Bovril is not merely a stimulant to prop up the flagging spirits for the passing hour. It is a highly nourishing food, containing all the strength - giving properties of the best lean beef in the most palatable and easily digestible form.

Scarcely a word was uttered by them during the quadrille which they joined; but their silence was far more eloquent than words, for to each it seemed as if some crisis was near at hand.

It was between it and the conservatory.

some crisis was near at hand.

For the time being it was enough, Kenneth thought, simply to be near her, to look into her lovely, ingenuous face, which, it seemed to him, had never been so earnest and beautiful before. It was enough to clasp her warm, soft hand—to have it rest so confidingly in his, and any light or frivolous conversation would have destroyed the charm which seemed to surround them both.

Until that moment she had never given a thought to the attractions which Mr. Stark's household might possess for Kenneth, but now, all at once, the fact assumed alarming proportions.

"Why, you did not for a moment think that I believed it. I hope!" Queen Bers cried, with surprise.

"I hoped you did not, certainly."

"I believe I want to scold you for saying that," she retorted, with a pretty little pout. CURLING.

"COLTS" ANNUAL MEETING. Yesterday afternoon the annua? meeting of the Western Colt's Curling League was in session here, at the Dominion House. Different clubs belonging to the league were represented

Stratford, P. Stewart and J. W. Chowen; Ingersoll, W. A. Edgar; Hensall, C. A. MacDonnell; London (Forest City), A. Tune; London Club, J. Stevenson. St. Marys, Glencoe and Seaforth were represented by proxies. The president, Mr. Peter Stewart, of Stratford, was in the chair, while the secretary, Mr. B. W. Glover, of this city, was also present.

Paris, Parkhill, Wingham and London were admitted into the league. In the election of officers for next years, the results were:

Honorary members, A. F. Mac-Laren, M. P., Stratford; Major Beattie, ex-M. P., London: Hon. James Sutherland, M. P., Woodstock; president, W. A. Edgar, Ingersoll; first vice-president, F. A. Sellery, Hensall; second vice-president, E. Dunseith, St. Marys; secretary-treasurer. B. W. Glover.

The groupings for the coming year were as follows in the primaries and Ingersoll vs. Paris, Hensall vs. Wing-ham, Seaforth vs. Stratford, St. Marys vs. Parkhill, London vs. Glencoe, Forest City vs. St. Thomas. Primaries to be played on or before Feb. 2 and finals on or before Feb. 16 in London. James Stevenson, of London, to be umpire for the final games.

The treasurer's report showed absolutely no liabilities and a cash balance

President Stewart made a suggestion that instead of playing off the primaries in several places as is done at present, they be all held in London on one day. It could be arranged to hold the annual meeting on that day, and at the same time pull off a huge bonspiel. A lot of time could be saved in that way. The suggestion was not acted on. It was thought to be a

in time.

A decision was reached to provide gold medals for the members of the winning rinks in the final game. Another subject that came before the meeting was the question of the clause in the constitution which says that a "colt" has not curled longer than five years previous to the Jan. 1 following the annual meeting. It was said that this rule had been violated in the past and stringent regulations were talked of. It was finally decided, however, to leave the matter to the personal honor

by the president vs. the vice-president match on New Year's Day.

GROSSE POINTE MEET. D. J. Campau, the millionaire horseman from Detroit, Mich., president of the Detroit Jockey Club, and actively interested in both thoroughbred and trotting horse racing throughout the country, says the New York Morning Telegraph, is in town, and talked enthusiastically at the Hoffman House yesterday of the prospects for the Grosse Pointe race meeting, to be held at that track early in June, 1903.

"We concluded to revive the sport at the Grosse Point course the coming season," said Mr. Campau, "and we hope to have as attractive and successful a meeting as any in the country. It is our intention to cater to the best class of horses, and we will endeavor to attract a number of the thoroughbreds of class from the eastern coun-

try to our twelve-day meeting. "Dates have been granted us by the Western Jockey Club from June 8 to 20, giving us a solid two weeks' racing in what should be delightful weather. Coming thus, we follow the Latonia meeting, from which point many stables will ship to Grosse Pointe, and immediately precede the Washington Park meeting at Chicago. This will give owners a short shipment from Detroit to Chicago after racing at our

meeting. "The association will give stakes of sufficient value to attract the best horses, so we believe. The exact amounts of stakes to be offered have not yet been determined upon, but these matters are now being

New York, Dec. 8 .- A story was in circulation among turimen yesterday purporting to give the true reason for the refusal of a license to Jockey Lester Reiff by the English racing authorities. According to the yarn, it was not his ride on the horse De Lacy that got him into trouble so much as the fact that he had a fat bank account, which he refused to explain. It is said that although Reiff had not collected a dollar in salary from W. C. Whitney, according to reports, and had allowed his fees for outside mounts to run up until there was about \$20,000 due, he had \$95,000 in the bank. The English stewards, when they called Rein before them, asked him to explain how he got this \$95,000, but the jockey, it is declared, refused point blank to answer questions in any form. For this reason, so the story Reiff could not get a license and has been practically barred from the turf ever since, both in England and on the tracks controlled by or affiliated with the Jockey Club here.

BASEBALL.

NATIONAL LEAGUERS. New York, Dec. 9 .- The annual meetng of the National Baseball League began here today. A draft of the playing schedule was ready and was interpreted to mean a renewal of war on the American League. Those present were: John T. Bush, chairman of the executive committee; Fred Knowles, Charles Ebbets, Manager Ned Hanlon, Col. John I. Rogers, of Philadelphia, A. H. Soden, W. H. Con-ant and J. B. Billings, of Boston, Barney Dreyfuss and Harry Pulliam, of Pittsburg, August Herman and Max Fleischman, of Cincinnati, James Hart, of Chicago, and Frank De Haas Robison, of St. Louis. As the conclusion of the meeting, Mr. Bush said that the playing schedule had not been considered, and that it would not be ready for the public before tomorrow at the earliest. The election of officers will probably take place tomorrow, when various matters of importance will be discussed.

This official announcement by President Johnson explodes the rumor to the effect that the Johnson forces were to play on Sunday in Weehawken or other New York suburbs, and in addition shows that there will be no further attempt to play on the Sabbath at Detroit and Cleveland. "According to the terms of our lease for the new park in New York, we cannot give Sunday exhibitions nor sell liquors on the premises," said President Johnson. Early in the day it was apparent that Doer-flinger and Heller were practically out of the running, the other ten teams holding close together.
