## Check Books.

Few of the Retail Merchants of Canada require any argument to prove to them that Counter Check Books are necessary to the proper carrying on of any business. The Storekeeper who does not acknowledge this, and sticks to the old methods of recording sales, gives himself much unnecessary labor, and is probably

MESSRS. FERRIS & CO.,

DEAR SIRS,—About two years ago I was in Philadelphia, and while there I bought one of your Steam Washers, and brought it home to my wife. She has been using it ever since, and is well pleased with it. It does all you claim for it, and every family should have one, for the saving on clothes every few months would more than pay for the machine.

# CATARRH.

## Catarrhal Dyspepsia and Eczema of Face.

Reader—This week we give to the public a remarkable cure: one of those cases the old-fashioned Medical Moss Back invariably places away to rest beneath the green clods of the valley. The lady's name is Mrs. Bernard; her address is 496 Queen St. East, Toronto, and you will find her story more than corroborates the facts here stated if you call on her. A victim of disease and ignorance for years, she now rejoices in health and strength. In regard to the case of Peter Cook, the Greek, 79 Agnes Street, we will publish it in a few weeks for the benefit of the poor hospital sufferers who sent a deputation this week to this office to verify the facts. In regard to the medical men there who stated that we did not tell the truth, we challenge them to lay a finger on a false sentence we have ever published. We have called the hospital by the right name and we can prove what we say. Furthermore we say the record of that institution is rotten; that the men who are in charge are unfit for the position, and, considering they are spending the money of the people of Toronto, their impudence is unbounded and intolerable. The little girl's case we published last week was opacity of the cornea, causing blindness, and the original disease was Catarrhal Ophthalmia. Her name is Maggie Wilson; her address is 10 Bishop Street, Toronto.

Remember, our field is chronic disease, deformity by disease, accident or from birth, the elevation of the medical profession to a higher scientific plane in surgery and medicine, and to do this we shall strike down ignorance wherever and whenever met. We cure without fail the follies and errors of youth, all diseases of women, and correct the injuries arising from the use of instruments by the ordinary stupid medico.
