EUROPEAN CROPS.

The weather throughout England is wet and thunderous and unfavorable for crops. Heavy rains have caused great damage to hay and other crops in the Midlands, Warwickshire and Leicestershire and in other parts of the provinces. A Dublin despatch to the Daily News says:—"Excessive rains have prevailed nearly all over Ireland during the past fortnight, and are beginning to excite serious apprenientsions in regard to the harvest. In many parts of france the harvest has aiready begun and gives opportunity of, in some degree, forecasting the prospects. In the south barley and oats promise well. In the centre winter harley is of good quality, but deficient in quantity. Rye looks well, also wheat, which is an average good crop. The Echo Agricole considers that the harvest prospects in the north, with tolerable weather, are eminently promising; good in the central districts; scarcely up to the mark in the west and east, and well up to the average in the southwest and the districts around Paris. The obselve in general is decidedly superior to that says :- " Excessive rains have prevailed nearly and east, and well up to the average in the southwest and the districts around Paris. The quality in general is decidedly superior to that of the season of 1878-79. There are also good prospects of the crops of potatoes, beets and hops. The hay crop is not successful, but there is every chance of agood aftermath. The fruit trees and vineyards do not share the improved aspect, excepting the olive, which promises a good yield. In Holland there is an excellent crop of rye. In Germany rye, colza and potatoes require more sun. The hay crop is very bad, and the only thing that looks well is wheat. Austria suffers much from wet weather. In Hungary barley, wheat and rye are very promising, and cets and maize are considerably above average. The Italian harvest is superior both as to quantity and quality. Russia is complaining loudy of a deficiency, partly owing to the presence of myriads of insects.

THE HORSE MARKET.

Although there has been only a small business in horses during the past week, the shipments from this city show quite an increase over those of the week previous, when they were reduced to 33 horses, costing \$2,832, while last week they amounted to 52 horses, costing \$8,127.50. A celebrated racer was shipped from Chicago last Tuesday valued at \$1,500, the property of Messrs. Quintal. Beauvois and Benoit. Two other horses intended to rnn at the Saratoga races, N.Y., were shipped on the same date by Mr. Dawes, of Lachine. Sales made on this market since our last report averaged from \$50 to \$140 e ach. The average price of last week's shipments, including the racers, was \$117.80 The shippers during the week were:—W. H. Campbell, Bradford, Conn; L. Cushing, Portland, Maine; A. E. Austin, McRideo, Conn; G. H. Bourdean, Chicago; Z. King, Saratoga, New York; F. Adams, Boston, Mass; J. Hicks, Worbaster, Mass. The shipments of horses from this city for week ending Saturday, July 17th, were as follows:—July 13th, one horse, \$140; one do, \$90; 72 do, \$983; 8 do, \$598; one do, \$1,500; two do, \$600. July 15, one horse \$100; 11 do, \$902; 7 do, \$631.50; 8 do, \$588 Toesday valued at \$1,500, the property of Messrs.

W Hilliker, of Stratford, brought in a car of hogs, which he sold to J Black for shipment, at \$5.75 per 100 lbs, and another lot was sold at \$550. The principal buyers of cattle on export account were Messrs Alderman McShane and N Kennedy. The latter bought 30 head at 5c to 5ic per ib, live weight, besides 2 carloads from T Bonner, oa p t, the purchases being made on his account in the country. Alderman McShane bought since Saturday about 90 cattle, paying from 5c to 5ic per ib. Rates of ocean freights are quoted at £4 to £1 lbs per head for cattle and ls for sheep, with late engagements for cattle at £4 lbs. At Viger market, which is now the principal butchers' resort, there were 150 cattle offered for sale, which met with a good demand at prices ranging from 3c to 4ic per lb, live weight, according to quality. There was a fair supply of sheep and lambs, numbering about 50 check at 6 offerings were disposed of, lambs selling at \$2.50 to \$5.50 each, and sheep at \$3.50 to \$6 each, and sheep at \$3.50 tained, while several shipping lots were held for

HARD OF THE BOQUE AGENTS.

To the Editor of the TRUE WITNESS. For some time past the reputation of the New York WEBEB PLANO has suffered from the attempts of unscrupulous Agents, particularly in the Province of Quebec, to palm off on the public inferior Planes, under the name of Weber. These instruments are for the most part manufactured in Ontario, no less than two factories being located there; they are sold to dealers at from \$130 to \$150, and advertised by their agents here to retail at \$175 to \$200, affording at this price a large profit, but in country places, where deception is more easily practised, the price obtained is twice these figures. Instead of using their own name and selling to the trade, the object of the manufacturers appears to be to adopt the name of Weber and employ Organ and Sew-Machine Agents travelling the country to act as Agents for their sale, many of which are sold to farmers and country merchants under the pretence of their being the genuine WEBER Piano. Most of the Pianos thus sold come under the designation of Bogus not being Rosewood, but stained to imitate it. Knowing the great expense and high reputation of the genuine New York WEBER, the wily Agent often obliterates from the key board the place of manufacture, and by re-

presenting himself as WEBER'S Agent deceives the purchaser, and induces him to pay sometimes as high as \$400 for a Piano which did not cost more than \$130 to \$150. Some of these Agents circulate cards and bills representing themselves as WEBER'S Agents, the more easily to deceive the ignorant. If they find their customers protectionists, they play the N. P. card, say the Ontario WEBER is about as good as the New York Piano, or that WEBER has an interest in the Kingston factory, and manufactures his Pianos there for the Canadian market, thereby saving large duties, &c , &c., and, by one or other of these taking arts, victimize the poor purchaser and induce him to pay three times the cost of the instrument. This trade, particularly in the Eastern Townships, has been found very profitable, and hence the Bogus Agents appear to be increasing. The following handbill has been sent us from Clarenceville:

"Grand Concert for the benefit of St. George's Church, Clarenceville, to be held in the Clarenceville Hall, on Friday evening, June 18, 1880. The following talent will be

present : Here follow the names of the performers, which we omit.

On the bottom of the bill it reads: "Mr. McIntosh, Agent for the New York Weber, will kindly furnish a plane for the

occasion " What Piano was furnished by Mr. McIntosh is not stated, but a N. Y. Weber is plainly inferred. This is enough to show the deliberate fraud, for Mr. McIntosh is not an agent of the New York Weber, but is said to be one of those who do a thriving country trade in a very different Weber, by falsely representing himself to be so.

We don't object to the Kingston Pianos being sold at \$150 or \$400 dollars, as the parties may please, but we do decidedly object to the constant attempt, often successful, to pass them off as the greatest plane of the age, for which their objection of Weber's name gives them the tempting opportunity. We caution all parties against patronizing

these frauds. If they want a good-moderate-priced-Piano, of genuine Rosewood, guaranteed in all respects, they can have one from us at from \$225 to \$250, or if they want the real Weber, which is undoubtedly the finest Piano in the world, they can, at a small advance on the cost, buy it through us or our Agents. Meantime it is as well to know that the cheapest Piano on Weber's list costs just about the price of THREE of these Ontario imitations which has too long been used for purposes of fraud and deception.

James Street. Montreal, June, 1880.

The Marquis de Gallifet recently married his daughter to the immensely wealthy Baron Seilliere in the Church of St. Clotilde, a bijou Gothic building with very superb stained glass, golden reliquary, and the accumulated splendour of eight centuries. Roses festooned the vaulted roofs overhead, and a blue Smyrna carpet was stretched from the street to the altar. Another daughter of the Marquis is the Princess de Sagan, who lives in a more than Asiatic magnificence, but whose husband does not live with her; the Marquis, himself a descendant of Henri Quarte and Gabrielle D'Estress, does not live with his wife, who was the daughter of Charles Lafitte, the banker, who again did not live with his wife.

SUCCESS FOR BOTH PARTIES,

BUYER AND SELLER.

Our Cheap Sale has been a great success. We sold more goods in FIVE DAYS than we expected to sell in FIFTEEN DAYS, and buyers have been so well satisfied with the great bargains they had from us that some of them have been back three or four times for more Goods, and others have sent their friends to buy Goods from us, at 25 and 50 per cent less than the cost price. No wonder, when the Goods are reduced to such prices.

Men's good Linen Suits at \$1.95. Every man should buy half a dozen of them.

Men's good Tweed Suits at \$3.00. Every man should buy three of them.

Now, bear in mind these Suits are not all the same pattern, that is, the coat, pants and vest are different. If they were the same Goods I would not sell them less than \$15.00. This reduction may look foolish, but the Goods are there to prove it any time. No humbug.
