TO CORRESPONDENTS AND OTHERS.

To not a few friends, who in various ways have expressed their kind so-licitude for our success, we would avow sincere and ardent gratitude. Our present number very feelly represents what we intend our Work to be, if we meet with due encouragement. If each of our present subscribers will kindly obtain another, it will go far to accomplish our wishes; our Printer will then procure a new fount of type for the work, and engravings and shortly embellish it. Let our friends try what they can do—or rather what they will do, for they can do all we desire.

Eta' has our best thanks. He is, however, mistaken. We are under no influence, whether denominational or otherwise. No man shall deprive us of our freedom in all matters relating to our office.

All communications intended for the Editor should be sent to him, free of
