

Internally and Externally it is good.—The crowning property of Dr. Thomas' Electric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has curative qualities that are unsurpassed. A bottle of it costs so little and there is no loss in always having it at hand.

YOU will always find our bread good, our cakes fresh, and a choice assortment of confectionery.

WHAT MEN LIKE

Men like pretty homemakers, no mistake there. You can appreciate beauty as well as the next one, but they want that beauty to be of an order that appeals to their comfort. Of what good are cushions so elaborately embroidered that no head can rest on them? What sense is there in easy chairs of such rich material that they are quite the reverse of the name given them? Is there any satisfaction in a room the furnishings of which cost hundreds of dollars, when it is only open at rare intervals, when the owner, perhaps, sits by the kitchen fire or in a little sitting-room, where he can put his feet on the fender, if he wants to, can smoke, and as a great indulgence, tilt back his chair?

A GENTLE LAXATIVE FOR THE CHILDREN

Mothers—the surest way of keeping your little ones well and happy; whether it is the new-born babe or the growing child is to keep their bowels regular and their stomach sweet. Nine-tenths of all childhood ailments are the result of clogged bowels and sour stomach. The most necessary and the best medicine for little ones is a gentle laxative—something that will relieve constipation; sweeten the stomach and promote rest and natural sleep. Such a medicine is Baby's Own Tablets. They are a gentle but efficient laxative; are absolutely guaranteed free from opiates or other injurious drugs and may be given to the youngest infant with perfect safety. They banish constipation and indigestion; break up colds and simple fevers and give the baby that health and happiness which all children should have. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ALCOHOL IN THE SILO

Former Assistant Attorney General Harpending of Starkey, N. Y., one of its most prominent farmers and domestic animal breeders, has torn down the silo on his stock farm.

It is a well-known fact that the corn fermentation to be found in liquid form in the bottoms of silos is very intoxicating, owing to the large amount of alcohol therein.

Obtaining alcoholic drink from this source is getting to be so common in this section that Harpending, not wishing to be in the slightest degree responsible for a condition which might promote intoxication, is dispensing with silos altogether.

TRIBUTE TO TEMPERANCE

Dr. Myerson has no sympathy with those who sigh regretfully for John Barleycorn. He rejoices in the passing of liquor, as in the removal of a primary cause of nervousness and misery for many women:—

"To see, as I do, the almost complete absence of delirium tremens from the emergency and city hospitals, where once every Sunday morning found a dozen or two of raving men; to witness the disappearance of alcoholic insanity from our asylums, where once it constituted 15 per cent. of the male admissions; to see cruelty to children drop to one tenth of its former incidence; to know that former drunkards are steadily at work, to the joy of their wives and the good of their own souls—this is to make one bitterly impatient with the chatter about the 'joy and pleasure of life gone,' etc., that has become the stock-in-trade of the stage."

ABOUT YOUR INCOME TAX

The normal (or ordinary) tax is 4 per cent. on income up to \$6,000. What that means is if the income is \$6,000 in the case of a married man with no children or other dependents, he is exempt up to first \$2,000 of the income, and he therefore pays an income tax of four per cent. on \$4,000.

The unmarried person, who does not come under any other special class, will be exempt up to \$1,000 and if he receives \$6,000 income, he will pay four per cent. on \$5,000.

If the income is over six thousand dollars, the recipient pays, not four per cent. on the excess over his exemption.

As the law now stands, it is "up to you." You cannot in future sit in your comfortable chair receive from the postman a blank schedule sent by the Tax Commissioner, decide you have lots of time, throw the blank away, receive another, and finally fill it out with grudging pen, and send it away, perhaps a week late.

First of all, the taxpayer must apply for his own blank form, if he does not otherwise receive it.

He must then be his own accountant. That is, he cannot any longer rely upon the Government to tote up the amount of his income that is subject to tax. He must do it himself. He must calculate what amount of money he is to pay in 1921 to cover 1920 taxes, not later than April 30th, 1921. The rest is payable later, with six per cent. interest added, in three two-monthly instalments.

If the taxpayer makes an error, either designed or unintentional, and it comes to light he will not be asked to "Think Again" and kindly send a correct statement to the Government, but instead he becomes immediately liable to heavy penalties. If he understates his income, he must pay income tax on the deficiency with ten per cent. interest. If he understates his income by over ten but less than twenty per cent. he is fined half the amount of the income omitted.

A married taxpayer gives his income as being \$3,000. His actual income is \$2,600. He is liable to a fine of \$300, which is half the amount of income omitted. Suppose he says his income is \$3,000, and it really is \$4,000; he then is liable to a fine of the entire unreported income, that is, he must pay over the full \$1,000 he failed to report.

Twenty-five per cent. of the amount of the tax is added to the tax for a return that is late. The same penalty is applied, if he pays less than a fourth of the tax as estimated by himself, before April 30th 1921. He may be fined \$100 per day of a default in sending additional requested information, or for failing to keep books as prescribed by the Finance Minister.

The Law

as amended Nov. 10, 1919

THIS Referendum on April 18 is to ratify a new federal law, namely, the Canada Temperance Act, as recently amended by Dominion Parliament.

If a majority of the people of Ontario vote in favor of the Canada Temperance Act as amended, then, in the exact words of the law, it follows:

1. "No person shall import, send, take or transport into such province any intoxicating liquor.
2. "No person shall, either directly or indirectly, manufacture or sell, or contract or agree to manufacture or sell, any intoxicating liquor to be unlawfully imported, sent, taken or transported into such province.
3. "The carriage or importation of intoxicating liquor through such province shall only be by means of a common carrier by water or by railway and not otherwise, and during the time any intoxicating liquor is being so transported or carried no person shall open or break or allow to be opened or broken, any package or vessel containing such intoxicating liquor, or drink, or use or allow to be drunk or used any intoxicating liquor therefrom."

NOTE.—This law does not prohibit importation of liquors to be used for sacramental, medicinal, manufacturing or commercial purposes, or the importation of such liquors as are permitted to be sold by the laws of the Province.

"Shall the importation and the bringing of intoxicating liquors into the Province be forbidden?"

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
