DRESS AND MANTLE MAKING

The Fashionable West End.
To the Ladies:
We have during the past two years contemplated the establishment of a Dress Making Department, in connection with our other branches. The difficulty of obtaining a suitable person to take charge, has, up to the present time, only prevented us from doing so.
We have now great pleasure in informing you that we have secured the services of Miss Morrison, of Toronto, a lady of first-class abilities, highly recommended to us, and we believe eminently qualified to give complete satisfaction in every respect. Miss Morrison has for the past ten years occupied the position of senior and fitter in one of the leading Fashionable Dress making Establishments in the City of Toronto.
Miss Morrison is also an experienced Mantle maker, and all orders entrusted to her will be executed in a style equal to anything that can be obtained in the largest cities.
Orders for these departments will be received on and after Monday next, the 4th of May.

A. O. BUCHAN,

Guelph Evening Mercury

THURSDAY EVENING, JUNE 5, 1873.

Town and County News.

PROBABLE.—It is reported that the Rev. I. B. Howard, of Port Hope, will succeed the Rev. E. B. Harper, M. A., in the pastorate of the Wesleyan Church. Mr. Harper will probably go to Port Hope.

The ladies of St. George's Church intend holding a strawberry festival in the Drill Shed on Wednesday evening, the 25th inst., of which due notice will be given.

For Europe.—Mr. A. W. Lauder, M. P. P. for South Grey, has just sailed by the Anchor Line for Europe, on a visit to his family, where they have been staying for some time past.

At Last.—We were favored yesterday with a pleasant shower which has gratifiedly tempered the atmosphere and imparted fresh animation to "every green thing." The fall of rain was not heavy enough to injure the growing crops.

A Wesleyan minister of Indianapolis having righteously got out of patience with his congregation, last Sunday proposed that hereafter instead of repeating the usual benediction, he would say, "Let us put on our overcoats, commence tittering, slip on gloves, grab our hats, look to the Lord, and be dismissed." This minister would have got mad long ago, had he lived in Guelph.

POLL BOOKS STOLEN.—Certain poll books of the Township of Normanby, relating to the late vote on the railway bonus in aid of the extension of the Wellington, Grey and Bruce Railway from Clifford to Durham, were on Thursday last stolen from the post-office at Mount Forest, where they were mailed for the County Clerk. The matter is being investigated by the post-office authorities, and it is to be hoped the guilty parties will be discovered and punished.

THE VESCELUS SISTERS.—The great musical trio, the Veselus Sisters, will give a vocal and instrumental concert in the Town Hall on Monday, June 9th, under the auspices of the Y. M. C. A. The universal success which has attended them at all points is the best criterion by which to judge of their ability. We would advise all who can to attend the concert and spare themselves the regrets which are sure to follow if they fail to put in an appearance.

LAYING THE FOUNDATION STONE.—The Bishop of Toronto laid the corner stone of St. John's Episcopal Church in Elora, on Tuesday afternoon, assisted by Archdeacon Palmer, Dean Osler and several other clergymen. There was a lunch in the Drill Shed in the afternoon, and a social in the evening with a large attendance and liberal contributions. A confirmation was also held at Elora in the forenoon.

FOR THE OLD COUNTRY.—Mr. Osmund, Agent for the Allan Steamship Line, informs us that he has sold twenty tickets to parties who have left Guelph or its vicinity this week, and who take passage by the Allan Line for the old country. This is the largest number that ever left Guelph in one week, and gives one a good idea of the immense business done by this popular Canadian line of steamers, and of the number of people who are this year paying a visit to Britain.

THE NEW HIBERNIA.—Morris and Howarth's Hibernia opened last night in the Town Hall to a very fair house but merely a shadow to what it must be tonight judging from the flattering impression made on the audience. The company is certainly the most worthy of patronage that has exhibited in Guelph for some time. The paintings are good and Mr. Howarth, the lecturer, is well posted on his subject and adds materially to the interest. The drama "Kitty O'Connor" was well executed and kept the audience in raptures of laughter the whole evening. All were well pleased and not a few went away determined to come again and bring their friends with them. Remember the matinee this afternoon at 3:30 p. m., and the exhibition again to-night. Plan of the Hall can be seen at Anderson's Bookstore.

SIR G. E. CARTER'S WILL.—Among other clauses said to be in Sir George Carter's last will and testament, dated 1866, is one bequeathing a sum of £10 per annum to aid in educating some poor boy of St. Antoine parish, who may be designated by the cure; also £150 to Miss L. Cavillier, to whom is entrusted the care of his daughters; also, it is said to be provided if any one of his daughters marries a relative of his wife's family that one is to be disinherited. If either of his executors should die, they shall be replaced by one related to his wife's family by marriage. This will shortly be proved.

CHALLENGE.—George Brown, the champion sculler at Halifax, has challenged Henry Coulter to row a race at Springfield, Massachusetts, for the championship of America. Pending the acceptance of the challenge, Brown has gone into training on Bedford Basin.

DEDICATION.—The Episcopal Church lately erected in Rothsay was consecrated to divine service on Wednesday by the Bishop of Toronto, several other ministers taking part in the ceremony.

HORTICULTURAL.—Why are peas the proudest vegetables in our gardens? Because they are all getting stuck up.

You can see for Nothing more animals and curiosities at Barnum's great show, which will not be here until July, than you can find in any other show now travelling. Wait for Barnum.

From ratepayers in West Garafraxa and Luther, for aid to improve the line between these townships. From West Garafraxa, for aid to build bridges between 5th and 6th concessions. From the same, for aid to improve the road between 2nd and 4th cons. of that township. From the same, for aid to repair the side road between lots 2 and 6.

From ratepayers in Clifford, asking the Council to incorporate that village, and asking the Council to pass a by-law to that effect.

Moved by Mr. Prain, seconded by Mr. Patterson, that Mr. Mollison be appointed commissioner to take the census of Clifford, and report at the December meeting.

The Council then adjourned till three o'clock.

The Council resumed at three o'clock. The following petitions were read:—From ratepayers in Maryborough for a grant to improve centre side road in said township.

From ratepayers in Luther for aid to improve the road in the 7th line of said township.

From the Council of Arthur for aid to erect a lock-up in that village.

From ratepayers in Luther and East Garafraxa for aid to repair the road between said townships.

THIS MORNING'S DESPATCHES

Ex-Empress Eugenie in Paris.

Carlism Tactics.

False Report.

Death of an Italian Statesman

Murderer Captured.

Wife Beating.

London, June 4.—Despatches from Vienna contain no allusion whatever to the reported illness of the Czar near that city. The statements in the special despatch from the Austrian capital to the Standard, previously sent, are, probably, false.

Rome, June 4.—Urbano Rattazzi, the Italian statesman, is dangerously ill.

Richmond, June 4.—Jim Brown, the alleged murderer of the two old ladies, Mrs. Johns and Mrs. Dosier, was captured last night. To-day he confessed the crime. The feeling against him is intense, and it is more than probable that he will be lynched.

St. Louis, June 4.—Mrs. Fore, who was assaulted by her husband to-day, will probably recover.

London, June 5th.—It is reported that the ex-Empress Eugenie is in Paris, and has been there two days.

Madrid, June 4.—The Carlism, by continually interrupting communications between France and Spain, thus rendering it difficult to obtain authentic information, seek to make it appear that they have complete control of the frontier provinces. On the creation of this false impression abroad they base their hopes of successfully launching a loan of one hundred millions. It should be understood that no faith can be placed on their representations in the markets of Europe.

London, June 5.—The London Times urges the immigration of the Chinese to East Africa as a means of bringing about the abolishing of the slave trade.

New York, June 3.—A rumor prevails that the Court of Appeals has given decision adverse to application of Stokes for a new trial.

New York, June 4.—Mr. George McDonald, the Bank of England forger, was taken from Fort Columbus to the *Mimosa*, which sailed at noon. He is in charge of two London police officers.

Penang, Straits of Malacca, June 4.—One of the Dutch men-of-war cruising off the northern shore of Sumatra fired into three British merchant vessels as they were leaving the harbour of Achen.

Fire in Morrison.

From our Correspondent.
About 10 o'clock this forenoon a fire broke out in the out-building attached to the dwelling and workshop belonging to Mr. G. Fischer—so well known in Guelph for his rare cabinet work—and gradually extended to the main building. Notwithstanding that every effort was made to stay the progress of the flames, it was of no avail, as by 11 o'clock the whole was consumed. Owing to the combustible nature of the building, and the rapidity of the fire, very few of Mr. Fischer's effects were saved, and unfortunately his tools, which were very valuable, and many of which cannot be replaced, were all lost. He is also possessed of a number of medals, both German and Canadian, received for excellence of workmanship, but these, as well as many curiosities and mementoes of Fatherland and earlier days, were all destroyed. He has the sincere sympathy of all, and a meeting is to be held in the Town Hall to-night, and an effort will be made to assist him, as there was no insurance either on stock or buildings, and "Old Fischer," as we call him, is reduced by one stroke from comfort and content almost to poverty.

Morrison, June 4th, 1873.

BASE BALL NOTES.

BOSTONS AND MUTUALS AGAIN—A BRILLIANT GAME OF TWENTY INNINGS—BOSTONS SIX BY A SCORE OF 6 TO 5.

The third championship game between these two nines was played on Tuesday, on the Union Grounds, in the presence of about 2000 people. The game to the end of the 12th innings was most exciting, and was dotted with some fine fielding. Burdock, of the Atlantics, acted as umpire, and his decisions were excellently given. On the whole it was the best fight the Mutuals ever made. The total fielding errors were, Boston 8, Mutuals 16. Time 3 hours. The following are the runs each innings:

BOSTONS 0 0 2 2 0 1 0 0 0 1 6
MUTUALS 1 0 2 1 0 0 1 0 0 0 0 5

LOCAL.

The Atlantics, a juvenile club, have formed, and wage war against other clubs of its own ilk.

A Free Exhibition, consisting of twenty cages of animals and curiosities, is given every day by the world-renowned Barnum. His great show will not be in the Dominion before July. Wait for it.

Eggs.—The Kingston Whip says the barn yard fowls are just now occupying a goblin share of the attention of several of our contemporaries. According to their accounts there are certain kinds of hens vying with each other for the championship for large egg laying, and another kind of chickens competing for the smaller size, and in the contest wagers are being worked. There is no telling where this controversy may end, but we do hope some game birds will give their whole mind to the business, and produce nothing short of a miracle to stop the present nonsensical cackling.

Barnum's Wonder World embraces the largest variety of beasts, birds and reptiles ever seen on exhibition. These circus rings are used in the grand hippodrome, and a free show is given every day.

Look out for Frauds.—The only great show that will be in Canada this summer is P. T. Barnum's, which will not be here before July. Don't be fooled.

AGRICULTURAL AND ARTS ASSOCIATION.—The Council of this Association met at Toronto on Wednesday. Among the letters read were several from manufacturers, in which the writers expressed various opinions as to the best mode of encouraging improvements in agricultural implements. The majority were in favor of the abolition of prizes altogether, and favored the adoption of some system whereby manufacturers should be accommodated with suitable sites on the fair ground for the exhibition of their productions, and that the verdict should be left to the appreciation of the public. No action was taken on these. A proposition for the settlement of Mr. Denison's indebtedness to the Association was laid before the meeting and accepted. Mr. Murlon, on behalf of Committee appointed to visit London, and arrange for accommodation for the next exhibition, presented his report. The officers and Committees to act at the next exhibition were appointed. The rules and regulations for the exhibition were gone over, and it was agreed to offer the Prince of Wales prize of \$50 for the best flock of Cotswold sheep to animals bred in the Province. The Judges for the exhibition were appointed.

Barnum's Great Show will not be in Canada before July. He exhibits twenty cages of animals and curiosities free, which is more than any other show owns.

Thursday, June 6th.
The Council met at 9 o'clock, the Warden in the chair.

The Warden read petitions from rate-
