

CITIZENS PLAN GOODWILL TOUR

Merchants and Manufacturers May Spend Few Days in Western Ontario.

Merchants, manufacturers, and all others interested will meet at the chamber of commerce office tonight to discuss the advisability of holding one or more goodwill tours throughout Western Ontario in the ensuing two months.

An invitation to the chamber of commerce still stands from last year to traverse the Blue Water highway from Sarnia to Owen Sound, which invitation was extended by officials of that association. A second suggestion is to direct this year's tour southwest with the odds in favor of a two-day or even a three-day tour.

The purposes of a tour should be to hold one may be set forth as follows: to develop friendship and a spirit of co-operation throughout western Ontario; to extend London's trade area; to advertise the university of Western Ontario; to advertise London's centennial and old home boys' celebration next year; and to advertise London in a general way.

Should the plan for a tour be favorably received tonight it is likely that a committee will be appointed to work out the details and report back for further consideration.

FAMILY OF VETERAN NEEDS ASSISTANCE

Neighbors Appeal on Behalf of Mother and Babe of This City.

When a war veteran was taken to Victoria hospital early last week, it left his wife and 18-month-old baby in needy circumstances. He is now receiving a pension of \$20 a month, but this is not sufficient to keep them. The mother and babe are not in the best of health, and an appeal has been made for furniture and clothing as well as food, by several ladies in the district.

The veteran was wounded overseas, and has not been in good health lately. He has been living in a couple of rooms with his wife and child.

The D. S. C. R. are investigating the case and in the meantime anyone who will help support the needy family may do so by getting in touch with Mrs. Tait, phone 4125-J, or Mrs. Gilligan, phone 3650.

BEATTY OR HAIG TO SUCCEED BYNG

Strong Canadian Influence Is Brought To Bear On The British Government

Associated Press Despatch.

London, Aug. 10.—The diplomatic correspondent of the London Daily Express, Lord Beaverbrook's paper, says a strong Canadian influence is being exerted on the British government to appoint as next governor-general of Canada Earl Beatty, admiral of the fleet, or Field Marshal Earl Haig.

It is noteworthy that the expiration of Lord Byng's term as governor-general of the dominion, the Express article says, practically coincides with the expiration of Earl Beatty's term of office in the admiralty.

The victor of Jutland is only 54. Lady Beatty was born in the United States.

The Daily Express a week ago suggested Earl Beatty as Lord Byng's successor in the governor-generalship of Canada and said Earl Beatty's temperament was peculiarly suitable to that of the Canadians.

VOCATIONAL TRAINING KEYNOTE OF EDUCATION

Fixed Idea of Career Helps the Students in Their Advanced Studies.

Vocational training for all children was urged by Rev. J. F. Stanley in his sermon at St. Peter's Cathedral on Sunday.

"Vocational training is so necessary for the young boys and girls today that without it the results of a higher education are doomed to failure," said Father Stanley. "It is the boy or girl who enters his or her secondary education with a fixed idea as to what business life he or she intends to take up that is a success. Those with no object in view have proved failures, and always will."

"The failure of many young people depends on one particular year spent in school room. Too often a boy or girl becomes discouraged and through lack of co-operation from the mother and father leaves school without getting the best of the situation. Such a boy or girl has wasted their time at school for no other reason than that no goal was held out for them to attain."

Father Stanley attributed many such cases to desire for pleasure and the fear of mothers that their daughters might lose their social positions. He stated that parents should hold out to their children something definite to obtain. Another reason for so many girls leaving school after three or more years at high school was the desire for stylish clothing. The speaker declared a great responsibility rested on parents in the matter of the education of their children.

MARIE LOUISE HAS QUIT HER DADDY

New York Millionaire Declares Emphatically He Is Through With Adoptions.

Associated Press Despatch.

New York, Aug. 10.—Marie Louise has kicked off her Cinderella slipper and left her millionaire foster father, Edward W. Browning, to make her own way in the world by writing her own story for a newspaper for \$500, and probably acting in the movies. She didn't even say good-bye last night. The clothes she wore were those given her by Mr. Browning. She took them, she said, only because she had nothing else to wear. She left the fifty frocks, strings of pearls and other articles bought in her recent shopping tour of Fifth avenue.

Mr. Browning is said to be making \$20,000 trying to make that girl his foster daughter. Mr. Browning said: "You have a hard time being honest in this world. If you are, somebody's sure to double-cross you. I had confidence in her to the very last. If she had been 16 years old she would have been different. But 21 is too much. Her age defeats the sole purpose for which I adopted her—to be a companion for 9-year-old Dorothy Sunshine Browning."

"Shall I adopt another? Absolutely never! I am through trying to do good for people. Since the smartest actress in New York city."

Mr. Browning is in full sympathy with authorities who had been investigating the case, said that today he would seek to annul the adoption on grounds of fraud, so that Marie could have no claim on his fortune. Yet, he said, he would do all he could to help her make her way.

Boxes of Rusk's Prey of Thieves

The Robinson Rusk factory near the Vauxhall bridge, was entered some time after 8 o'clock last night and four cartons of rusk, valued at \$8 each, were stolen.

The thief or thieves gained entry through the front door by a duplicate key, the high constable states. Nothing else has been missed by Mr. Robinson, Chief Wharton declared.

GUNS AND BOMBS NOT MESSENGERS OF PEACE

S. W. Carpenter Gives Discourse to Bible Students in Hyman Hall.

"Guns and bombs will never bring about the reign of the Prince of Peace," said S. W. Carpenter at Hyman Hall on Sunday. The discourse was to Bible Students on the subject "Messengers of Peace."

"Many seem to think the way to world peace is by killing off everybody," said the speaker. "We saw many of these during the World War. Claims to represent the Prince of Peace amount to absolutely nothing unless consistent with our course of action and our words. The prophet Isaiah, in chapter 52, 7, says prophetically, 'How beautiful upon the mountains (kingdoms) are the feet of him that bringeth good tidings, that publisheth peace, that saith unto Zion, thy God reigneth.'"

"By their fruits ye shall know them, and as we may judge a man's political beliefs by his favorite theme of conversation, so we may judge who are the messengers of peace, or who are servants of Satan. Jesus said: 'His servants ye are to whom ye render service.' And 'War is murder, therefore advocates of war serve Satan whether they recognize it or not. The message of the angels at Jesus' birth was good tidings of great joy for all people, and this is the chief theme of true followers of Jesus. He who was the Prince of Peace is now the King of Kings. His has assumed control, and before there can be universal peace, imperfect governments of men must go to pieces. This his word plainly shows. An appeal to clergy and laymen alike to measure themselves and judge as to where they stand."
