Did it ever occur to you that with a very moderate expenditure the Furniture that you have been in doubt whether to relegate to the store room or send to the junk man could be made a thing of beauty and of considerable added life and usefulness? OUR FURNITURE RENOVATING DEPARTMENT exists for just such a purpose. It's generally the pieces we like best to use and dislike to part with that show first signs of shabbiness, but no matter what the trouble is we can remedy it, so look your furniture over and see our upholsterers about it, so that during the fall cleaning your chairs may be overhauled and returned bright and clean, ready to go into their places when you are ready for them.
