THE TERMS OF RECONCILIATION. The split existing in the ranks of the A. O. H. of America is about settled and the terms of re-union are as follows:-

The National officers and National Directory of what is known as the Board of Erin will resign and formally transfer to the National officers and National Directory of the American branch absolute jurisprudence over 35 000 members in the Board of Frin Branch. By the terms of such transfer, all the members of the latter branch shall become affiliated with and entitled to all the rights and privileges of the 160,000 members of the American branch. The united organization will then, under the title of Ancient Order of Hibernians of America. resume athliations with the Board of Erin, which is the parent branch of the organisation all over the world. In the several States and Territories where both actions exist they will be under the jurisdiction of the State or Territorial officers or the faction baving the largest membership, and the same rule will apply in the union or county organiz ations. The National officers of the American branch who will hold the same positions over the united organization, until next National convention, in May, 1898, are: Patrick J. O'Connor of Savannah, Ga., National President; James O'Sullivan of Philadelphia, Na tional secretary, and Patrick J. Dundon of Columbus, Ohio, National treasurer.

FIFTY TWO CHINESE ARRESTED.

Fifty-two Chinese coming to this city by train were arrested by order of Chinese Inspector Scharf at the Grand Central Station yesterday on the suspicion that satisfactory examination as to their former residence in New York, were discharged. The cases of the other thirteen will be heard Thursday.

NEW YORK AND THE BUSINESS BOOM.

During the past few days 2500 merchants have come to New York to buy their Fall stock of goods. They will leave many hundred thousand, if not many million dollars in the city, and the enlivening effect of that amount of money put in circulation will be felt in all branches of trade. How much of the apparent return of prosperity is due to the settlement for four years of the taridl' rates and how much to the united efforts of the merchants to draw trade in this direction we shall not attempt to decide. The two influences are doubtless working together.

A PROMINENT IRIGH NATIONALIST DEAD. Colonel William B. Roberts, long the recognized head of the most important section of the Fenian Brotherhood in America, died in New York, on Monday, August, 9, after a lingering illness, from paralysis, with which he had been stricken some years ago, at Valparaiso, in Chili, to which Republic he had been accredited as United States Minister, by President Cleveland, during his first Father Gabrielle has been compelled to recovered from the effects of this attack, though his aplendid physique and fine constitution enabled him to resist for many years the inroads of the disease, which, slowly but surely, sapped the springs of life. Colonel Roberts was in his sixty-seventh year, and was a native of Mitchelstown, County Cork, Ireland. Being connected with the troubles of 1848 he had to depart for the United States in preference to arrest and a British Bastile. Arrived in New York he secured a position with the late A. T. Stewart, the millionaire dry goods man. Colonel Roberts, in was elected President of the "Knights of St. Patrick," which was then one of the leading Irish Societies of New York. At the Cincinnati Convention of the Fenian Brotherhood, in the same year, he was chosen a member of the Central Council of that body; and on the death of H. O'C. McCarthy, who Was President of the Council, he was office at the time of the great Philadel-Phis Convention, in the Fall of 1865, when the Fenian Senate was instituted, of which he was made President. When the division of the Fenian Brotherhood took place, in 1866, he was elected Presi-

dominion through lack of money to transport the troops to the frontier, and the intervention of the United States Government, under the direction or Secretary Seward. For his connection with that movement, Colonel Roberts was arrested by the Federal Government, and was confined for a time in Ludlow street Federal prison, in this city; but popular opinion was so strongly in his avor that he was speedily released, and the proceedings against him were quashed. He was subsequently, twice elected to Congress from the Fith District of New York.

M'KINLEY CAN ONLY FIGURE WHEN ME IS

The statement in the New York World that the new ten dollar treasury notes are to be adorned by the portrait of President McKinley is thus exploded by the New York Sun: -The World says that the portrait of President McKinley is to be put on the new \$10 treasury note. This is rubbish. The United States statutes say: "No portrait shall be placed upon any of the bonds, securities, notes, fractional or postal currency of the United States while the original of of such portrait is living." This law was adopted on April 7, 1866, after S. M. Clark, who was chief of the bureau of engraving and printing, had caused his own portrait to be put upon the five cent fractional currency note, and the portrait of George Washington on the three cent note of the same series.

SWEDES WHO HAD ELOPED.

Amanda Anderson and Magnus Nelson Stried, who arrived on the steamship Servia, while at the Immigration Bureau, announced their desire to be married. A Swedish minister who was called refused to perform the ceremony, and declared that no Swedish clergyman would do it. He had learned that Magnus had been engaged to another girl in Sweden and that the bans had been read for the third and last time, when Magnus fell in love with Amanda, one of the brides-maids elect. The law of Sweden requires a written release before a Swede, at this stage of his bethrothal, may have his freedom. The immigrants went to the City Hall to have a civil marriage performed.

AN IMPORTANT INSURANCE CASE.

John Russell in the Supreme Court vesterday issued an order directing Henry Winthrop Grey, receiver of the defunct United States Mutual Accident Association, to furnish a further bill of particulars in his suit as receiver against the United States. The suit was begun last Fall, and is for \$130,000, which Mr. Grey alleges was expended for the benefit of the defendants. The complaint alleges that money was borrowed upon the credit of the association, and expended for the benefit of the company to the amount sued for, the parties to this contract knowing that the Accident Association was then practically bankrupt.

MR. HAYS, OF THE G. T. R, TALKS TO A N. Y. TIMES REPORTER.

The New York times has the following:-" Unless the men have wholly forgotten the result of the last great railroad strike they will not attempt to discurs seriously a strike to aid the coal miners," said Charles M. Hays, President of the Grand Trunk Railway, at the Holland House yesterday. "This is what a refusal by railway employes to handle coal would mean. THE C. Y. M. N. U. CONVENTION.

A large number of the Roman Catholic clubs in this city and Brooklyn have held meetings at their respective clubhouses to perfect arrangements for attending the annual convention of the Catholic Young Men's National Union, which is comprised of the Young Men's Societies of the Roman Catholic Church in the United States, at Boston, Aug. 30. The convention will be held in Boston College, the leading Catholic institution of New England. The convention will last for two days. It will be formally opened by a parade of the delegates from the college to the Church of the Immaculate Conception, where a Mass will be said.

SAYING MASS IN A WAREHOUSE.

In an abandoned warehouse in Washington Street, north of Battery Place, this city, the well-known missionary, the Rev. Father Gabrielle, conducts re ligious services for the benefit of the Catholics in the Syrian colony, which is located in the vicinity, every Sunday morning. The congregation is too poor to pay for the erection of an edifice, and term of office. Col. Roberts never fully seek outside aid from the wealthy Catholies of this city for the maintenance of the temporary house of worship.

DR. WILLIAMS PINK PILIS GAIN ANOTHER GREAT VICTORY.

deed a happy tamily, although a few years ago a sadder household would be hard to find. Their happiness was not occasioned by the sudden obtaining of a fortune, but by something much more precious—the restoration to health of a wife and mother which everyone whisp ered that she must die. Our reporter heard of Mrs. Garrity's illness and cure, and for the beneat of our readers invest : gated the case; what he learned is well worth repeating. A few years ago Mr. Garrity kept a well known hotel at Cael terham and was known far and wide tor his kindness and hospitality, his wife, too, was noted for her amiability. However, she was stricken with a peculiar sickness, her he ith failed rapidly and from one him dred and forty neven pounds her weight became reduced to ninety five pounds. Fainting spels became irequest, and a continued pain in the back of her head almost drove her fr ntic. Physicians were in attendance, to t the doctors all will require every inch of space in all eald there was no hope. Mrs. Garrity saw death staring her in the sace, and the thought of leaving her little children. caused her much sadness. She was advised to try Dr. Williams' Pink Ville but thought they could not possibly do her any good when physicians and bated to alleviate her sufferings. Hoping, however, almost against hope, she pro cured a supply, and wonderful to relate she had not been taking Pink Pills long when the dreadful symptems of her ill ness began to pass away, and to day she is the picture of health. A few months ago Mrs. Carrity and family removed to Orangeville, and in conversation with our representative Mrs Garrity said:-I cannot find words to express my thankp-iness for what Dr. Williams' Pink fills have done for me. Why it is almost mir. enious. I wish that everyone who is suffering as I was will be ar of this remedy. We always keep a box of the Pink Pills in the house.
