But He Recovered in a Birseulous Manner and is New as Well and Strong as Eves.

[Hamilton Herald, May 27, 1921.]

Although the ago of miracles is generally supposed to be past, the case of John Marshall of 25 Little William-street is about as hearly miracleous as anything that can be imagined. For three years and a half Mr. Marshall has been a victim of a disease known as locomotor ataxy, a spinal affection which deprived him of all feeling from he waist downwards and left him a helpless cripple, given up by his physicana as incurable that the council co-operate with the Public School Isspector Hughes' letter suggestation which deprived him of all feeling from he waist downwards and left him a helpless cripple, given up by his physicana as incurable that the separate when the council co-operate with the Public School Isspector flux possible that the separate when the council co-operate with the Public School Isspector flux possible that the separate when the council co-operate with the Public School Isspector flux possible that the separate when the council co-operate with the council council in the council council in the council council in the council council in the hope that his experience might be of benefit to others who are affected aimle for the case and hunted up Mr. Marshall to get his story, which he was not unwilling to be committee when the council council in the hope that his experience might be of benefit to others who are affected aimle for the council of the c

"Yes, I spent hundreds of dollars in medical advice and in the purchase of all sorts of quack remedies. My physicians said my disease was incurable and that I would never be able to use my limbs again. I am a member of the Royal Templars, and I have been passed by the society's doctors as past recovery, receiving from it the total disability benefit of \$1000. That is the best possible proof to me that my case was considered hopeless."

"How many boxes of the Pills have you taken?"

culous cure in Mr. Marshall's case, say the remedy is compounded from the formula of rell-known physician and is unsurpassed the treatment of all diseases arising from overished blood or loss of vital force.

'e remarkable case noted in the above le from The Hamilton Herald conclusivative over that the proprietors of Dr. Will' Pink Pills have in no way over-stated nerits of their remedy. Pink Pills are ever-failing blood builder and nerve tonic, are equally valuable for men or women, and or old. They cure all forms of dety, female weaknesses, suppressions, onic constipation, headache, St. Vitus dee, loss of memory, premature decay, c., and by their marvelous action on the slood build up the system anew and restore the glow of health to pale and sallow complexions. These pills are sold by all dealers or will be sent post paid on receipt of price (50 cents a box) by addressing the Dr. Williams Medical Company, Brockville, Ont.

DISCIPLES OF CHRIST. A Strong Advocate of Preaching the Gos-

pel in Heathen Lands. The second meeting of the convention of the Disciples of Christ was held yesterday. In the afternoon the "Christian Woman's Board of Missions" was addressed by Miss Jessie Brown of Cleveland, Ohio.

she said that it had been proven by mathe-matical calculation that it was easier to con-vert a heathen nation than to subdue it. There were other motives, she said, besides the Love of God for mission work, for wher-ever the Gospel went, civilization went also, and with civilization came commerce. She here pointed out that the commercial mar-kets of England have received ten shillings n return for every pound they have spent in

in return for every pound in return for every pound in mission work.

A religious body, she said, which scatters the doctrine of Christ furnishes a means for its own growth. Grain which is stowed away in own growth in the comes useless, while that own growen. Grain which is sowed away in a granary soon becomes useless, while that which is scattered multiplies. Stagnant blood means ill-health and death—blood coursing through the veins means energy and life. She thought it would benefit most Christian bodies to take a lesson from nature and push on with mission work.

We May Change Our Characters and Lives. The man of violent temper, of uncontrolled passions, of tumultuous feelings, whose life is one continual excitement, will rarely if ever live to a great age. Such characters are oftener found among the nervous, irritable dyspeptic, bilious and morose, than in the ST. LEON OFFICE ranks of the strong nerved, healthy, robust and those of buoyant spirits and cheerful disposition. Such characters are a curse, a hudrance, a barrier to the well-being of the world and humanity. The question has been asked: "Can such men be changed in character for the better?" We answer, "Yes." To accomplish this the great nerve system must be strengthened and toned; dyspepsia must be banished; excitement allayed, and sound refreshing sleep found, as well as perfect and vigorous digestion. To achieve these very desirable objects it is imperatively necessary that Paine's Celery Compound be used. By its use undesirable characters may change their lives, and become useful to the world. Let them bear in mind that their present condition is due almost wholly to nervous derangements, all of which will easily yield to the wonderful effects of Paine's Celery Compound. ranks of the strong nerved, healthy, robust

Don't Listen, Don't listen to it, girls. It may be very amusing, it may cause you to laugh, but when you remember it afterward a blush will certainly come, not only over your face, but in your heart. Listening to stories the wording and meaning which are not nice is the first step toward making a woman coarse

and vulgar. The sports of summer are always prolific of all kinds of physical injuries, and for the treatment of such here is a most striking example. Mr. Jacob Etzensperger, 14 Sumner-street, Cleveland, O., U. S. A., says: "I sprained my arm clubbing chestruts; could not lift it; suffered for years, but St. Jacobs Oil cured me." After many years he hit the right thing at last. The best thing first saves much.

The Charcoal Iron Workers Association of the United States holds its annual convention in July next and the Reception Com ad Been Given Up By the Dectors and His Case Was Considered Hopeless—But He Recovered in a Miraculous Manner and is New as Well and Strong as Ever.

SUMMER RESORTS. Monteith House Rosseau, Muskoka. recommending the remedy to every one who is afflicted as I was."

The proprietors of Dr. Williams' Pink Pills, which have accomplished such a miraculous cure in Mr. Marshall's case, say the remedy is compounded from the formula of \$246\$

A new, attractive, and most convenient Savings Bank System will be opened by The Traders' Bank of Canada, that handsome building situated on the corner Yonge and Colborne-streets, in the very heart of Toronto, and easily accessible by all street car lines.

On application to us upon the form attached, we will supply you with a Househo HANLAN'S POINT.

Saturday, June 6th,

Saturday, Jun protected by one lock, the key of which remains in our possession. Our intention is to send an officer to the houses of applicants to collect and count the deposits (once a month at OPEN AIR CONCERTS,
Afternoon 3 to 5. Evening 8 to 10.

By permission of Col. Dawson and officers, the GRENADIERS' BAND will give two concerts as above, and open air concerts will be given every evening and every Saturday afternoon during the summer, weather permitting.

Steamers leave York st. 7 a.m.; Yonge and Brock sts. 10 a.m., and at short intervals thereafter. Last boat leaves Island for York-st. 10.30 p.m.; for Yonge and Brock-sts. 11 p.m.

By this simple system you will see that a Bank is brought right within your very Island Park 10 p.m. Last boat leaves the Ark 10 p.m. Last boat

By this simple system you will see that a Bank is brought right within your very doors, and the seeds of thrift and economy sown among your children and household. Much surprise will be expressed at the rapidity with which small sums saved daily accumulate, and thousands of dollars find their way into the Bank, which would otherwise be misspent. The present Savings Bank of the country are quits inadequate to meet the requirements of small depositors. None receive a smaller sum than one dollar, and if they did, few persons would care to face a teller with a ten or twenty-five cent deposit; besides which, they have to be visited at fixed hours, involving a loss of time, often representing more money than that to be deposited. By our system these difficulties are overcome, as no time is lost and no sum too small to be deposited.

The Retail Merchant, Clerk, Mechanic or Artisan.

Confidence in one's self is the keystone to success To have this confidence in business matters, one must first have some capital. How to get this capital is the rub. It can be done, and quickly too. Hew! By saving small sums daily and the exercise of a little self-denial. The result will be marvellous; you will soon accumulate a snug little sum.

TO PARENTS. The presence of the Bank in your house will instil into your children at an early age the principles of thrift and economy. At the same time, it will educate to and familiarize them with business principles and practices.

TO THE HOUSEWIFE. Your husband allows you a stated sum per month to pay the household expenses. Now, arrange that he pays you this sum about the time our col. lecting officer makes his monthly visit. Deposit the bulk of your allowance, keep-THE SARATOGA OF CANADA ing only shough cash for incidentals, and obtain from our officer a book of cheques. Pay all your tradesmen by these cheques, made payable to order. You will thus save the annoyance of keeping receipts, as the endorsement of the person to whom you wish the money paid is sufficient receipt, and payment can always be proved by the Bank.

TO DOMESTIC SERVANTS. You cannot work always. Remember, you receive will remain in Toronto until the 1st of June and will be pleased to give part of your wages in board. Of the balance—\$6, \$8, or \$10, as the case may be—you all information to intending guests. should save at least one-half. Put this into the Household Savings Bank. Your master or should save at least one-half. your mistress will think all the more of you, if you ask for an unused compartment; for, i you are saving in your own matters, you will be saving in theirs. If there is no compartment unused, ask some friends to join you and apply direct to us for a separate Bank.

To PERSONS CARRYING LIFE INSURANCE, or having to PAY RENT. Instead of being "hard up," and having to finance to meet your insurance premiums or rent, drop 25c. a day into the Bank. The money will not be missed, and in this way your liabilities will take care of themselves.

TO ALL OTHERS. There is no branch of the community to which our Household Savings Bank will not be of use, or any home where the habit of saving encouraged will good.

before we can make delivery, this time being necessary to arrange our routes, etc.
