

Government procurement:

- Information on the federal government electronic tendering service.
- A link to procurement opportunity notices.

Investing in Canada

Investment:

- The regime applicable to foreign direct investment. For instance, acquisition of control of a Canadian business by a non-Canadian is subject to governmental approval for businesses with assets over a certain amount.
- Information on investment in the cultural industries' sector.
- List of double-taxation agreements (DTAs) currently in force.

Services:

- Operational, licensing and qualification requirements for all types of professional services, such as legal, accounting, architectural and engineering services.
- An overview of the regime applicable to telecommunications, audio-visual and distribution services.
- Financial services regulations concerning foreign banks, branches and mutual insurance companies.

Going to Canada

Business Mobility:

- Policies governing business travel in Canada. For instance, under the 2002 *Immigration and Refugee Protection Act*, the definition of "business visitor" was changed to facilitate the entry of high-level skilled workers.

Customs Procedures:

- Details on the recently implemented risk-based border management processes, which include streamlined processing for preapproved low-risk travellers and traders.
- Information on the Canada-U.S. Smart Border Initiative.
