WHITE STAR LINE'S STATEMENT.
 LIVERPOOL, Sept. 12.
 The White Star Line made the following statement to-day to the Canadian Press regarding the German Government's explanation as to the torpedoing of the Arabic: "The German excuse contained in the note, published to-day, is just as audacious as the previous one, and absolutely unsupported by the facts. The great point made is the supposed attempt on the part of the Arabic to ram the submarine, but everyone knows that courses must frequently be changed in the Channel. Any change of such a kind could not possibly have been taken by the Germans to mean an attempt to ram. There is not the slightest question that the Arabic did not ram, for the simple reason that the submarine was not seen by Capt. Finch. Moreover, the Arabic did not try to escape. The only precaution

taken was to put the helm hard over, directly the torpedo was seen.

LONDON BUDGET.
 LONDON, Sept. 12.
 There are still no signs of waning in the battles which are fought along the eastern front, that now runs almost directly north and south from Riga to the Roumanian frontier. From Riga southward to the Galician border the Germans and Austrians are continually receiving reinforcements and supplies of munitions by railway and river, are endeavoring to force their way to Dvina, the main trunk of an important railway line. The Russians continue their offensive and, according to their accounts with excellent results. Austro-German offensives is making slow but steady headway, particularly along the front from Sionim to Pinsk. Elsewhere the German official reports daily recount the capture of a few thousand prisoners with machine guns. The Germans big effort, however, is expected to be made against Vilna and Dvinsk, westward, near which towns heavy engagements are being fought. Having reached the Dvina at Frierichstadt, and driven the Russians across the river, the Germans are in a better position to advance to Dvinsk, as there is no danger of any outflanking movement. The slowness of operations is probably due largely to the condition of the country, and the heavy roads. Every day's delay in giving the Russians breathing space, and enables them to make preparations for greater resistance, on chosen lines protected by marshes and swollen rivers. The Russians are increasing their activities in the Caucasus. It is believed that the arrival of Grand Duke Nicholas will be the signal for more important operations, which will lessen the burden of the allies, who are trying to force the Dardanelles.

No report has been received from the latter front for upwards of a week from the allies, although it is apparent from Turkish reports that there has been considerable fighting. Optimistic rumors, however, are again afloat, probably due to the statement recently made by Lord Roebt Cecil, Under Secretary for Foreign Affairs, that the allies are not far from great success.

There has been little or no cessation of artillery engagements on the western front. A few isolated attacks by German infantry have taken place, but according to Paris have been repulsed. There have been no further air-raids or bomb throwing. Diplomats still keenly await the outcome of the Balkan negotiations, but it is said that Serbia has agreed to cede Macedonia to Bulgaria if Bulgaria joins the allies, and that the latter have agreed, in case of victory for the allies, that Serbia shall have Bosnia, Dalmatia, Croatia and Slavonia.

ACTIVE ON FRENCH FRONT.
 PARIS, Sept. 12.
 Last night saw unintermitted artillery fighting in several points along the line in France, according to a communication given out by the French War Office to-day. There has been, furthermore, a particularly violent artillery engagement in the Department of the Meuse and along the front in Lorraine.

CROWN PRINCE'S FAILURE.
 PARIS, Sept. 12.
 The violent fighting in the Argonne on Wednesday and Thursday was the result of an effort of the army of the Crown Prince to break through the French lines. The attempt was made with powerful artillery and a large number of troops. Apparently it had no result. The Germans were able to penetrate the French trenches on a portion of the front, but were checked immediately. They renewed the attack again and again, but with such severe losses that they gave up the effort. This offensive movement, it is said on good authority, has not modified the situation in the Argonne. By making it, the Germans have had greater losses, according to French official figures, than they have inflicted. The army of the Crown Prince has attempted several times in previous months to break through the French front, but so far has scored no definite success. The statement is made here that this army has lost upwards of one hundred thousand men, one corps alone losing forty thousand men from its ranks, which are being continually depleted, and refilled.

IN THE CAUCASUS.
 PETROGRAD, Sept. 12.
 The following official statement has been issued at headquarters army of Caucasus. There have been skirmishes between our cavalry and Kurds in the region of Ouran Kare, in the district of Van. Our advance guards engaged the Turks in the section of Karak.

GERMANY AND THE ARABIC.
 BERLIN, Sept. 12.
 "Dignified and satisfying" is Germany's characterization of the German note on the Arabic case. The paper asserts that the destruction of the steamer violated none of the provisions of the agreement presented to the United States Government by Ambassador Von Bernstorff, "for there is no doubt that the steamer intended to attack the submarine." Germans declare "there is every reason to believe the Arabic acted in accordance with his instructions." If cordance with his instructions, if the United States has demands to make they must be directed not to Germany which has observed the terms of warfare, but to Great Britain which permitted passengers to board a vessel whose captain was in-

structed and determined to commit belligerent action as opportunity afforded.

BERLIN AND THE HESPERIAN.
 BERLIN, Sept. 12.
 The German Foreign Office and Admiralty state to-day that they had no news regarding the Hesperian incident, concerning which Ambassador Gerard asked for information recently. The question whether Americans lost their lives when the Hesperian was blown up would probably have a bearing on the ultimate answer to Washington.

GERMAN GOLD.
 PARIS, Sept. 12.
 German journals announce that there is at least \$250,000,000 in gold still in Germany in private hands. The special correspondent of the Echo de Paris at Geneva, however, says that it is very likely that this gold has already crossed the frontier. For some time German capitalists have been prudently putting their gold in places of safety abroad. Within three months, says the correspondent, Swiss banks have received from Germany very large sums in gold, and deposits in other neutral countries are said to be even greater.

TURKISH OFFICIALS RESIGN.
 LONDON, Sept. 12.
 The Times correspondent at Athens forwards information from Constantinople that the head of the Ecclesiastical side of the Government under the Sultan, and the Prefect of Police of Stamboul have resigned. The Shiek ul Islam, the correspondent says, resigned because of his disapproval of the policy of the ministers in depriving Greeks and Jews of privileges conferred upon Germans. The Prefect of Police protested against a draft involving 300,000 men. The Prefect, the despatch adds, was threatened with despatch and was compelled to withdraw his resignation.

AMBASSADOR'S DENIAL.
 NEW YORK, Sept. 12.
 The German Ambassador denied to-day that he had used or attempted to use James F. Archibald, the American messenger of Dr. Dumba, as a messenger to Berlin.

ARMENIAN PROTESTS.
 LONDON, Sept. 12.
 The Sofia correspondent of Reuter's Telegram Co., sends the following under date of September 7th: Premier Radoslawof to-day, received a deputation from the Armenian Colony, who handed him a memorandum, describing the desperate situation of Armenians in Turkey, begging him to intervene in Constantinople. The deputation was supported by Bulgarian deputies belonging to various parties, and by a number of Bulgarian journalists. The Premier said he would send the memorandum to the Bulgarian minister at Constantinople with instructions to communicate it to the Porte. After stating what Bulgaria had already done on behalf of the Armenians, the Premier expressed the hope that the Porte would give due attention to Bulgaria's friendly advice, the more so as Turco-Bulgarian relations at present were of the friendliest.

FAMILY FOOD.
 Crisp, Toothsome, and Requires No Cooking.
 A little boy asked his mother to write an account of how Grape-Nuts food had helped his family. She says Grape-Nuts was first brought to her attention where she visited.

"While I was there I used the food regularly. I gained weight and felt so well that when I returned home I began using Grape-Nuts in the family regularly."
 "My little 18-month-old baby shortly after being weaned was very ill while teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her. One day a happy thought urged me to try Grape-Nuts soaked in a little warm milk."
 "Well, it worked like a charm and she began taking it regularly and improvement set in at once. She grew well and round and fat as fast as possible on Grape-Nuts."
 "Sometime ago several of the family were stricken with La Grippe at the same time, and during the worst stages they could not relish anything in the shape of food but Grape-Nuts and oranges, everything else was nauseating."
 "We all appreciate what your famous food has done for our family."

REPUDIATES INTERVIEW.
 NEW YORK, Sept. 12.
 Count Von Bernstorff last night made the following statement to the Associated Press: "I have never granted an interview to anyone, and any interview purporting to come from me is a fake." On Saturday evening the Ambassador issued a similar statement, when shown a newspaper containing an interview purporting to have been given through a person close to the Ambassador, in which he was quoted as saying: "If the States severed diplomatic relations with Germany, war would follow immediately."

"Not by Chance."
 London Daily Mail:—If there are any in this country or among our Allies who fail to realise the work of the British Navy or the mastery efficiency with which it has been carried on they have only to remember that our power of assisting the common cause depends absolutely on controlling the sea, and that never until now, in spite of all his efforts, has the enemy broken through our naval defences and precautions and torpedoed a transport. The sinking of the Royal Edward is a reminder of the invisible, unacknowledged but unceasing skill and vigilance which alone have prevented similar losses in the past. Our French Allies, who are so gallantly co-operating with us by land and sea in the Dardanelles, need no such reminder. They know well enough that it is not by chance but as the result of brilliant and untiring work that our transports and their crews have enjoyed so long an immunity.

When passing one's plate for a second helping, where should the knife and fork be placed?" asked Bob. "The knife and fork should be laid side by side on the plate, with the handles together, when sending it back for a second helping," said his mother.

When the oven becomes too hot place a basin of cold water into it, but do not leave the door open. This answers the purpose of cooling the oven, and the rising steam prevents the food from burning.
