MINE IS VALUABLE

Arizona Property of Londoners Show Paying Ore.

The Arizona Republican or Phoenix, Arizona, prints a report that the Black Rock mines, in which Mr. Frank Mc-Lean, of East London, is principally interested, has developed an ore body that is certain to attract the attention of the mining world. The vein from surface indications is supposed to be some hundreds of feet wide, though low grade. At the 100-foot level a cross | Thirty-Two Persons Missing—Painful out has been run both ways from the shaft for a distance of 59 feet. Both cross cuts are in ore and no found, so the vein is known to be more than 100 feet wide.

On the 200-level a cross cut has been run 78 feet in one direction and no walls found. Assuming that on that level it runs 50 feet the other way, as does above, the vein on that level is at least 138 feet wide. This ore is, of course, low grade, but of good workable value, and the quantity of it seems to be something marvelous. Mr. McLean will probably leave for Arizona this month on business of the

MOVING HOUSE A MILE

From Armory Site to Dufferin Avenue East of Adelaide:

The large white frame residence which stood on the new armory site is being moved to a lot on Dufferin avenue, near Elizabeth street, it having been purchased by Conductor John Thompson, of the London street railway. The house is being moved via Waterloo street and Dufferin avenue, and the work will take a couple of weeks, the distance being nearly a mile. The moving of the house across the street railway tracks on Dundas street was accomplished in the early hours of Thursday morning, the trolley wires being cut to allow its passage.

Friday, Nov. 14—8 a.m. already been shown by residents of Bathurst street, who do not wish to see it converted into a thoroughfare devoted practically to business, such as it would become if the siding is built. The opinion of the city enwise it will, notwithstanding these objections, grant the request.

"If the council is wise," is a serious "if" this year unfortunately, and it is

The following letter from Detective Murray, who worked up the Sifton case, appears today in the Mail and

To the Editor of the Mail and Empire: Sir-My attention has been called to what purports to be an interview with E. F. B. Johnston, K.C., published in a local paper of a few days ago. In this interview Mr. Johnston undersome residence, "Sunlight Hall," Aylmer street, Peterboro, on Monday night. Amongst the guests from a distance were Miss Ada Somerville, of takes to criticise comments I have made with reference to the murder of Joseph Sifton, and the outcome of the trial of his son on a charge of committing the crime. I may tell Mr. Johnston that if there was anything disreputable (to quote his words) in connection with the Sifton case, it was not the crown officers who were guilty of such conduct. For over a quarter of a century I have been con-nected with the prosecution of criminals of various kinds in this Proince, and he knows as well as everybody else, that I have never adopted any underhand methods in the conduct of any case. Neither have I exhibited the same desire to "air my opinions in newspapers" that has been shown by others connected with some cases. It is a well-known fact in the Department of Justice that Mr. Johnston has no personal love for me, but that does not justify the uncalled-for and cow-ardly personal attack which he made upon me in open court, shielded by his gown, in the course of the Sifton trial. Thompson, who laid the charge against After the cross-examination of Herbert, an admitted accomplice in the murder, Johnston said: "Has anybody seen you since recess?" "No," answered Herbert. "Has Detective Murray seen you?" Herbert again answered no. "Well," said Johnston, WRECK OF THE ELINGAMITE 'I would sooner believe you than Murray." I resented this by calling John ston a coward, and the court officials were agreed that his remark was "the most disreputable thing they had ever heard." I leave my record to the pubup a raft belonging to the British lic, and I am not at all alarmed over steamer Elingamite, which was wrecked on one of the Three Kings Mr. Johnston's recommendation that I should be dismissed from the service. Yours, etc., JOHN MURRAY, "Inspector of Criminal Investigation."

CASH OFFER TURNED DOWN IN FAVOR OF THIS CITY

The Sherlock-Manning Organ Co. Refused Bonus of \$20,000 From Town of Goderich.

London's newest industry, the big organ factory, whose establishment was announced exclusively in Thursday's Advertiser, will start operations with every prospect of success. It will be known as "The Sherlock-Manning Organ Company of London, Canada," and the two gentlemen at the head of the concern have had a lengthy experience in the organ business, Mr. J. F. Sherlock having been for sixteen years the head traveler for the Doherty Organ Company of Clinton, while Mr. N. W. Manning has been connected with the same firm for over

pany expect to do a large export trade with Great Britain, Australia, South Africa and Europe. The firm are already in touch with a prominent South African dealer who has agreed to take 300 organs yearly. As an evidence of the sound financial

basis upon which the firm starts operations, it may be mentioned that an offer of a \$20,000 bonus from the town of Goderich was refused, the new concern preferring to locate in London. It is asking no favors from the municipality. The company's premises include

large factory, practically new, which will be doubled in capacity, a good brick kiln for timber, six acres of ground, and a switch from the G. T. R. The company expects to be in full operation by Jan. 1, and to be turning out organs a month later. The works fourteen years, a portion of this time | will have a capacity as manager. No one is more familiar month at the start. will have a capacity of 100 organs a

PRES'T MITCHELL ON MINERS' PAY

Summary of His Statement Made to the Commission.

DANGEROUS NATURE OF WORK

Miners' Asthma an Almost Universal Ailment-No Allowance for Extra Hazard.

Scranton, Pa., Nov. 14.-Following is an abstract of President Mitchell's statement to the anthracite strike commission, which met here today:

Mr. Mitchell prefaced his statement with the hope that the commission would "succeed in establishing a relationship between the operators and the miners that will insure peace and stability in the industry for an indefinite period.' After reciting the demands for in-

creased pay for the miners, a shorter work day for the laborers, the weighing of the coal, and an industrial agreement, the refusal of all of which led to the strike, Mr. Mitchell spoke as follows on the question of higher

"Of the 147,000 men and boys employed in and around the mines, strippings, washeries and breakers in the anthracite coal fields, 64,072 or 43 per cent are employed on contract piece work. The remaining 85,000 or 57 per cent are employed by the hour, day work or month. Of the 64,072 contract men 37,804 are miners and 36,268 miner's laborers.

"The work of a miner and a miner's laborer is extremely hazardous, in fact, it is more dangerous than employment in any other important industry in the world. The number of persons killed and injured is greatef than in any other industry. Each day the anthracite coal mines are in operation, 2.610 persons lose their lives and three times as many are mained, and yet these men receive less wages annually than received by men performing precisely similar work in other fields under more favorable and less hazardous conditions.

retain his health and strength in this occupation is limed. If he escapes death or injury by falls of rocks or coal, he cannot escape attacks of miners' asthma. There is scarcely a mine worker who has not contracted this malady. The miners are compelled to work in powder smoke, in foul air. many of them in water, and their work is difficult and exhausting. Reputable insurance companies will not issue policies to this class of workmen. The risks are so great that the premiums would be prohibitive to men whose earnings are so low. The entire 20 per cent which they demand as an increase in their wages would not suffice to carry an insurance of \$1,000. "It seems but fair and just that wages paid these classes of workmen should be as high, if not higher, than

wages paid to skilled artisans in other industries. "It is certainly not unjust to ask

that these miners should receive as high wages as are paid to miners in the bituminous coal fields, in the silver and gold mines or in their own ore and copper mines, all of which work is less hazardous, freer from liability to disease, requiring less experience and less skill, and is better paid than labor in the anthracite coal fields.' REDUCTION OF HOURS.

In spporting the demand for the reduction of the hours of day laborers, Mr. Mitchell showed that it amounted practically to a demand for 20 per cent increase of compensation for 83,000 men or 57 per cent of all mine employes. He said further that the eigrt hour day is the standard working day in the mining industry. Eight hours constitute a day's work in the coal mines of Great Britain, in all the silver and gold and copper mines and in the bituminous coal mines in the different states of this country.

VERY "LONG" TONS. Defending the third demand that coal shall be weighed and paid for by weight, and that 2,240 pounds shall constitute a ton, Mr. Mitchell declared that the present method of measuring the coal produced by miners in Lackawanna, Wyoming and Lehigh region has been the source of more discontent than any other of the many injustices imposed upon the miners, and there can be no contentment among these workers until an honest system has been adopted. Paying for coal by the car of by a ton weighing from 2.740 to 3,150 pounds is a flagrant injustice, he

declared. Mr. Mitchell continued: "The anan extra legal ton of from 2,740 to 3,150 pounds, have a system of docking, through which they appropriate an additional part of the miners' earnings. A miner is docked all the way "The number of years a man can from 500 to 1,000 pounds upon a car,

leveland's BAKING POWDER

as penalty for loading impurities, for which he has already been penalized to the extent of from 700 to 900 pounds in excess of impure weight. In other same offense

SETTLING THE WEST

Canadian Homestead Entries in Four Months Totaled Almost 80,000.

Ottawa, Nov. 13.—The homestead entries for the first four months of the current fiscal year are 7,875, but there are three agencies, which have not reported for October, and when they are received the full returns will be over 8,500, as against 3,022 for the same time last year, or nearly three times as many for the current year. This is a good indication of the rapid settlement of the West.

LED A DOUBLE LIFE

Two Families Attend the Funeral of an Old Soldier.

Marion, Ind., Nov. 14.-Thomas H. Davis died at the National Soldiers Home Tuesday and yesterday, two wo men, claiming to be legal wives of the deceased, attended the funeral with their two grown children.

It was then learned for the first time that Davis had lived a double life for more than 25 years. It was an affecting scene when the widows wept on each other's necks while the children made friends with each other.

CAPTAINS TRAPPED

Must Answer Charges of Violating N. Y. Election Law.

Six College Students Volunteered as Detectives-Disguised as Tramps.

New York, Nov. 14.—Two district cap- Harrington, collector of customs at Halifax, is a brother. tains in the ninth assembly district have been held by Magistrate Barlow in bonds of \$4,500 each to answer charges of vio-

lating the election law. The evidence in the case was procured by six collegians, who volunteered their with the requirements of the home services to Superintendent of Elections trade than is Mr. Sherlock. The com- McCullagh. One of the young men is said to be a millionaire. Another is a (Mont.) special to the Dispatch says: young physician, and the four remaining are medical students.

They claim to have made themselves noticeable around West Twenty-sixth streets just before election day. Disguised as tramps, they were accost-Disguised as tramps, they were accost-ed by workers, who, after becoming ac-quainted, disposed of them in various rooms. On election day they say they were provided with slips bearing the names of men who had registered in good faith, but who had been called away. In this manner they say they

The plan came nearly ending disastrously in one booth, where the alleged "repeater" had been provided by mistake with a slip bearing the name of a negro.

The exposures have caused a sensation. WILL VOTE "YES"

The Hon. George W. Ross' View on the Referendum.

A reporter of The Globe called upon Hon. George W. Ross yesterday to ascertain his intentions with regard to the vote on the liquor act which is to be taken on Dec. 4. Mr. Ross replied by accident of Dr. Horsey has left that he had voted for the Scott Act and for the two plebiscites that were taken, the one by the Dominion Government and the other by the Ontario Government, and, having the utmost confidence in the application of this principle in regard to legislation respecting the liquor traffic, he proposes voting on Dec. 4 in favor of the act. He also expressed the hope that no prohibitionist would allow any political considerations to prevent him expressing his views at the polls, as he proposed doing himself. The report that Mr. Ross intended issuing circulars to his friends or to anybody with regard to the referendum he declared was entirely unfounded. He thought his vews on the question of prohibition were sufficiently known without such action on his part.

A POWERFUL EVANGELIST

Rev. Walter Russell Meeting With Great Success in His Work.

The revival meetings being conducted nightly at the Wellington Street Methodist Church by Evangelist Walter Russell are being well attended, while the interest is growing steadily. This first week is preparation week, and Mr. Russell is devoting much of his attention to the work of infusing enthusiasm into the church workers themselves. Mr. Russell's subject last night was "The Fruits of the Spirit." He is a powerful and pleasing speaker, and his expositions of the Scriptures are models of conciseness and clearness. While engaged for some time in the ministry of the Presbyterian Church, Mr. Russell seems equally at home among the churches of the Methodist persuasion. He has twice thracite companies, not satisfied with addressed the local ministerial alliance, each time with much effect.

> Lever's Y-Z(Wise Head) Disinfectant Seap Powder is a boon to any home. It disinfects and cleans at the same time.

BECAME A DOWIEITE

Withdrawn From Church.

Woodstock, Ont., Nov. 14. — Rev. Thomas Voaden, a Methodist minister of this city, has written to the Hamilton conference withdrawing from the Methodist Church. He writes that he has become a Dowieite, and that his sympathy with Dowie's work is incompatible with loyalty to the Methodist Church, and that his address for the next few months will be Zion City, Lake County, Illinois.

HAD A HORSE WITH HIM

Alleged Vagrant Was Found Sleeping in London Barn.

John Potter was brought to jail last night by Constable Bedggood, of Thorndale, he having been remanded until Monday at 1 p.m. by Squire Mc-Guffin. Potter was discovered yester-day morning sleeping in the barn of Charles Fallon, of lot 1, con. 8, London township. In the stable was found a horse which he had brought with him, and which he claimed to have bought in or near London. It is suspected that the horse was stolen. The horse is a brown, 3 years old, 15 hands 2 inches high, with star on forehead and right hind fetlock white.

OUR *

IS EXCELLENT. Name on Every Piece.

GEORGE PETERS, The Richmond St. Confectioner.

Struck by Flyer.

Halifax, N. S., Nov. 14. - Henry Harrington, aged 73, was struck by the Sydney flyer at Tracadie last evening and instantly killed. W. D.

Fatal Accident at Winnipeg.

Winnipeg, Nov. 13. - Mac Graham a well-known bricklayer, was killed today by the collapse of a derrick while working in the Cockshutt Plow Hunting for Egan.

Paul, Nov. 14.-A. Kalispel The Great Northern Company has employed eleven men to continue for ten days the search for Supt. Egan, but has no plans after that time. It is now believed Mr. Egan is dead. He is said to have carried life insurance amounting to \$25,000. What effect a failure to find the body would have on the insur-

ance is now being questioned. Four Hold-Up Men Foiled. Frankfort, Ind., Nov. 14.-Four men attempted to hold up the south-bound Monon express at Cyclone early yesterday. The train slackened speed on trainmen and passengers escaped.

Sheriff Corns and deputies afterward caught the men, who gave the names of Chas. Johnson, James Meck. Frank Smith and Harry Gray, all claiming to live in Cincinnati

Six Empty Seats. Ottawa, Nov. 13.—There are six seats vacant in the House of Commons. Maissoneuve becomes vacant by Mr. Prefontaine accepting a portfolio.
Terrebonne is in the courts. Mr.
Ethier has been unseated in Two Mountains, and the death of Dr. Christie threw open Argenteuil. appointment of Mr. Flint to the clerkship of the Commons, has thrown open Yarmouth, N. S., and the sad death

North Grey without a representative. The writs for three constituencies have been issued. The other three, Terre-bonne, Two Mountains and North Grey, will likely be issued soon.

Another Soft Coal Combine. New York, Nov. 14.-The formation of another important soft coal combination is in contemplation, according to the Herald, which calls attention to the fact that leading miners in the soft coal belt of Indiana are in this city holding daily conferences, and will add: "Options are held over 50 operating properties in that region, and in case the deal goes through it will be financed by what is known as the Rock Island party, including W. H. Moore, D. G. Reid, J. H. Moore, W. B. Leeds and W. T. Graham. If the arrangements now being made are successful that syndicate will be the controlling factor in the new combination. About \$250,000,000 will be involved in the proposition.
