Iron Piers and Trestles

Bridge Rods

Right and Left Hand
Sleeve NutsAnd all kinds of
Structural Iron Work

The cost of Metal Bridges for a term of years, is less than the cost of building repairing and replacing wooden bridges, and believing the only reason so many bridges are still built of wood to be that those who are charged with the duty of contracting for them are not aware how little difference there really is in the first cost of a good Iron or Steel Bridge and a well-built wooden one, of equal strength, we are at all times pleased for an opportunity to quote prices to officers of counties, cities and townships, so that they may intelligently compare the cost of metal and wooden bridges. To enable us to name prices closely we need information on the following points: Number of spans and length of each span. Width of roadway and number and width of footways and sidewalks. Kind of Lumber to be used for floor joists and plank and its value. Name of nearest R. R. Station and distance of bridge site from station. Depth of water at ordinary level and height of floor above water. Also strength and capacity of bridge required, if any particular strength has been determined on; or a general statement as to the nature of travel over the bridge, whether on a country road, a well-ballasted turnpike, or located in a village or city, and subject to heavy loads.

OFFICE AND WORKS: LACHINE LOCKS, P.Q. P.O. ADDRESS: MONTREAL, P.Q.

Be Your Own Lawyer

OR, TREASURES OF THE LAW OFFICE

Giving in condensed form the General Business
Laws of Canada.

The technical points and main features of the law, with hundreds of hints, cautions, warnings and suggestions, together with all the important legal and business documents—forming a work of ready reference for magistrates, bankers, professional and business men, land-owners, tenants, builders, contractors, etc.

The legal forms are all filled out in detail—signed and even sealed—thus serving as models, which any person can follow.

It is not a rehash of old laws and general legal principles, but it is detailed; every page crowded with vital law points—a reliable epitome of existing laws as they are in Canada to-day.

TO BE PERMANENTLY RELIABLE.

If those purchasing "Be Your Own Lawyer" will forward by post-card their name and post-office address to the publisher, whose name stands on the title page of the book, to be entered in a register, they can each year, about the first of June, for a small fee, obtain printed sheets giving the new legislation and whatever changes (if any) may have been made affecting any point in the book, thus keeping it

ALWAYS UP-TO-DATE.

It is the cheapest law book published in Canada and the only one that is an exhaustive summary of the vital law points and absolutely reliable.

It is printed in clear type, on heavy paper, a large quarto octavo page, substantially bound in dark green cloth and sold at the remarkably low price of \$1.50.

THE MUNICIPAL WORLD, St. Thomas.
