CAMERON & ROSS.
COMMISSION MERCHANTS,
 448 Commissioners Street, Montreal, are regularly receiving and selling on Commission all kinds of country produce—such as Flour, Grain, Butter, Cheese, Pork, Pot and Pearl Ashes, Leather, Wool, Clover, and Timothy and Flax Seeds; also purchasing on country account, Dry Goods, Groceries, Hardware, and General Merchandise.

Flour.—We have heard of no large sales during the week. The Market is steady, and holders feel a confidence that prices will not be lower for some time.

Butter.—The Market is very bare of the finer qualities, which would readily sell for 16c to 17c per pound in silver for local trade. We might state that owing to our being situated in the principal thoroughfare of the city for the provision trade, and having command of a large local business, we are always enabled to work off to good advantage any choice lots that arrive.

We have heard of sales being made of inferior and medium as low as 11c to 12c per pound. We, as yet, returned no sales as low as the above. We might refer to a custom which is very prevalent and very injurious to the trade—to none more so than country merchants themselves;—that is, of sending their butter to parties not engaged in the trade. It is not an unusual occurrence to have a representative from a Dry Goods, Grocery, Hardware, and Boot and Shoe establishments trying to effect sales of, or asking what we would give for a lot of butter—all in one day! Now we can assure our friends in the country that none of our regular traders are likely to pay within one to two cents a pound of what they would otherwise pay if they were buying from those in the trade. It is always observed when the regular buyers cease going through the country, very often on account of the high prices asked—higher than any market they could send it to would warrant them in paying—that it is sent, as we already referred to into so many different hands, that the price cannot be maintained as it otherwise would, if it was kept within the limits of the trade. We would advise parties holding good parcels to send early to market.

DRESSED HOGS.—The arrivals are large, and, with a full market, prices have somewhat given way. \$5.40 to \$5.60 per 100 lbs. are the nominal quotations for the past few days. Prices are likely to be still lower here. If a thaw should set in soon, which is very likely, prices will materially decline.

CLOVER SEED.—Is not likely to prove so short in supply as was once anticipated from the unfavourable season, there is as yet but little coming forward. Hence there is no established price fixed. 10c per lb. would be about the outside figure good quality would bring at present.

ARMS.—Per 100 lbs.—Pots are lower. Firsts sold at \$4.25 and \$6.15; \$5.40 to \$6.07 offered at the close. Seconds, nominal \$1.75 to \$1.81 nett. Thirds, \$3.95 to \$4.00 nett. Pearls \$7.10 to \$7.15.

Country orders receive immediate attention, and all obtainable goods forwarded with as little delay as possible. All sales and purchases have our personal attention. Charges as low as is consistent with a view to responsibility.
