SPANISH INFLUENZA RAGES IN CANADA

Thousands of Cases Reported With Many Deaths.

THOSE WHO ARE MOST SUSCEPTIBLE TO IT

"FRUIT-A-TIVES"—The Wonderful Fruit Medicine—Gives the Power To Resist This Disease.

The epidemic of Spanish Influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported. Surgeon-General Blue of the United States Public Health Service having stated that "Spanish Influenza will probably spread all over the country in six weeks".

Practically every ship which touches our shores from abroad, brings those infected with the disease.

Surgeon-General Blue urges that "the individual take all the precautions he can against contracting the disease by care and personal hygiene." Plenty of exercise should be taken; the diet should be regulated, etc.

Spanish Influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, work or worry, especially those whose "run-down" or "not feeling up to the mark."

The really great danger from the disease is not so much in the disease itself, as that it often develops into pneumonia.

What everyone needs now is a good all round like "Fruit-a-tives". This wonderful fruit medicine is not a germ-killer. It is a body-builder; a strength-maker; a blood-purifier; a power in protecting against the ravages of disease.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended.

"Fruit-a-tives" keeps the skin active, and purifies and cures the blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, insuring food being properly digested and assimilated.

Everyone can take ordinary precautions, avoid crowded places, and use "Fruit-a-tives" regularly to insure sound direction, to keep the bowels and kidneys regular and the whole system in the best possible condition. Then we are safe from disease.

"Fruit-a-tives" is sold by dealers everywhere at 50c a box, 6 for \$2.50, trial size 25c or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

GERMANY DENIES DOING WRONG

Kaiser in Latest Note to U. S. Declares He is Seeking a Peace of Justice.

London, Oct. 21.—The German reply to President Wilson's note, the text of which was received here today by wireless, says Germany hopes the United States will approve of no demand which would be irreconcilable with the honor of the German people and with the opening of the way to a peace of justice.

Germany protests against the reference of the case to the League of Nations and to the League of Nations. The German government says that the German people have been purposely destroyed lifeboats with passengers. The German government says that the facts be cleared up by neutral commissions.

Germany has demanded that the submarine commanders be punished for the torpedoing of passenger ships.

The German government says that President Wilson that an opportunity be brought about for fixing the details of the evacuation of occupied territories.

Germany Claims Sanction of Law for Acts of Vandalism.

London, Oct. 21.—Germany claims the sanction of international law for carrying out destruction of property during retreats, and says her troops are under strict instructions to spare private property and care for the population to the best of their ability.

Where transgressions occur, the note says, the guilty are being punished.

The German government suggests to the President that an opportunity should be brought about for fixing the details. It trusts that the President of the United States will approve of no demand which would be irreconcilable with the honor of the German people and with opening a way to a peace of justice.

The German Government protest against the reproach of illegal and inhuman actions made against the German land and sea forces, and thereby against the German people.

For the covering of a retreat destructions will always be necessary, and they are carried out insofar as permitted by international law. The German troops are under the most strict instruction to spare property, and to exercise care for the population to the best of their ability.

Where transgressions occur in spite of these instructions, the guilty are being punished.

The German Government further denies that the German navy is sinking ships, has ever purposely destroyed lifeboats with their passengers.

The German Government proposes, with regard to all these charges, that the facts be cleared up by neutral commissions.

In order to avoid anything that might hamper the work of peace, the German Government has caused orders to be despatched to all submarine commanders, precluding the torpedoing of passenger ships without, however, for technical reasons, being able to guarantee that these orders will reach every single submarine before its return.

FINISH YOUR BEEF.

The Hon. T. A. Cresser, Minister of Agriculture, calls upon Canadian farmers to finish their beef animals for market. Too many light weight animals have been slaughtered.

"It is of the greatest importance," says Mr. Cresser, "that our farmers should make every effort to finish their stock before marketing, so long as space for transatlantic cargoes is as limited as at present. The British Ministry of Food will pay the ton prices only for bacon which is cut from select hogs, weighing between 150 and 250 pounds, live weight. The beef carcasses, in order to be favorably considered should weigh at least 500 pounds.
