bonus of \$20,000 to Rolland Brothers, to  
establish a manufactory of cabinet hard-  
ware, upholstery goods, etc. The firm is  
to employ 75 men and pay \$20,000 a year  
in wages."ESTABLISHED in the reign of  
George III.," says the legend of the  
shield, printed on the cover of a hand-  
some portfolio, sent out to its friends by  
the Atlas Assurance Company, of Lon-  
don, a well-known English Company,  
whose branch manager is Matthew C.  
Hinshaw, Montreal.HAVING been in the milling and  
grocery business in Sarnia for many  
years, W. H. Hill failed in July, 1891,  
and his creditors were then good enough  
to write off 70 per cent. Since then it  
has been a struggle and he again as-  
signs.—Andrew Laidlaw, formerly of  
the Woodstock firm of Patullo & Co.,  
publishers, removed to Galt in August,  
1892, and purchased the plant and "good-  
will" of the "Galt Reformer," and pros-  
pered for some time, until about 1896,  
when he invested some \$8,000 in new  
machinery and started a daily paper.  
This, with some outside investments, in  
mining stocks, etc., involved him, and  
now he has assigned.FOLLOWING frequent recent suits, con-  
sent to assign has been filed by F.  
Dubois, a Montreal saloonkeeper.—J.  
B. Bureau & Co., hotelkeepers, of the  
same city, are offering 25 cents on the  
dollar. Mr. Bureau failed before in 1896,  
owing \$13,000, and has since done busi-  
ness under cover of his wife's name.—  
W. A. Thouin, grocer, Montreal, who  
compromised liabilities of \$2,100 in May  
last, at 25 cents, is now obliged to as-  
sign.—P. D. Davignon, tobacconist,  
who assumed, in October last, the busi-  
ness formerly carried on under the style  
of Delfosse & Co., Montreal, in which  
firm he was a partner, has already as-  
signed to the Court.—A. Geoffrion, dit  
St. Jean, boots and shoes, has signified  
his consent to assign, owing \$8,037, of  
which \$4,700 is due in mortgage. For  
over 20 years he has done business in  
the St. Joseph suburbs of the city, but  
he has allowed his store to be a sort of  
lounging-place for the checker-players  
of the neighborhood, and the business  
has shown evidence of decline for some  
time past.**Rubber Stamp Talks No. 3**My experience in manufacturing rubber

Filing Invoices**Pronounced by those who are employing it, simpler,  
more convenient and more serviceable than any other.  
A new and time-saving application of elements more  
or less used in every up-to-date office.Copies of orders, records of arrivals of goods, and  
the invoices brought together in sets, adequately in-  
dexed and permanently bound in book form. Posting  
may be made direct to credit of Purchase Accounts,  
with daily, weekly or monthly summaries for charges.  
No journalizing necessary. Some of the more  
prominent features of the system include the following:

1. A strongly-bound book, and one of  
even thickness, whether holding 10 invoices  
or 1,000 invoices. Books may be large or  
small at pleasure.
2. Each record contains a copy of the  
order, the report of receiving clerk and the  
seller's invoice.
3. Copies of orders are presented serially  
according to their numbers. Leaves of book  
are regularly numbered.
4. Knowing the name of the seller or the  
number of the order or the date of the in-  
voice, the required place in the book is found  
instantly.
5. No special form of order is demanded,  
partial shipments, shipments of a single  
order distributed through a considerable  
period of time, or several orders combined  
in one shipment.
6. Full provision is made for recording  
the date of order or by date of invoice,  
by order numbers, or by names of sellers, by  
order numbers.
7. Always up-to-date. Less labor than by  
any other plan.
8. Book is built up progressively. No  
blank pages or dead stock to lift or carry  
around.
9. The "Acx" System is the bookkeeper's  
delight, because it saves labor, keeps every-  
thing shipshape and enables him to answer  
questions about invoices and prices instantly  
from the actual figures.
10. The "Acx" System is greatly enjoyed  
by the buyer as well as by the seller and  
business manager, because it instantly  
furnishes all required information about  
purchases and orders not otherwise obtainable  
by names of sellers, by order numbers,  
date of order or by date of invoice.
11. The "Acx" System employs cheaper  
equipment in view of the results accomplished  
than any other.
