn't mind it a bit and even liked it."

How much "getting used to it" does have to do with standing the cold weather—and incidentally, many other things.

When the first cold snap comes, those of us who are not by nature cold weather fiends, shiver in our boots and say something like the complaint I quoted at the beginning.

But by the time the real cold weather has come we have forgotten all about our inability to endure it. We must. We just take it as a matter-of-

fact or even enjoy it once we "get used to it."

And how many changes, how many unwelcome conditions, how many difficult situations, which at first we do not see how we can endure, are likewise metamorphosed by the slow magic of "getting used to it."

"A year after I was married, my husband's business changed," says a beautiful middle-aged woman, "and much against my will, I moved a thousand miles from my old home. It seemed to me at first that I simply couldn't stand the change. I hated everything about that new home. I hated the people and the shops and the cars and every little thing. But I've moved back to my original home now and I can look back over everything with an impartial eye, and I must honestly say that the years I spent in the home of my adoption were the happiest years of my life."

Happiness often wears strange disguises at first and needs "getting used to it" to tear off the mask.

The lady-who-always-knows-somewhat said, "When I find myself wondering in the fall how I'm going to stand the cold, I always remind myself that I felt just that way last fall, an' that as soon as I got used to the cold I didn't mind it a bit and even liked it."

It seems to me that he has mastered one of the greatest lessons in life who has learned, whenever he faces some condition that seems unendurable, to remind himself in similar fashion how bravely he learned to endure or even to like some other "unendurable" condition.

The scho. St. Elmo, which was ashore down north and was floated off, went in on the floating dock to-day for repairs.

The s.s. Cocoua left Sydney at 10 a.m. yesterday and is due here to-morrow night.

The Rosalind sails at 8 to-night for Montreal via Sydney, taking Mrs. Blair, Mrs. Walsh, Miss McDougall, Rev. A. McNamara and nine steerage.

The Florizal leaves to-morrow evening, taking a freight equal to 7,000 barrels. No passengers have yet been booked.

The Stephano leaves New York to-morrow for this port via Halifax.

The Empire is 29 days out from Bahia to G. M. Barr, and is expected every hour.

OPHELIA SAILLED.—The Ophelia sailed to-day for Little Bay Islands to load fish for Munroe.

## Psoriasis 'All Over Body

Most dreaded of skin diseases was cured by Dr. Chase's Ointment.

Psoriasis is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and it is usually considered incurable. But this case proves that Dr. Chase's Ointment is a cure, in spite of the doctor's prediction.

Mrs. Nettie Massey, Conscan, Ont., writes—"For five years I suffered with what three doctors called psoriasis. They could not help me and one of them told me if any one offered to guarantee a cure for \$50.00 to keep my money as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

Dr. Chase's Ointment, 60 cts. a box. All dealers or Edmondson, Bates & Co., Toronto.

## Wales Reported Scarce.

The past two weeks whales have been very scarce at Trinity and neighborhood and stormy weather has prevented the whaler Hump, Captain Davidson, from doing anything. She has secured only 26 fish to date.

WHISTLES NOT BLOWN.—Quite a lot of schooners arrived here from the northward last night and had a snow storm of several hours' duration. All were fish laden and their crews say the weather was very thick. The men expressed surprise that neither the whistle at Port Amherst nor at the Cape were blowing and it was difficult work making port.

WAS AT S. A. CONFERENCE.—Mr. Geo. Lewis, pilot, who is a prominent member of the Salvation Army, arrived here by the Florizal. He attended the big conference of Salvation Army people held at Massey Hall, Toronto, and after it was over he visited Peterboro, Montreal, Boston and New York.

## Be Warned, by Headache

It tells of Serious Derangements of the Liver and Kidneys—Try Dr. Chase's Kidney-Liver Pills.

You can stop a headache with powerful drugs. But it is not generally wise to do so.

A headache almost always warns you of derangements of the digestive system, the liver, kidneys or bowels. Awaken the liver to healthful action by the use of Dr. Chase's Kidney-Liver Pills and you not only free yourself of headache, but remove the cause which will soon lead to more dangerous results than headache.

Pains are the result of poison in the system and whether you have headache, backache or aching limbs, you can be almost sure of relief and cure by the use of Dr. Chase's Kidney-Liver Pills.

They are wonderfully prompt, as well as definite and thorough in action. You can depend upon them, no matter how long-standing or complicated your case. One pill a dose; 25 cents a box; all dealers or Edmondson, Bates & Co., Toronto.

## His Case Hopeless.

Dr. Chaplin is now on his way here in the Bonavista accompanied by his father and mother. The relatives of the doctor here had information last evening to the effect that the doctor's case is a hopeless one, news which will be received with sincere regret by the doctor's host of friends in St. John's and all round the island. The disease from which he suffers is incurable.
