

British-Made Science Apparatus

In view of the demand throughout the Dominion for goods "Made in Canada," many teachers will be interested to know that Science Equipment is being manufactured at Toronto. Right in our own workshop experienced mechanics are producing Apparatus of a quality that will compare favorably with that imported from any other source. All the requirements of the authorized textbooks are embodied and improvements introduced wherever possible.

If you have not received our catalogue of Physical, Chemical and Biological Apparatus and would like to obtain a copy, write us at once.

—you are not
asked to pay
extra for this
great im-
provement.

NOTE THE NEW
Sanitary Standard

— of the —

PRESTON DESK

This is the most important innovation of recent years in connection with school desks and does away with the fancy dust-catching and unsanitary standards of the old style. It places the Preston Desk on an equality with any sanitary school desk made, with the added advantage of considerably lower price. Write us, stating your requirements and we will gladly furnish a quotation.
