

A SKEPTIC CONVINCED.

HE HAD NO FAITH IN ANY ADVERTISED MEDICINE.

Attacked With a Bad Cold, His Trouble Went From Bad to Worse Until He Was Threatened With Locomotor Ataxia—Then Dr. Williams' Pink Pills Cured After Other Medicines Had Failed.

From The Yarmouth, N.S., Times.
The remarkable cures effected by Dr. Williams' Pink Pills have long been a matter of newspaper notoriety, and many of them—well described as miracles—have been in our own province, but we believe so far none have been published from Yarmouth. A Times representative enquired in a recent issue where such a case would likely be known, and learned that there were several remarkable cases of locomotor ataxia cured by Dr. Williams' Pink Pills, right in our midst. Curious to ascertain the facts in relation thereto, our representative called on Mr. Charles E. Trask, who had been known to have experienced in long illness, and now was apparently in excellent health, his cure being attributed to Pink Pills. Mr. Trask, who has been an accountant in Yarmouth for many years, was in his office on John street when the reporter waited on him.

Found Mr. Trask in His Office.

"Yes," he said, "there can be no possible doubt of the efficacy of Dr. Williams' Pink Pills in my case, and I will be pleased if the publication of the facts helps some other sufferer back to health. I caught cold, was careless and caught more cold. The first thing I knew I was seriously ill. I could not walk. All strength seemed to have left my legs and the weakness increased. From being obliged to remain in the house I became obliged to remain in bed, but still supposed it was but a very bad cold. I became so helpless I could not move in bed without help. I had good attendance and the best of care and nursing, but as week succeeded week I seemed to grow worse instead of better, till I was worn to a mere shadow and began to care very little if I ever recovered. A hint that I was threatened with something called locomotor ataxia reminded a friend that my case seemed similar to some of those described in The Times, which had been cured by Dr. Williams' Pink Pills, and this first drew attention to them as a possible aid to me. I admit that I was skeptical—very skeptical—there are so many medicines being advertised just now, and I was never much of a believer in them. Well, Dr. Williams' Pink Pills were purchased, and I took them, as we suppose I would have taken anything else, simply as the routine of a sick room. The first box seemed to show little effect, and by the second time I had got through with the third box there could be no doubt my condition was rapidly better, so that I was able to sit up and go about the house, and occasionally go out if the weather was fine. Day by day I grew stronger, and to make a long story short, I feel I am to-day in as good health as ever I was in my life, and I can hardly realize that the name of the man who suffered for six months, helpless, dependent being, who never expected to be on his feet again. While I have no desire for publicity I am quite willing these facts should be made known for the benefit of others, and am ready at any time to bear hearty testimony to the genuine worth of Dr. Williams' Pink Pills. They restored me to health when I never expected to be about again. Mr. Trask certainly makes the picture of health, and remembering the long period when he had been laid up, our representative left fully convinced that Dr. Williams' Pink Pills have well deserved all that was said of them elsewhere. When such cases are pointed to in our own midst there can no longer be any doubt of the reliability of the many statements of wonderful cures effected throughout the country.

Bicycle Thief Convicted.

At the Police Court yesterday Orville Garratt pleaded guilty to the theft of a bicycle belonging to S. D. Rogers, from 141 Yonge-street, Sept. 21. Garratt and Harold Brownfield were arrested by Chief Young of Niagara Falls, with the wheel in their possession. Garratt will be sentenced Monday. An unsuccessful effort was made to convict Brownfield, but on his release he was re-arrested, charged with false pretenses at Niagara Falls. He was taken there last evening by Chief Young.

Beaver in Bruce County.

Warton Echo.
In the early days this part of the province was a favorite haunt for beaver, but the clearing up of the country has been the means of driving them out. A gentleman who visited Walter's Falls, a little village between here and Meaford, last week, says that a colony of 12 or 14 beaver have been seen on a little stream there and have built a dam. A Saugen Indian got onto them and shot one, but the settlers have decided to protect them, and will prosecute any one found killing them.

A Plaque of Honor.

Shelburne Economist.
Foxes have become so troublesome in Mono Township that the Council is considering the advisability of offering a bounty for each animal killed. The parade of the Army and Navy Veterans on the 41st anniversary of the battle of Inkerman will start from Denison-square at 2.30 p.m., and proceed to St. Stephen's Church, where the sermon will be delivered by Rev. Mr. Ball.

Unsuccessful—Mr. Thomas Brunt, Trevellick, Ont., writes: "I have to thank you for recommending Dr. Williams' Pink Pills for bleeding piles. I was troubled with them for nearly 15 years, and tried almost everything I could hear of or think of. Some of them would give me temporary relief, but none would effect a cure. I have been free from the distressing complaint for nearly 15 months, and I hope you will continue to recommend it."

An Anarchist to the Last.
Frankie, Oct. 11—Antoine Hoffman, the Anarchist who murdered Police Inspector Baumgarten on June 11 last, was put to death this morning. He uttered Anarchist cries until the last.

St. Leon Mineral Water has cured Inspector Stephen of indigestion and dyspepsia. Write this gentleman for his opinion.

Children like using Odorona, thus forming habits that will ensure them good sound teeth the rest of their lives.

THE GIRLS' HOME.

Reports Submitted at the Annual Meeting and Election of Officers.

The annual meeting of the Girls' Home took place yesterday in St. George's Hall. Lieut.-Gov. Kirkpatrick presided, and among those present were Lady Kirkpatrick, Commander Law, R. S. Baird, Warden Massey, R. S. Neville, J. K. Macdonald, Dr. Carlyle, Dr. Gellie, J. J. Withrow and the Rev. Mr. Lewis. The Lieut.-Governor congratulated the ladies on their work. For the first time in many years there had been a falling off of subscriptions, but the money granted by the Government was well expended.

The secretary's report showed that 171 girls had been in the institution during the year.

The treasurer's report showed the expenses to have been \$10,034.44, receipts the same.

The reports were adopted and the following officers elected: Patroness, Lady Kirkpatrick; Directresses, Mrs. Michael, Mrs. J. G. Scott, Mrs. Irvine, Walker, Mrs. Barrett, Mrs. Lillie, Mrs. George Cox; Treasurer, Mrs. A. Denison; Secretary, Mrs. Carlyle; Corresponding Secretary, Mrs. Fletcher; Managers, Mrs. B. D. Thomas, Mrs. William Davidson, Mrs. Arthur Mowat, Mrs. Lillie, Mrs. Beatty, Mrs. Garratt; Honorary Members, Mrs. Gooderham, Mrs. Duggan, R. S. Neville, Doctors P. Boyle, E. Thomas, Garratt and Wishart.

Mr. J. K. Macdonald, Dr. Gellie, J. J. Withrow and Rev. Mr. Lewis delivered short addresses.

HIS GRIP SAVED HIS LIFE.

A Boy Falls Down an Elevator Shaft, Grabs a Bar and is Saved.

A thrilling incident occurred in the warehouse of the J. B. Maclean Publishing Company, Front-street west, yesterday, in which a fatal elevator accident was averted only by the tenacity of a small boy. The building has an ordinary old-fashioned elevator running up to six stories. The entrance to the elevator shaft on the upper floors are protected only by a cross bar held by a bolt at one side and lifts from a cleat at the other. A delivery boy, who happened to have business on the top flat, and whose name is Calvert, tried to catch the elevator just as it was leaving; he failed to do so, but somehow or other grasped the bar and set it free; with the result that he lost his balance and fell into the open shaft. He managed to retain his hold of the end of the bar, however, and hung dangled in the shaft, with the ground 60 feet below him. His only support was the grasp he maintained on the 2 x 4 scuttling. In this position he hung for fully two minutes. Everybody in the warehouse lost his head except Foreman Robert Gay, who ran for the fire escape rope. This was let down with a loop on the end. The boy then let go with one hand, shoved his arm through the loop and was pulled up to safety. But for the extraordinary strength of his wrists he would almost certainly have been killed.

WHOOPIING COUGH EPIDEMIC.

Adults the Principal Sufferers—Dangerous Complaint at This Season.

The World was informed yesterday that whooping cough had become epidemic among adults during the past week. In one front-street business establishment two employees were afflicted with the trouble and in one of these cases it had spread to the entire family. Both gentlemen stated that they have neighbors so afflicted. The disease is not confined to any one quarter of the city, but the cases are mostly scattered. Enquiry at the Medical Health Department yesterday showed that no cases had been recently reported. It is not, however, supposed by physicians to report the disease, although it is customary for them to do so if they happen to be registering instances of other contagious disorders. Whooping cough, though not a serious complaint, is regarded as particularly dangerous at this season of the year, since it is likely to trouble the victim all winter.

Starving Canal Boatmen.

Ellenville, N.Y., Oct. 11.—Starvation is staring the canal boatmen in the face. Their 45 boats are tied up all along the line on dry land. Many are empty, but more are filled with men. For seven weeks not a boat has moved. The men have quartered their horses and mules with farmers, but they have no money to pay for their keep. The boatmen usually make ten trips every season, and they receive \$80 a trip. This season they have made only four or five trips. Few of the men have paid for their boats.

An Aged Actress Dead.

New York, Oct. 11.—Mrs. Marlan Seton, who died at Narragansett, N.J., on Sept. 19, was one of the oldest actresses on the American stage, and was born in Liverpool in 1810. Her maiden name was Mercer. Her first appearance was at Montreal and she was first seen in New York at the Bowery Theatre on July 4, 1838, in "Destiny."

A Quick Passage.

Montreal, Oct. 11.—The Beaver Line steamship Lake Superior, which left here October 2, arrived at Liverpool this morning, a day ahead of schedule time.

A Doctor Surrenders.

William West, a doctor from an English regiment stationed in Halifax, applied to Col. Denison's Court yesterday for assistance to get back his regiment. He was remanded for a week until his commanding officer can be heard from.

THE QUEEN USES THEM.

Her Majesty Queen Victoria is Said to Use Proprietary Medicines—Other Queens Testify to Their Wonderful Effects—One American "I Consider South American Nerveine the Only Remedy on the Market for Stomach Disorder."

NE feature of Queen Victoria's character is her freedom from prejudice. In matters of statecraft and equally so in those of the smaller affairs of life, she takes a broad common-sense view of the situation. There is therefore nothing wonderful in the report that in her recent illness Her Majesty used, and was greatly benefited by, a leading proprietary medicine.

Other queens, the queens of the houses of Cadiz, have followed in the footsteps of Her Majesty, and found in proprietary medicines the avenue to health that they feared they had lost.

Residing near Dundalk, Ont., is Mrs. D. McArthur, one who brightly fills the position of queen in the home of one of the leading farmers in that district. Let her tell her own story: "For 15 years I was troubled with dyspepsia, and during the winter previous to August, 1894, I was so ill that I was confined to my bed and my life despaired of. At intervals I consulted several doctors, but with little or no result, as they claimed my case to be of a chronic nature. I was induced to try South American Nerveine, and had taken only a few bottles when health came back to me, and I was completely restored. Knowing how desperate was my case, I feel safe in saying that for any stomach disorder there is no remedy like South American Nerveine."

DEAR SIR:—I have suffered from Eczema for two years; tried different kinds of medicine. I was at the hospital for some time, and was told there that all had been done for me that could be done. I ceased treatment, and after leaving the hospital I was under the care of a Hamilton physician, but got no relief. I have taken four bottles of Kootenay Cure, and I am now well and free from Eczema. Yours very truly,
WM. MARCHAM,
242 Barton St. East, Hamilton.

PURIFIES THE BLOOD.

KOOTENAY

CURES RHEUMATISM.

DEAR SIR:—After examining a very severe sufferer from Rheumatism, also a bad case of blood disorder and skin disease, I have no hesitation in recommending your medicine as an A1 article. Yours respectfully,
DR. ENRIQUE, Niagara Falls, Canada.
