FOOTBALL.

LONDON WON. The Sarnia intermediate Rugby team were up against it good and hard on Saturday, being turned down by the local team to the tune of 36 to 0. was the first game of the season here, and the attendance was good, considering the bad weather. The boys from the Tunnel Town were simply by ed by the locals, who held them safe at every point of the game. In the first half London made 20 points on good kicking by the back division and fast following up by the forwards. In the second half there was more scrimmage and running play, and 16 points were On the half-back line, rolled up. Taylor, Peel and Hueston all were in good trim, and gained ground time and again on hard dashes down the field. Taylor's goal kicking in the first half was remarkable. In the second he bucked the line time and again, and always for a substantial gain. Hugh Labatt, at quarter, proved a worthy successor to Frank Hobbs.

Sarnia failed to produce a referee, and their captain called upon Frank Hobbs to act, with Will Hobbs as umpire. The whistle blew at 3:35, and the teams lined up as follows:

to kick south with the wind. The kick-off was poorly returned, and it was London's ball on Sarnia's 40-yard line. A succession of scrimmages, and Peel kicked across the line. Kerrigan followed up fast, but Freeman dodged and punted to the 25-yard line. Hueston returned, and Freeman fumbled. Galbraith dropped on the ball for a try, which Taylor neatly converted. Score, 6-0. London worked the ball back from the half-way mark, and Hugh Labatt bucked the line for another try. The kick was easy, and Taylor again did the trick. Score. 12-From a throw-in near Sarnia's goalline, Gibbons grabbed the pigskin and was pushed across. The goal was a most difficult one, but Taylor scored neatly. Score, 18-0. Another punt was added on a long kick, which came out of bounds, and a second single came when Freeman was forced to rouge. Half - time; score. 20-0. wind had freshened, and the Sarnians had big hopes of scoring in the second half, when it hopes (2), 21. was behind them. London kept possession of the ball, and worked it down the field on short runs by Peel, Taylor and Hueston, and then Labatt broke through the center and handed the ball to Taylor, who struggled across for a try. He missed the kick. Score, From the kick-off London again brought the ball down to Sarnia's line on short runs round the ends. There was a scrimmage near the line, and when the struggling mass was pried off, Labatt was at the bottom with the ball for another touchdown. The goal was missed. Score, 28-0. London's backs seemed to kick as well against the wind as with it, and gained ground on almost every exchange. From a mix-up near Sarnia's goal Gibbons

ATHLETICS.

New York, Sept. 29 .- The annual fall games of the New York Athletic Club were held today at the club's summer home, Traverse Island, on the Sound. in the presence of about 7,000 specta-tors. The weather was raw and un-suitable to clever performances on track and field. Notwithstanding this, two world's records were broken. In the 440 yards run handicap, Maxwell W. Long, of Columbia University, covered the distance in the remarkable time of 47% seconds. These figures eclipse all former records, amateur and professional, on a circular track.

SUNDAY GAMES.

Long ran from scratch in a handicap race, and had to run rather wide at one of the turns, winning by 18 yards. The other world's record was made in the hammer-throwing event, in which John Flonagan, of the New York Athletic Club, sent the missile 169 feet 3 inches, beating the former record of 167 feet 8 inches, made by himself on the same ground two years ago. In the shot-putting event, Hor-gan, the holder of the English record, failed in his attempt to beat the American record of 47 feet, his best effort being 45 feet 4 inches. The swimming championship of the Amateur Athletic Union was held in conjunction with the meet, and E. C. Schaefer, of the University of Pennsylvania, carried off the 100 yards, 200 yards and 400 yards event. In the 100 yards he lowered the American record of 1 minute 8% seconds to 1 minute 5% seconds. Dr. W. G. Douglas, the old-time swimmer, carried off the half-mile in capital style, and his victory created great en-

CHINESE JUSTICE.

At 10 o'clock (June 27), says Admiral John W. Philip in the interesting passages from his diary published in Frank Leslie's Popular Monthly for October, I went down with 30 men to attend a meeting of the Chinese court. The business today consisted in comparing the English and Chinese records of the case and making them agree. They reexamined the two leaders, who are the Chung brothers, and occupied nearly the whole day in trying by different tortures to make these fellows confess to their guilt. One proceeding rather amused me, although it was barbarous. The leading mandarin had asked one of these brothers several questions, to which he would not answer to the satisfaction of the court, so the mandarin wrote out the evidence as he thought the criminal ought to speak it, and then told him to acknowledge that it was correct; and when the poor fellow refused to comply with court's request, he was tortured until he fainted in the court room and had to be removed. By the Chinese laws they cannot punish a person until he confesses to everything. If the court think the prisoner is telling lies they torture him for the truth; or, if he does not speak as they wish him to, and will not confess his guilt, they torture him in the most cruel manner until he does as they wish. As soon as he confesses he is beheaded, frequently in one hour. I was told in hat very often a crimina die under his tortures rather than confess himself guilty. These, I suppose are rare cases, where the man is really innocent of the crime charged. I have seen enough of Chinese jurisprudence to disgust me with it for the
