LUCKNOW.

(Agent for the "Advertiser," W. H. Smith.)

Jan. 21.—On Sunday night last someone entered Mitchell Bros.' sawmill and opened all the taps on the boiler, allowing the water to run out. Work was to have commenced in the mill on Monday. The boiler had been filled by hand on Saturday, and had the trick not been discovered in time serious damage might have resulted. We understand that Mr. Mitchell has offered a reward of $20 for the conviction of the guilty person.

About two weeks ago Mr. James Murray, of West Wawanosh, returned home from Dakota on the advice of the doctors there, who said a change of climate was necessary for the benefit of his health, but on Tuesday last he was found dead in bed, death having resulted from heart failure.

Mrs. Eva Etcher, of Blue Vale, is visiting her sister, Mrs. E. Kaake.

The funeral of the late David Johnston, whose death occurred on Wednesday last, took place from the family residence on Friday afternoon, and was very largely attended. Over 60 of his former companions marched in a body to the cemetery, each wearing a bow of crepe on his sleeve in memory of their deceased friend.

Mr. Black, of Montreal, mechanical inspector of the G. T. R., was the guest last week of his brother-in-law, Mr. Alex. Ross.

Mrs. T. Hoey and Messrs. Robert and Tom Johnston, of Buffalo, N. Y., were in town on Friday last attending the funeral of their brother Dave.

A NEW ERA

In the History of Medical Practice Inaugurated by a Recent Cure of Bright's Disease.

MONTREAL, Jan. 22.—Although some weeks have elapsed since the first dispatch concerning Dr. A. G. McCormack, of Richmond was sent out from this city, the public interest in the man and his recovery from Bright's disease has not abated. Doctors have investigated the report of this wonderful cure, and have satisfied themselves of its truth. As a prominent physician remarked to your correspondent today: "Dr. McCormack's case marks a new era in medical practice, and Dodd's Kidney Pills, which cured him, cannot fail to secure wide recognition from the medical profession." Local druggists report a heavy sale of these pills throughout the city since this cure was first reported.

The Mississippi Disaster—18 Lives Lost.

TELL CITY, Ind., Jan. 21.—Later and complete reports from Wolf Creek regarding the loss of life by the sinking of the steamer State of Missouri place the loss of life at eighteen. This includes the cabin crew, the carpenter, one passenger from Pittsburg and one from Barefield. The five lady passengers were saved. Five roustabouts were lost.

When Others Fail

Hood's Sarsaparilla builds up the shattered system by giving vigorous action to the digestive organs, creating an appetite and purifying the blood. It is prepared by modern methods, possesses the greatest curative powers, and has the most wonderful record of actual cures of any medicine in existence. Take only Hood's.

Hood's Pills are purely vegetable, and do not purge, pain or gripe. 25 cents. c

Germany's proportion of suicides is larger than that of any other European country.

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done once it will do again.

All For God!

The Extent of the Grand Gospel Campaign.

Dr. Talmage Discourses on the "Points of the Compass."

NEW YORK, Jan. 20.—The subject of Dr. Talmage's discourse to-day was, "Points of Compass," and the text, Luke xiii., 29: "They shall come from the east and from the west and from the north, and from the south, and shall sit down."

The man who wrote this was at one time a practising physician; at another time a talented painter; at another a powerful preacher; at another a reporter—an inspired reporter. God bless, and help, and inspire all reporters! From their pen drops the health or poison of nations. The name of this reporter was Lucanus; for short he was called Luke; and in my text he reports verbatim a sermon of Christ, which in one paragraph bowls the round world into the light of the millennium. Nothing more interested me in my recent journey around the world than to see the ship captain about noon, looking through a nautical instrument to find just where we were sailing; and though the captain tells you there are thirty-two points of division of the compass card, there are only four cardinal points, and my text hails them, the north, the south, the east, the west. So I spread out before us the map of the world to see the extent of the Gospel campaign.

The hardest part of the field to be taken is the north, because our Gospel is an emotional Gospel, and the nations of the far north are a cold-blooded race. But already the huts of the Arctic hear the songs of Divine worship. Already the warmth of the Sun of Righteousness begins to be felt through the bodies, and minds, and souls of the Hyperboreans. From Zembla, from Spitzbergen Seas, from the Land of the Midnight Sun, Christ's disciples are coming from the north. The inhabitants of Hudson's Bay are gathering to the Cross. The Church Missionary Society in those polar climes has been grandly successful in establishing 24 Gospel stations, and over 12,000 natives have believed and been baptized. The Moravians have kindled the light of the Gospel all up and down Labrador. The Danish Mission has gathered disciples from among the shivering inhabitants of Greenland. William Duncan preaches the Gospel up in the chill latitudes of Columbia, delivering one sermon nine times in the same day to as many different tribes, who listen, and then go forth to build school houses and churches. Alaska is hearing the voice of God through the American missionaries, men and women as defiant of Arctic hardships as the old Scottish chief who, when camping out in a winter's night, knocked from under his son's head a pillow of snow, saying that such indulgence in luxury would weaken and disgrace the clan

Scientists have never been able to agree as to what is the Aurora Borealis or Northern Lights. I can tell them. It is the banner of victory for Christ spread out in the northern night heavens. Partially fulfilled already is the prophecy of my text, to be completely fulfilled in the near future: "They shall come from the north."

But my text takes in the opposite point of the compass. The far south has through high temperature temptations to lethargy, and indolence, and hot blood, which tend toward multiform evil. It means Africa, which David Livingstone consecrated to God when he died on his knees in his tent of exploration. Already about 750,000 converts to Christianity in Africa. The south! That means all the islands strewn by Omnipotent hand through tropical seas. Java for God; Sumatra for God; Borneo for God; Siam for God.

But I must not forget that my text takes in another cardinal point of the compass. It takes in the east. I have to report that in a journey around the world there is nothing so much impresses one as the fact that the missionaries, divinely blessed, are taking the world for God. The horrible war between Japan and China will leave the last wall of opposition flat in the dust. When Misionary Carey put before an assembly of ministers at Northampton, England, his project for the evangelization of India they laughed him out of the house. From Calcutta, on the east of India, to Bombay on the west, there is not a neighborhood but directly feels the gospel power. About 3,000,000 of Christian souls in India are the advance guard that will lead on the 250,000,000. The Christians of Amoy, and Pekin, and Canton are the advance guard that will lead the 340,000,000 of China. "They shall come from the east," and the Christ who came from the east will yet bring all the east with him.

There is another point of the compass that my text includes: "They shall come from the west." That means America redeemed. Everything between Atlantic and Pacific Oceans to be brought within the circle of holiness and rapture. Will it be done by worldly reform, or evangelism? Will it be law, or gospel? The gospel is the only power that can revolutionize society and save the world. All else is half and half work, and will not last. But what nothing else in the universe can do, the gospel can and will accomplish. "They shall come from the west," and for that purpose the evangelist batteries are planted all along the Pacific coast, as they are planted all along the Atlantic coast. All the prairies, all the mountains, all the valleys, all the cities, are under more or less gospel influence, and when we get enough faith and consecration for the work this whole American continent will cry out for God. "They shall come from the west."

But what will they do after they come? Here is something gloriously consolatory: "They shall come from the east, and the west, and the north, and the south, and shall sit down." Oh, this is a tired world! But my text suggests a restful posture for all God's children, for all those who for a lifetime have been on the run. "They shall sit down!" Why run any longer? When a man gets heaven, what more can he get? "They shall sit down." Not alone, but in picked companionship of the universe. Not embarrassed, though a seraph should sit down on one side of you and an archangel on the other. I notice that most of the styles of toil require an erect attitude. There are the thousands of girls behind counters, many such persons through the inhumanity of employers compelled to stand, even when because of lack of customers there is no need that they stand. Then there are all the carpenters, and the stonemasons, and the blacksmiths, and the farmers, and the engineers, and the ticket agents, and the conductors. In most trades, in most occupations they must stand. But ahead of all those who love and serve the Lord is a resting place. "They shall sit down." Rest from toil; rest from pain; rest from persecution; rest from uncertainty. Beautiful, joyous, transporting, everlasting rest! Oh, men and women of the frozen north, and the blooming south, and from the realms of the rising and setting sun, through Christ get your sins forgiven and start for the place where you may at last sit down in blissful recovery from the fatigues of earth, while there roll over you raptures of heaven. Many of you have had such a rough tussle in this world that if your faculties were not perfect in heaven you would sometimes forget yourself and say: "It is time for me to start on that journey;" or "It must be time for me to count out the drops of that medicine;" or "I wonder what new attack there is on me through the newspapers?" or "Do you think I will save any of those crops from the grasshoppers, or the locusts, or the drought?" or "I wonder how much I lost in that last bargain?" or "I must hurry, lest I miss the train." No, no. The last volume of direful, earthly experiences will be finished. Yea, the last chapter, the last paragraph, the last sentence, the last word. Finis!

Frederick the Great, notwithstanding the mighty dominion over which he reigned, was so depressed at times he could not speak without crying, and carried a small bottle of quick poison with which to end his misery when he could stand it no longer. But I give you this small vial of gospel anodyne, one drop of which, not hurting either body or soul, ought to soothe all unrest and put your pulses into an eternal calm. "They shall come from the east, and from the west, and from the north, and the south, and shall sit down."

A WOMAN'S HEART.

One Disease That Baffles the Physician.

The Story of a Woman Who Suffered for Nine Years—How She Was Cured.

(From the Newark News.)

Valvular disease of the heart has always been considered incurable. The following interview, therefore, will interest the medical profession, since it describes the successful use of a new treatment for the disease. The patient is Mrs. George Archer, of Clifton, N. J., All physicians consulted pronounced the patient suffering with valvular disease of the heart, and treated her without the slightest relief. Mrs. Archer said: "I could not walk across the floor, neither could I go upstairs without stopping to let the pain in my chest and left arm cease. I felt an awful constriction about my arms and chest as though I were tied with ropes. Then there was a terrible noise in my right ear like the labored breathing of some great animal. I have often turned expecting to see some creature at my side.

"Last July," continued Mrs. Archer, "I was at Springfield, Mass., visiting, and my mother showed me an account in the Springfield Examiner telling of the wonderful cures effected by the use of Dr. Williams' Pink Pills for Pale People. My mother urged me to try the pills, and on Nov. 25 last I bought a box and began taking them, and I have taken them ever since, except for a short interval. After beginning on the second box, to my wonder, the noise in my ear ceased entirely. I kept right on, and the distress that I used to feel in my chest and arms gradually disappeared. The blood has returned to my face, lips and ears, which were entirely devoid of color, and I feel well and strong again.

"My son, too, had been troubled with gastritis, and I induced him to try the Pink Pills, with great benefit. I feel that everybody ought to know of my wonderful cure, and I bless God that I have found something that has given me this great relief."

The value of a good name is above computation. The good name enjoyed by Dr. Price's Baking Powder has been a standard of superiority for 40 years. Its career of excellence is crowned by highest honors awarded at the World's Exposition and the Midwinter Fair.

The Diphtheria Cure.

MONTREAL, Jan. 21.—The civic health authorities have been using the anti-toxine serum in the civic hospital with what they consider satisfactory results. The remedy is said to be efficacious except in very extreme and far advanced cases. The first patient treated was discharged on Saturday last.

In Memory of Gen. Lee.

BALTIMORE, Jan. 21.—The 87th anniversary of the birth of Robert E. Lee was celebrated Saturday night by ex-Confederates by a largely-attended meeting at the Academy of Music and a banquet at the Carrollton Hotel. The day was observed in Washington and other places.

The Motorman Was Dead.

ST. LOUIS, Mo., Jan. 21.—John Moser, conductor of an electric train on the Lindell street railway, rang a warning bell to his motorman to stop at a crossing near the tracks of the Wabash Railway in Forest Park boulevard. The car dashed on at increasing speed. The conductor investigated and found Motorman John M. Monroe hanging over the front gate with his skull crushed and dead. He had reached over the side to look for an approaching train and was struck by one of the iron posts set between the tracks to support the trolley wires.

Babies

and rapidly growing children derive more benefit from Scott's Emulsion, than all the rest of the food they eat. Its nourishing powers are felt almost immediately. Babies and children thrive on Scott's Emulsion when no other form of food is assimilated.

Scott's Emulsion

stimulates the appetite, enriches the blood, overcomes wasting and gives strength to all who take it.
